ROSSIP NEW CLUB ORGANIZES

Forsythe, a Varsity Rugby Player, Has His Leg Broken in Practice—Johnston Back at S.P.S.

The Elms held a large and enthusiastic Rugby meeting Monday night at their club rooms. The following officers were elected: Hon. president, W. B. Rogers; vice-president, G. Robinson; secretary, G. Jones; treasurer, C. Woods; secretary-treasurer, W. Simpson; manager, J. Scully; manager junior team, J. Titch. A large number of the boys have signed their intention to turn out with the Elms and red and a very successful season is promised.

The Elms will enter a Junior and senior team in the City Rugby League. F. Henry, who successfully managed the intermediate champion Elms of the Interassociation League this year, will manage the seniors, and the athletic committee will place a very confident in his ability, and J. Titch of the Juniors, to be a couple more championships to the club.

The managers of both teams request all players of both teams to turn out to practice every night this week. Anyone wishing to play with either team is also cordially invited to turn out.

Ray Forsythe, one of the candidates for Varsity III team, had his leg accidentally broken at practice yesterday. He was running with the ball, and after standing on two men, was tackled from behind, the two falling in a heap, his leg being twisted and broken. Ray is a son of J. K. Forsythe, who is a member of the C. L. A. executive.

Varsity put in a good practice last night on the campus, the school being up against the intermediates. Kennedy, McArthur and Southern constituted the back division of the champions.

Blackford, who played on the Hamilton team last year, is expected to play with Varsity. He will likely play against McGill Saturday.

Reifenstein was in uniform at Argonauts practice last night.

Argonaut wing line will make the Tigers go some Saturday. It is likely Guy Clark will play outside wing.

Charley Johnston, the sturdy scrumman of last year, is expected to play with the school and will be in the game Saturday against McGill.

Henderson and McLaughlin, who played on the back division of the Varsity team last year, are turning out to practice with Varsity II team.

The "Tigers' Rooters' Club" will be in full blast Saturday when Argos play in the Ambulance City. Wood, who played last year, will be in the game Saturday against McGill.

In the game with Peterboro last Saturday, Marlott, one of the Tigers, was hurt by coming in contact with Peterboro. The Tiger management have decided to put the player to a hospital of seven feet to avoid any possibility of the Peterboro accident.

An application was received from five young ladies for positions as waiters at the big game on Saturday. They suggested that if it would be a good idea, they would be glad to see that every unmarried man got a good seat. They were instructed to dress as neatly as possible and to be ready to be engaged.—Hamilton Spectator.

The following players of the Junior Argonauts are requested to turn out for practice at Varsity Field both Wednesday and Thursday nights, at 7:30: Thompson, Meredith, Scully, Hildy, Russell, A. Haight, Parker, Ross, Dwyer, J. K. Forsythe, Moyle, McKay, Taylor, Charles Jardine, Bizzay, Haight and any other whose names are omitted.

The intercollegiate Rugby football season will open in Toronto on Saturday afternoon, when the old-time rivals, McGill and Varsity, will meet in a championship match. College Rugby made great headway in Canada last autumn, and every indication points to a continuation of the success this year. Varsity will only win the championship of the league last year, but they won the Canadian championship. Their hard work, and the fact, therefore, in the performances of this year's team. The prospects are for a strong team, and Captain Jim Montgomery will line out a formidable aggregation to meet McGill.

The Trinity Rugby Club request all players out to practice tonight and Friday night in preparation for their game with Canada Life on Saturday afternoon, when they will likely be played on the Trinity College grounds. The Trinity point try and to make a different showing than they did a week ago in their opening game.

The schedule for the City Rugby League will be drawn up to-day.

King Clancy, than whom few in the Dominion know more about the fine points of Canadian football, was much in evidence at Saturday's game. Speaking in an Ottawa Free Press man, Mr. Clancy dilated upon the excellence of the play of the many means they afford for "clean" and "improved" football. They are a player and a spectator's point of view, and the only way to get the best out of an element of chance, which, formerly, was a feature and kept the on-lookers in suspense. Then, one could not say just where to look for the ball, but now one feels sure that it will go from the first quarter and then to the half. He felt, however, that the changes would otherwise more than compensate for the monotony of play referred to.

Biddy Barr was out to Varsity practice last night coaching the players.

The Broadview Intermediates are requested to turn out to practice to-night from 8:30 to 10 o'clock. The following players are requested to turn out: Chandler, Wallace, Plescher, Barkey, Le Seur, Leach, Summers, Murray, Gill, Graham, Blain and Rescor.

