

DISASTROUS COLLAPSE

Of Wonderland Building in Detroit.

Thirty-Five Men Buried in the Ruins, Eleven Dead Bodies Found—Many Injured.

Detroit, Nov. 7.—Shortly before 2 o'clock Saturday afternoon the entire interior iron framework, girders, roof supports, etc., of the new Wonderland building, corner of the Campus Martius and Monroe avenue, fell in without the slightest warning, crashing in a confused mass from one story to another, most of it reaching the ground level. There were in the building at the time of the collapse eight carpenters, four masons, ten plumbers and gas-fitters, two electricians and two helpers, four painters and six laborers. Nearly every workman was killed by the down fall of the building. The front wall of the building remained intact, but the east side wall bulged and threatened to fall.

Notwithstanding the latter danger, the work of rescuing the injured and taking the dead out was rushed, and good progress was made until 5:15, when the upper portion of the east wall fell, a shower of bricks striking around the crowd of laborers, officers and newspaper men, extinguishing the temporary electric lights and causing a stampede for the street. Fortunately none of those who were seriously injured. When the second crash occurred two more bodies were visible in the debris.

THE DEAD.

The dead are: August Sallach, laborer; Geo. W. White, tinner; Theo. Mortens, laborer; Martin Shater, painter; Cornelius McArron, laborer; Peter Pefilo, carpenter; Frank Wolf, tinner; James Gegerchke, laborer; August Janeschowski, laborer; John Schreski, laborer; and Max Pott.

THE INJURED.

Twenty workmen were injured, of whom two will probably die. Five others are missing. The cause of the catastrophe has not yet been definitely settled. All the injured at the hospital are today reported improving, except Edward Fisher, who is expected to die. A mass meeting of representative citizens was held yesterday in the mayor's office and over \$1,000 was subscribed for the relief of the families of those who were killed. The loss on the property was estimated today for the first time. It is believed that \$102,000 will entirely cover it.

A SURVIVOR'S EXPERIENCE.

Edward Hepe, of 139 Sixth street, who was working on the floor next to the roof, gives a graphic account of his experience. "The entire iron work seemed to sink at once," he said. "There was not a sound until I realized that it was going. I fell about 40 feet, and landed on a pile of debris on the ground floor. I struck on my side, and, strange to say, am not much hurt. From what I could see when the crash came, I think there must be a dozen or more of the poor fellows killed, and the Lord only knows how many hurt. I could see the poor fellows falling all around me, many of them with masses of iron on top of them. I think a lot of them who were struck by the iron work from above never knew what hurt them."

The work of taking out the dead, wounded and imprisoned men proceeded very rapidly after it was inaugurated. In less than 20 minutes eight or ten had been removed, and loaded into the ambulances, all of which were promptly on the scene. Of this number six were dead. Most of the bodies were brought down the ladders from the fourth and fifth stories by the firemen. They were pinned in among the girders and rods, which had lodged in all sorts of positions. Wm. Streeter, a painter, was cut out of the building from the ground floor, having extricated himself. Blood was pouring over his clothing from gashes about the head and face, and he presented a horrible spectacle. He was fainting when several men sprang to his assistance.

GIRLS ON A STRIKE

Employers Agree to Consider Demands and They Resume Work—The G. T. R. Telegraphers.

Zanesville, Nov. 7.—A short-lived strike occurred at the American caustic works. Two hundred girls became dissatisfied with the wages they were receiving, and made an organized demand for a uniform increase of 50 cents a week. The officers of the company did not become angry and seek to force their employees to submit to the present scale, but asked the girls to return to work and said that the matter would be taken up and increases of wages given where the work of the parties justified it. This was received satisfactorily by the employees, and they returned to work, and will continue until the matter is settled. The girls have been receiving from \$3 to \$5 a week.

THE TELEGRAPHERS' PLANS.

Montreal, Nov. 7.—Whatever the G. T. R. telegraphers are doing they are keeping quiet about it. The length of time consumed in formulating their grievances rather indicates that they are of a most important nature. At

the Grand Trunk offices the only statement made was that the company had not heard from the telegraphers, but it was gathered that a meeting would be held shortly. When questioned along that line the officials said simply that they had nothing to say.

BEHEADED HIM

Terrible Death of a Michigan Car Repairer.

Two Persons Dead and Another Nearly Past Recovery From Asphyxiation.

