Two good games are booked for Saturday night at the armories, when the 48th Highlanders meet the Stanley Barracks team at 8.15 sharp, and the Grenadiers meet the Cavairy team at 9.30 p.m.

The interprovincial game here to-morrow night at Mutual-street between the Mottreal Victorias and T.A.A.C. is arousing a lot of interest and already a large number of inquiries have been received at 139 Yonge-street, where the reserve seat plan goes on sale this morning. Victorias are bringing up their strongest team, with the exception of perhaps Russell Bowle, who has not yet recovered sell Bowle, who has not yet recovered from his injury, but it would not be surprising if the game was going against Victorias, if this crack player was not moved into the breach, as he was against

Committee Makes Cut of \$11,250 -Cest of Policemen's Helidays Estimated at \$36,900

A cut of \$11,250 was made by the parks and exhibition committee of the city council from the estimates for 1910, at the meeting yeseterday afternoon. This meant the wiping out of a number of the smaller proposed expenditures and the cutting in two of some of the larger appropriations. It looked for a time as if the \$12,000 alloted for the grading and sodding of the Exhibition Park boulevard would receive a severe pruning, but Controller Ward was on the job with arguments in favor of his pet scheme, and had \$10,000 appropriated. Controller Foster wanted to spend fust \$2000 for a top dressing. The proposal is to complete 1000 feet of crib work this year. A slight altercation took place be-tween Ald. McMurrich and the park

A slight altercation took place between Ald. McMurrich and the park commissioner, when the appropriation of \$1200 for completing new lion house at the Riverdale Zoo was under discussion. Referring to the \$5000 appropriation made last year for this purpose, Ald. McMurrich wanted to know what authority the commissioner had to transfer the money not expended to another account, and then come back for more money this year.

"The point I want to make is," said the alderman, "that money passed for a specific purpose should be spent as directed. The commissioner seems is be under the impression that he can transfer money as he wishes without the authority of this committee, and the sanction of the board of control."

Before dealing with this estimate the committee will receive a report from the commissioner as to what was done with the balance of money which was not expended on the cage and the

The committee adopted the name Withrow for the park on Logan-avenue, but cut the appropriation for improvements from \$4000 to \$2000.

Ald. May's suggestion ahat Vermont Park be turned into a supervised playground was opposed by the commissioner, but it is understood that the commissioner will see that ball players will not be allowed to monopolize the grounds to the exclusion of the younger children.

The committee allowed the estimate

The committee allowed the estimate of \$2500 for the repairing of the buildings at the old fort to stand, but cut out the appropriation for the restoration of the ramparts. It was stated by Mayor Geary at the meeting of the board of control yesterday that it would cost the city \$36,-

every week for 41 weeks.

The board recommended the following sales this morning:
