Union Govt. Is Hanging On With Grip of Death; Opposition Is Confident

**Fifth Week of Session Opens
With Gloomy Prospects For
Administration — Govern-
ment Has Given Up Hope of
Winning By-elections.**

[Special to The Advertiser.]

OTTAWA, March 29.—The fifth week of the session opens with the Government forces determined to sit tight and hang together until by flux of time they are forced to go hence and be no more seen in public life. There is a decided unanimity on that point; there may be some who would like to go back to their old party allegiance, but even these realize that they have stayed too long with Union to be accepted by either of the two former parties, or by any of the new.

So they have made up their minds to hang on together until dissolution finally does come, and the people must be faced. It may safely be predicted that on no important question of policy on which the Government stakes its reputation will there be any considerable number of bolters during the present session, one reason being that the Government on all occasions will compromise where necessary to prevent cleavage, and the other that the number of bolters will always be carefully kept below that number which might endanger the existence of the administration.

Opposition Is Confident.
The fifth week of the session finds the Opposition, on the other hand, confident and in fighting trim. Hon. W. L. Mackenzie King, leader of the Opposition, has, by his masterly and aggressive speech on the address, and his equally masterly and aggressive exposition of Canada's status among the nations of the world, secured the undivided support of the men who head and has met the test of leadership splendidly. The acceptance by the Government on numerous questions of Liberal doctrine preached and practiced by Sir Wilfrid Laurier during his long career, has been emphasized by him on more than one occasion, and the vindication of the Liberal naval policy through the Jellicoe report has been received with keen gratification by those who were Sir Wilfrid's followers, and who are now led by Mr. King.

**If Breath Comes Hard,
If Nose Is Plugged,
You Have Catarrh**

Perhaps you haven't heard of the new remedy—it's so pleasant to use—fills the nose, throat and lungs with a healing balsamic vapor like the air of the pine woods. It's really a wonderful remedy—utilizes that marvelous antiseptic only found in the Blue Gum tree of Australia.

The name of this grand specific is Catarrhose, and you can't find its equal on earth for coughs, colds, catarrh or throat trouble. You see it's no longer necessary to drug the stomach—that spoils digestion—just simply inhale the balsamic essences of Catarrhose, which are so rich in healing that they drive out every trace of Catarrh in no time.

For speakers and singers and persons troubled with an irritable throat, bronchitis, asthma, catarrh or in gripe, Catarrhose is of inestimable value. The inhaler can be carried in your pocket and may be used at any time or in any place.

Large size, guaranteed, and sufficient for two months' use, costs \$1; smaller size, 50c; sample size, 25c. Sold by all storekeepers and druggists.

THEY IMITATE FRUIT FLAVORS

Many fruit flavors are mere imitations. They call them "reformed."

In Jiffy-Jell desserts the flavors come in liquid form, in vials. There's a bottle in each package.

The flavors are made by crushing fresh, ripe fruit. They are fruit-juice essences condensed.

You serve real fruit when you serve Jiffy-Jell. You get the delights and the healthfulness of fruit. And people need fruit daily.

But these bottled fruit flavors are found in Jiffy-Jell only. To get them you must ask for Jiffy-Jell and look for that name on the package. There are other desserts which sound like Jiffy-Jell, but they do not have these flavors.

Incline to Liberals.
Inevitably the members of the new Farmers' party are inclining towards the Liberals. In all matters of importance, so far, they have approved and backed the Liberal contentions, and it is becoming apparent that there is no important divergence of opinion between them and the Liberal party. In fact, it is becoming apparent to them evidently that the Liberal platform framed at the national convention of August, 1919, is for the benefit of the budget, of the people, and is national in its scope. It is anticipated, for instance, that the amendment of the budget will be moved by Hon. W. S. Fielding, the Opposition financial critic, and that the members of the Farmers' party will vote for it, and will not themselves initiate an amendment.

Has Given Up Hope.

The Government has given up hope of winning any of the three by-elections which take place on April 7. Neither in Kamouraska, nor in St. James have they put up a candidate. In Temiskaming there is a Unionist, and his chance, slim at the best, have, it is stated, been irretrievably injured by the presence in the platforms during the campaign of members of the Union Government, speaking in his support. In the meantime, the Maritime Provinces are without a representative in the Government. Messrs. Carver and Maclean having got out while the getting was good, and Sir Robert Borden, the absent premier, never really having represented any part of the Maritime Provinces in any case. As a consequence the interests of these provinces are being shamelessly neglected. By-elections are no safer for the Government than the others, however, than anywhere else, so a minister cannot be got with a spirit adventuresome enough to stand for election in the House.

In addition two and a half millions of people of the Dominion, namely the French-Canadians, are without representation on the cabinet. Hon. P. E. Blondin, postmaster-general, is handling his department from the Senate, since he was snowed under in two different constituencies at the last election he cannot be said to represent his people in the cabinet.

Nevertheless the Government has decided to hang on.

**LIBERALS CONFIDENT
OF VICTORY IN ALL
THREE BY-ELECTIONS**

OTTAWA, March 29.—(By Canadian Press).—With the date of three by-elections little more than a week away, April 7, much interest in the possible outcome in the constituencies is being shown by the members here. So far the Liberals are claiming that the result of the voting in the three seats will add to their strength in the House.

In Kamouraska, Ernest La Pointe's old seat, the feeling appears to be quite general that Adolphe Steen, Liberal, will be returned by acclamation. There has been no serious contention thus far. In St. James' division of Montreal, where the vacancy occurred through the death of L. A. Lapointe, the fight appears to be between Fernand Rivest, Liberal, and A. Mathieu, Liberal-Labor. In Temiskaming, where the vacancy occurred through the death of Hon. Francis Cochrane, former minister of railways, there is to be at least a three-cornered fight between Major G. W. Patten, Unionist; A. G. Slaght, Liberal; and Angus McDonald, Liberal-Labor.

P. O. There is rather a conservative population in this riding and the result will be in doubt until the last vote is counted.

BRANTFORD TO HAVE ONLY PASTEURIZED MILK SOLD IN CITY

Petition For Non-Pasteurized Cream Refused by Council.

BRANTFORD, March 29.—At the special meeting of the city council to-night a petition allowing the sale of unpasteurized cream was refused. A bylaw enforcing pasteurization goes into effect May 1, and four new pasteurization plants have been erected here.

The week of April 23 to 30, will be health and clean-up week here.

H. J. Symons was appointed to the housing commission, vice W. Weeks, removed from the city, and Ald. John Hill to the Brant sanitary board, vice E. L. Good, deceased.

The council by a vote of 11 to 2, lengthened the closing hours for fruit stores. From April to October they can stay open till 11 o'clock, and for the remainder of the year till 10 o'clock. This is an addition to the months of April and October to the period previously allowed. Notice was given that a bylaw to license fruit dealers would be brought in at the next council meeting.

Dr. A. R. Cuthbert (Lieut.-Col. C. A. V. C., with four years service) was appointed market inspector.

WAR STILL ON

OTTAWA, March 29.—(By Canadian Press).—Answering George Parent (Quebec West) in the Commons, Hon. C. J. Doherty, minister of justice, stated that the proclamation officially declaring that the war with Germany and Austria and their allies has ended will be issued when peace shall have been legally restored with the last of the enemy powers.

The Government has considered the matter of publishing such a proclamation, but the time for such has not yet arrived. Goods from Germany and Austria are not allowed to be received into Canada. Mr. Doherty stated, and the Government is informed that trade is being carried on between the inhabitants of Great Britain, France and the United States and the countries with which peace has been concluded.