Muskegon, Mich., Nov. 7.—Edward Delange, a car repairer in the employ of the Chicago and West Michigan Railway Company here, met his horrible death Saturday afternoon in a most horrible manner. He was summoned to the yard to repair a car, and while under it, engaged in his work, it suddenly started up. The wheels caught the unfortunate man in the neck and completely severed his head from his body. Death was instantaneous. The man was 45 years of age and had been in the employ of the company about six years.

BLEW OUT THE GAS.

Easton, Nov. 7.—Two people dead, and another almost past recovery by inhaling illuminating gas was the record at police headquarters Saturday. W. Trubeau, 68 years old, who was on a visit here from Coaticook, Canada, was found dead in bed with the gas turned on at full force. He had been dead several hours, when his landlady broke into his room.

In Elliott street, Phillip Baff was found dead in bed, and his wife, who is 55 years old, was unconscious by his side. Baff was 75 years of age. The gas was escaping from a burner, which was only partially turned off. Medical assistance was called for Mrs. Baff, but slight hopes are entertained for her recovery.

BLEW OFF HIS FINGERS.

Niagara, Ont., Nov. 7.—John Taylor, a young man of this place, was out shooting when the gun he was using exploded, blowing off some of the fingers of his right hand and burning his face. The unfortunate man was taken to St. Catharines Hospital for treatment.

A FATAL RUNAWAY.

Elmira, Ont., Nov. 7.—A fatal accident occurred about three miles from here Saturday afternoon, on the farm of Henry Martin, in Wellesley township. A young man, Herman Beck, had been plowing at some distance from the house when the horse ran away. He was found in the lane with his neck broken, and died almost immediately after being removed to the house.

Hamilton, Nov. 7.—Miss J. Nugent, daughter of Mr. Wm. Nugent, No. 43 Tisdale street, was found dead in bed Saturday morning. She retired in apparently good health Friday night. Heart disease.

INSTANTLY KILLED.

Winnipeg, Nov. 7.—While Fred Hulme, aged 13, was playing with some companions on the street in Winnipeg a mortar-box fell on him killing him instantly.

SUDDEN DEATH.

Kingston, Ont., Nov. 7.—Robert Barr, aged 44, repairer for the G. N. W. Telegraph Company for the past 20 years, died suddenly Saturday morning while removing poles near Cate-raqui.

DEFICIT OF \$19,994,793.

Washington, Nov. 7.—The annual report of United States Treasury shows: Net ordinary revenues, \$405,821,335; increase over previous year, \$57,597,630; net ordinary expenditures, \$443,368,582; increase, \$77,594,423; deficiency, \$38,047,247; increase in deficit, \$19,994,793.

BURGLARS IN ST. THOMAS.

St. Thomas, Ont., Nov. 7.—An attempt was made to rob the vault of the Elgin Loan and Savings Company Friday night. Burglars obtained entrance to the basement through the cellar windows, and attempted to break through the 26-inch stone wall. They succeeded in breaking through 14 inches of wall, when apparently they were alarmed, and left hurriedly. No money was kept in the vault, excepting small amounts for change. A number of coats and other articles were taken.

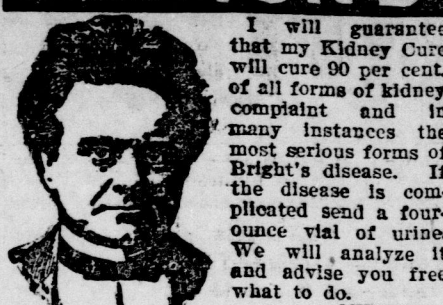

Steamship Arrivals.

Although a man and wife are looked upon as one, some wives consider their husbands very small fractions.

Edward W. R. Hurlburt, aged 25, died in the Emergency Hospital, Toronto, on Saturday, having been ill only 36 hours. Hurlburt's parents live in London, England. He held positions on the Montreal Herald, Peterboro Review and Toronto Mail.

MUNYON'S

KIDNEY CURE

WESTERN ONTARIO

Rev. Wm. Le Burtis Issues a Writ Against a Church.

A Ridgeway Pioneer Drops Dead—Burglars at South Easthope and Sarnia—Rev. Mr. Bray, of Exeter, Resigns.

An effort is being made at Sarnia to organize a new ferry company.

Brantford Orangemen celebrated the anniversary of Guy Fawkes on Saturday.

Bothwell ratepayers passed the electric light bylaw by a majority of 10 votes.

Peaches to the value of \$40,000 have been shipped from Leamington this season.

St. Thomas Catholic Club gave a most successful concert on Friday evening.