British United, A.C. Intermediates have an open game to-night at 8 o'clock, at the address, 425 West Queen-st. Toronto Football Club practice to-night at 8 o'clock, at the address, 425 West Queen-st. They would like to arrange a game for Saturday night at Christie and Du-Independent team. Address Frank McArthur, care of Purdy Mansell Co., West Adelaide-street.

The Gore Vales will practice to-night at Hamilton Park at 7 o'clock. The following players are requested to turn out: Newton, Rostance, Currie, Marable brothers. The national team will play at Christie and Crane, Dalziel, Curry, Leach, Johnston, Hiller, Redick, Taylor, Holmes, Hobbs, Sears, Frigate. Important meeting will be held after practice.

PASSENGER PREFERENCE.

(Canadian Associated Press Cable.) London, Oct. 9.—The Australian senate has passed the South Africa preferential-treaty, which has already been adopted by the house of representatives.

CALLS IT SHAMEFUL BETRAYAL OF NEWFOUNDLAND'S INTERESTS

Archbishop Howley Urges Appeal to Colonies to Join in Resisting Invasion of Rights—Bitter Feeling Against Downing Street Bureaucrats.

St. John's, Nfld., Oct. 9.—Popular anger against the modus vivendi arranged by the United States and British governments relating to the Newfoundland herring fishery is growing. There is a general feeling that the compromise arrived at was a back-down on the part of the British ministry.

Archbishop Howley, the Roman Catholic primate, speaking on Sunday at a parochial festival, declared the modus vivendi a shameful betrayal of the colony's interests, and advocated the despatch of delegates to England and Canada, and an appeal to all autonomous British colonies to join in resisting what he termed an unbecoming invasion of colonial rights.

Attorney-General Morris, speaking at the same function, stated that the colonial government was unaware of the terms of the modus vivendi, and had done everything within its power to protect the colony. The telegram, the premier's organ, ascribed the modus vivendi yesterday to the craven policy of timid Downing-street bureaucrats, and expressed the hope that the Newfoundland government will show the same resentment and spirit of determination and teach Little Englanders like Lord Elgin and Winston Churchill the same lesson that the colonists of Natal taught them when they tried to ride roughshod over the colony a few months ago.

PRESS OPINIONS.

(Canadian Associated Press Cable.) London, Oct. 9.—The Birmingham Post says Great Britain and the United States appear to have come to a reasonable agreement concerning the Newfoundland fisheries.

The Liverpool Courier says no community of interest has entered more from the moves and counter moves of politicians on the international chess board than the hardy and patriotic fisher folk of Newfoundland.

The Leader describes the Archbishop of St. John's declaration, "totally unreasonable and a shameful betrayal of the interests of Newfoundland as Billingsgate."

The Daily Gleaner declares the fishery arrangement to have fully justified the intense indignation with which it is regarded in Newfoundland. The allegation by the foreign office that there has been no earlier opportunity of dealing with the question must be mistaken, the present crisis dates back to April, 1905.

Referring to the Newfoundland crisis, The Morning Post again insists on the necessity of the foreign office, with armaments sufficient to give their diplomatic requirements the necessary backing, and that Canada has still much leeway to make up in the matter of defence before she could insist on such prominence being given to her interests as to secure the appointment of a Canadian secretary at Washington.

The Standard declares the present government has deserted the sound precedent established by the Newfoundland treaty of 1894, and has granted a totally unreasonable concession. It invites its readers to mark the operation of the principle of disintegration which inspired the Liberal government.

PENNA. R.R. CUTS ITS FARES

Railroad Will Sell 1000 Mile Tickets for \$20, Good West of Pittsburgh

Philadelphia, Oct. 9.—The Pennsylvania Railroad has announced that beginning Nov. 1 it will sell for \$20 a 1000 mile mileage book good for bearer over all its lines west of Pittsburgh, except on the Vandalla between Terre Haute, Ind., and St. Louis. This is a new feature, and the adoption of a flat two-cent passenger fare throughout central territory within a few weeks at most. It is the first action taken by any eastern line which affects the rate between Chicago and New York. In effect it cuts that rate on the Pennsylvania from \$20 to \$18.24 and puts the differential lines in a position to at once demand the two-cent rate, and reduce their rate to New York from \$18 to \$16.24.

The Erie ten days ago made an announcement similar to that of the Pennsylvania. It did not have equal significance, however, because the Erie is one of the weaker lines and the longest line in eastern territory between all competitive points, while the Pennsylvania is the strongest. The Erie lines and is the shortest one in this territory between most competitive points.

