Cassidy & Co. ROOM 16B 43 Victoria Street

I have been filing my selections every day at The World Office for the last two weeks, so that when I open my office for the winter you will be able to see by my ad. what good information you will get by buying Cassidy & Co.'s Best Bet. I expect to open my office in a day or so, and as I know all the good, true, consistent horses that

will be racing at Oakland, Mexico and Jacksonville, and with my know-ledge of handicapping I am sure that I will be able to keep up my good work by handing out my one Best Bet a day, which I will warrant will average 75 per cent. winners during the winter. Will advise you to start in right away when you see my advertisement in The World, I do not misrepresent myself as some of the other folks do by handing out two or three a day, and should they be lucky enough to pick a winner, stick it in as being their best bet. I only give two a day; the first one being my Best Bet, and should it be scratched, then play the other as Best Bet. If you only knew how carefully Cassidy's Best Bet was figured out, you would be: all you ever saw on it. Now, I don't want you to do anything so foolish as that, as bad racing luck is apt to beat you. I want you to start right in you. I want you to start right in on some good system of progressing, or on a good flat bet a day, and you will be surprised to see how you will build up your bank

When you bet on a Cassidy horse you are betting on a good, honest, true, consistent horse, which is at his best form, and one which is owned by a man who is always trying, and that figures a length or more in front of all his field. Now, beat me if you can,