N. Smith has handled about 2,600 barrels of apples this fall for shipment to the old country.

Rev. Mr. Bray has resigned the incumbency of the Trinity Memorial Church at Exeter.

Mr. J. C. Barrows is the new postmaster at Blytheswood. He took control of the office on Wednesday.

Robert Reid, aged 70 years, engineer in Cutler's grist mill, Ridgeway, dropped dead on Wednesday of heart trouble.

Sandwich ratepayers will vote at the January elections on a proposition to bond the town for \$1,500 for waterworks extension.

Windsor's new voters' list will not be ready for the municipal elections in January. The last year's lists will have to be used.

Henry Marcotte, of Sandwich, reported to the authorities that some person had stolen a horse from his barn on Friday evening.

Mary A. Barrett, 14 years old, sister of Principal Barrett, of the Cameron avenue school, Windsor, died rather suddenly Saturday morning.

The Rev. Mr. Margett, of Watford, has been tendered a call from the Forest and Plympton Congregational Churches, which has been accepted.

On Sunday morning there passed peacefully away one of Ridgeway's young business men, Mr. John W. Whitman, after a long and lingering illness.

Magistrate Miller, of Warton, is up the peninsula looking for men carrying guns who have forgotten to carry their licenses.

A branch of the Merchants' Bank has been opened at Alvinston, in the county of Lambton, under the management of Mr. A. V. Spencer, until now manager of the Preston branch of the bank.

Mrs. John Smithson, of Woodstock, died at the residence of her daughter, Mrs. George Wilson, St. Thomas, after a short illness, of bronchitis, aged 30 years. She leaves besides her husband four children.

The residence of George Wittig, South Easthope, was broken into Thursday night and at the point of a revolver the intruders carried off considerable booty, though they did not get any money.

Mrs. Peter Gaurault, of Sandwich, has complained to Constable Masters that some persons visited her stable one night recently painting high colored stripes on her white horse. Constable Masters is looking for the culprit.

Some time during Tuesday afternoon some sneak thief entered the residence of R. W. Miller, Sarnia, says the Observer, and stole about \$25 worth of new clothing, consisting of overcoat, trousers, gloves and a number of other smaller articles.

By a recent court decision several members of the Select Knights, of Kingsville, will be called on to pay up six months' assessments. This is for the interim in which they were suspended before being expelled. The decision affords 1,500 in Canada.

Alex. Shuel, a farmer, of Colchester North, 75 years old, was last week married for the third time, his bride being a Mrs. Hamilton, of the same township. His first wife died about two years ago, and shortly after he married again. His second wife died nine weeks ago.

Woodstock Review: Two rooms are being furnished at a fair above the Moisons Bank, and they will be occupied over night by clerks. In the floor of the sleeping room, which is over the vault, a hole is being cut, so that the occupants of the room can look down into the bank. Since the robbery at Winnipeg the management of the bank is taking every precaution to prevent similar occurrences elsewhere.

Rev. William Le Burt's, of Woodstock, has issued a writ against the B. M. E. Church of that place. Plaintiff claims \$414 for back salary, and \$59 for work on the parsonage. The commencement of proceedings is the outcome of trouble that has existed between the reverend gentleman and some of his flock regarding the possession of the parsonage and other things. A defense will be filed, and the case will come up for trial in December.

TURKEYS IN DEMAND.

Ottawa, Nov. 7.—The minister of agriculture intimates that advice has been received from the agent in Great Britain of the department of agriculture, saying there is a good demand in Great Britain for well-fattened turkeys of good size. He advises the making of small shipments early in November. The turkeys are killed by the breaking of their necks, and they also bleed from the mouth. No cutting or mutilation is apparent on the outside. They are fasted for 48 hours before being killed. About eight ornamental feathers are left on each wing. In newly arrived cases the tail feathers are picked off. Turkeys which are nearly the same weight should be sorted into boxes together. Best quality in turkeys is needed only.

GONE UP IN SMOKE

Explosion and Fire Cause Heavy Loss in the U. S. Capitol.

Two Destructive Fires Wipe Out a Lot of Railway Property.

Sacramento, Cal., Nov. 7.—A fire, which broke out in the extensive shops of the Southern Pacific Railway Company today, caused a loss of over \$200,000. Fanned by a stiff northwest wind, the fire destroyed the structure and its machinery in less than half an hour. It next attacked the big saw and planing mills and cabinet shop, filled with seasoned lumber of all kinds, and in a few minutes the whole interior of the big structure was a raging furnace. The pattern shop was burned a year ago, with a loss of nearly half a million dollars.