"It is," said a general passenger agent of one of the big eastern lines, "to talk about putting in a regular rate of two and one-half cents on Nov. 1 if the Pennsylvania is going to issue such a mileage book as it has announced. Nobody would afford to buy a mileage book would travel on tickets, and the two-cent rate ought to be made open to everybody."

The Pennsylvania's action practically puts the mileage bureau of the Central Passenger Association out of business. The mileage book now in use costs \$20, a rebate of \$10 being made when the book is returned.

When the Pennsylvania made an announcement that it would make a rate of two and one-half cents in Pennsylvania, west of Pittsburgh, fares had not been figured out. Then the Erie made a similar announcement that it would make a rate of two and one-half cents on Nov. 1, and from Ohio points on the Erie to and from Chicago in that state. The Erie has now got together with the Pennsylvania and the Central Passenger Association announced that this rate would be made effective throughout its territory east of the Illinois line. The rates on the two and one-half cent basis have not yet been figured out.

TO CAPTURE ENGLISH MARKET

U.S. Exporters Will Take Advantage of Short Apple Crop.

(Canadian Associated Press Cable.) London, Oct. 9.—It has been made known on the Liverpool fruit market that the American exporters will take advantage of the shortage in the Canadian apple crop to attempt the capture of the English market.

HEARST HAS HEARST? MUST LIVE UP TO HIS VOTE

Differences With "Leaders" May Cost Him Election—Republicans Have Gained.

New York, Oct. 9.—(Special.)—William Randolph Hearst, Democratic and Independence League candidate for governor, is back from his tour of speechmaking in the up-state counties, feeling sure that he will be elected in November. While with few exceptions, there were no great displays of enthusiasm at the county fairs at which he appeared, or in halls where he spoke, he came back with the confidence that the farmers, who are not demonstrative, were with him at heart.

Mr. Hearst got back to confront a situation locally that will need the patience and skill of a political genius to straighten out. There is no denying the fact that the problem is serious, especially for the Democrats, and if harmony cannot be brought about between the regular Democratic organizations in New York and King's counties and the Independence League on the matter of local nomination, the break will probably cost Mr. Hearst the election and the Independence League for presidential honors in 1908.

Cold truth, without bias of any kind, appears to be that some of his own manipulative personal ambitions and greed for office, have got him into the worst sort of a snarl with the organizations of the county, and how he can be elected without them is beyond the mind of the oldest political observer to fathom.

Must Get Democratic Votes. This is the practical side of the question with any regard to sentiment or what Mr. Hearst may have said in times gone by and under radically different circumstances, about certain matters. Whatever he may have herebefore he is now primarily the candidate of the Democratic party, and to Democratic critics, he must look for his votes.

No Democrat has ever or can hope to be elected without carrying the greater city by a tremendous plurality.

Since the last Democratic governor was elected the political divisions have been radically changed to the very great advantage of the Republicans.

The Democratic party of 1894 has made it impossible for a Democrat to carry the state, even when he wins by a big plurality in the city. The Democrats of the city by 85,000 in 1898, yet he was beaten by 17,000 by Theodore Roosevelt.

These figures are given to show that the party on the whole is not likely to get up a vote. Every one of the 53 counties is Republican, and as far as surface indications go, they are likely to remain so.

Knowing the actual facts disclosed by political history itself, including the services and the question of the ownership of Schoharie, is Republican, and as far as surface indications go, they are likely to remain so.

The situation now is radically different from that of last fall, when Mr. Hearst was the independent candidate for governor. He is now bound by no party ties of any kind, and thousands of voters are ready to support him who do not support the Republican party.

But this year Mr. Hearst is the candidate of the Democratic party, and the high official question of the bulk of the vote would, as usual, be cast on partisan lines.

Nevertheless, Hearst is handicapped in some respects. One of the disadvantages is that he is known to the people only for his work as a lawyer. He is not one of the great heroes of the Republican party as is Roosevelt and as was Odell.

The great rural population that Odell and Platt before him made so solidly Republican knows him not, and he has only short weeks to make their acquaintance.

Then, too, there is apathy among the rank and file of the party workers of the state who believe that the returns should go to the victors. They are not so sure in it for them it Hughes is elected.

In the few speeches he has made, however, Mr. Hearst has shown himself to be a very clever campaigner. His reception in Brooklyn must have gratified him greatly. His remarks on the original epigrammatic and dignified, and he displays a good sense of humor. Such expressions as "no government," "hearst," "the being caught up and passed along by a newspaper that support him."