Train No. 1, on the Central Railway, has been delayed about 26 hours by a fire in the snow sheds, and tunnel between Summit and Truckee. Much damage was done before the flames were subdued.

Washington, D. C., Nov. 7.—An explosion of gas, followed by fire, in the Capitol caused immense damage to the building. The library of the supreme court was almost destroyed.

The entire central part of the great marble pile, from the main floor to the subterranean basement, practically is a mass of ruins.

Fire followed the explosion so quickly as to seem practically simultaneous with it. The explosion shook the immense structure to its foundation, and was heard several squares away from the Capitol. Water practically destroyed the great collection of law reference books. The library contained about 20,000 volumes. The most serious damage in the opinion of the justices of the supreme court is to the records stored in the sub-basement. These included all of the records of the supreme court from 1732 to 1832. The loss will reach probably \$200,000 to the building. The loss on the library and records can scarcely be estimated in dollars and cents. One million dollars could not replace them, because many of them have no duplicates in existence.

MAJOR WALSH'S REPORT

His Ideas of How the Yukon Should Be Governed.

Ottawa, Nov. 7.—The report of Major Walsh on his year's administration of the Yukon, was issued Saturday. There are no recommendations in it regarding the royalty. The matter is dismissed with a paragraph stating that the miners considered it a severe tax, and they expressed hope that next year would see it removed. For the future government of the Yukon, he recommends the appointment of a council to consist of a commissioner and four appointed members to be selected from the population of the district, and the elected members to be returned from the district of Dawson, Stewart River, Pelley River and Hootallina River. He asks that a census be taken of the British subjects in the district and that none but these will be eligible to vote for the four representatives. Major Walsh does not see any objection to the officers of the government holding claims, and says that no difficulties had arisen from officers holding claims in the Yukon previous to 1897, and that they were not likely to follow any now. As for himself, he would rather buy claims than prospect and stake them. It would be cheaper in the end. He speaks of the wealth of the Yukon, which is good for many years, and regrets that the defeat of the Stikine and Teslin Lake Railway scheme by the senate was the means of driving away the trade of the Yukon from Canada to the United States. He asks that the government to hold this large trade for the Dominion.

THE SIMPLEST CURE FOR INDIGESTION

As Well as the Safest and Cheapest.

The new medical discovery, Stuart's Dyspepsia Tablets, DIGEST THE FOOD instead of making the worn-out stomach do all the work to give it a much-needed rest, and a CURE of dyspepsia is the natural result.

You get NOURISHMENT AND REST at the same time, because these Tablets will thoroughly digest all whole stomach food taken into the stomach.

WHETHER THE STOMACH WORKS OR NOT. A cure is certain to result because the digestive organs are given a chance to rest and recover their natural vigor and tone. The Tablets are then no longer required.

To show the manner in which the remedy acts on different people, and how quickly and effectually it cures stomach troubles we present a few recent cases.

Mr. J. O. Windly, of Peoria, Ill., writes: "I was unable to eat anything but the plainest food and even that often distressed me, but since using one box of Stuart's Dyspepsia Tablets I can eat anything and everything I want."

Mrs. Samuel Kepple, of Girty, Pa., writes: "I have been entirely relieved of my stomach troubles by your Tablets. I suffered three years with sour stomach and gas at night. I am thankful for them."

Mrs. A. E. Bowen, Barnard, Vt., writes: "I think Stuart's Dyspepsia Tablets are the best thing for dyspepsia I ever took. I will recommend them to anyone troubled as bad as I was."

Stuart's Dyspepsia Tablets will not disappoint because they cure dyspepsia surely and lastingly by causing the food to be properly assimilated, and cure constipation by producing the proper quantity of bile. Sold by all druggists at 50 cents per package. Send for free book on stomach diseases to Stuart Co., Marshall, Mich.

PASTOR AND PEOPLE PART.

Hamilton, Nov. 7.—A Congregational Church council was held in the Immanuel Congregational Church Friday afternoon to discuss the resignation of the Rev. W. H. Watson and his quarrel with H. J. Healey. Both these gentlemen were heard. It was decided to concur in the resignation of Mr. Watson, the resolution expressing the fullest confidence in his integrity and ability as a pastor, and regretting that he had received such unkind treatment. The council expressed the hope that the members of the church would put aside their recent differences and come together again in unity.