REST OF TICKET FORGOTTEN.

Little or nothing is being said about the rest of the state ticket on either side. Whole interest at both conventions was centered on the heads of the tickets and the names of the candidates.

(Canadian Associated Press Cable.) London, Oct. 9.—A meeting of the executive of the Free Importation of Canadian Cattle Association, held at Glasgow, unanimously agreed to convene a general meeting of the association in London, with the object of taking a step to encourage the re-introduction in the house of commons of the Cairns bill in favor of free importation.

GETTING OFF IN A HURRY MAY COST GIRL HER LIFE

Lies Unconscious at Grace Hospital—Father Searching for Her When Told of Accident.

Only just a day before an elderly lady lay in almost a dying condition at the Western Hospital before her friends found her out. There was almost a repetition of the worry for the family in the case of Rosie Reither, a pretty 12-year-old, who is still in an unconscious condition in Grace Hospital. Her home is at 212 Chestnut-street, and she is another victim of hurriedly stepping out of a trolley car in the wrong way.

As far as can be learned, she boarded College and Yonge car No. 277 early in the evening and was chummy with a friend or two, who were riding a bicycle alongside. The bicyclist went ahead and the girl took a transfer up Spadina-avenue. When the car touched Spadina the bicyclist had gone a bit ahead. Motorman Pope had pulled his power off alight and conductor expected her to get out. She was not there in too much of a hurry and she toppled off the wrong way, landing on a trolley car in the wrong way.

Dr. R. J. Wilson, who sent her to the Grace Hospital and looked after her. She was unconscious when she was taken to the hospital. The crowd of spectators mourned as the girl with her red skirt and black golf was willingly carried to the hospital, only a block distant.

Near midnight last night a worrying man was scouring College-street, and he met Patrol Sergt. Sawden of the police. He asked if anything had been seen of his daughter. The sergeant told him he had seen her, and asked a description, which was verified when the found father was taken to the bedside of his child in Grace Hospital. The girl is in a bad way but may come around.

At 3 o'clock this morning she was still unconscious.

TAFI PROCLAIMS AMNESTY TO ALL OFFENDERS IN CUBA

Clears Way for Freedom of Action by C. E. Magoon, the New Governor.

Havana, Oct. 9.—Chas. E. Magoon, the newly appointed provisional governor of Cuba, arrived in Havana to-day.

Coinciding with his coming Governor Taft gave out a general decree proclaiming amnesty not only to the political offenders or crimes in any way connected with the revolution.

The much discussed question of the ownership of the horse used by the revolutionists was covered in a special decree issued to-night. It is expected that the amnesty proclamation will clear the way for greater freedom of action by Mr. Magoon, who will succeed Governor Taft on the latter's departure.

COLONIAL PLAN UNWORKABLE

Declares The Times, With Newfoundland Episode to Prove It.

(Canadian Associated Press Cable.) London, Oct. 9.—The Times referring to the fisheries crisis, is loth to believe that the foreign office has concluded an arrangement without communicating the terms to Newfoundland. It is clear, it says, that the colonial government should have been consulted at every step, and adds: "As things are, Newfoundland has the power to involve the empire in very serious international difficulties, without a proportionate responsibility. The episode is a striking illustration of the unworkable character of our colonial system."

TICKET 13 BRINGS DEATH.

Won Sailboat From Which Two Men Are Drowned.

Sydney, N. S. Oct. 9.—(Special.)—A drowning accident occurred at Point Tupper this morning about 11 o'clock, the victims being W. A. Anderson, 22 years old, I.C.R. night operator at Point Tupper, and Fred Porrier, a friend, 20 years old, a son of Captain Porrier. The young man started to sail across the strait in a boat. A squall struck the boat and it upset. A strange coincidence is that Anderson won the boat last week in a lottery, the number of his ticket being 13.

WILL TRY AGAIN.

(Canadian Associated Press Cable.) London, Oct. 9.—A meeting of the executive of the Free Importation of Canadian Cattle Association, held at Glasgow, unanimously agreed to convene a general meeting of the association in London, with the object of taking a step to encourage the re-introduction in the house of commons of the Cairns bill in favor of free importation.

THE SPECIAL CONSIGNMENT OF Oriental Rugs

Carpets, Palace Strips, Portieres, Antique Brassware, Etc.,

Which were displayed and admired during last week at the Massey Hall, could not all be disposed of at auction owing to the impossibility of occupying the hall any longer.
