Strike in a Shipyard. Bay City, Wis., July 2.—Eight hundred men employed in E. W. Wheeler & Co.'s shipyard went out on a strike this morning. The rumor that Mr. J. N. McKendry had compromised with his creditors turns out to be unfounded. At the meeting of his creditors, held recently, Mr. McKendry of fered 55 cents on the dollar, 50 cents cash and the balance on time, unsecured, but this was refused. The salvage saved from the fire has been purchased for Mr. McKendry, who is actually, though not nominally, continuing the business. Mr. McKendry is therefore in charge of the store on King-street, where the salvage sale is going on. The salvage was valued at \$12,500, but a good deal of this has been disposed of, and the stock is now being replenished by fresh purchases. The difficulty the creditors and Mr. McKendry are having in reaching a compromise is over the claim of Mr. Henry Goulding for \$46. Business Embarrassments. The only feature is disposition of traders to cover and even up for holiday. The conservative element in Tobacco claim to have won a victory about the dividend, and say its affairs will be conducted now according to their ideas. Mointyre & Wardwell (John J. Dixon) received the following despatch to-day from their branch office in Chicago:

The wheat market was inclined to be firm at opening on better cables and higher stock market, but in absence of outside business and local buil talent doing nothing prices soon weakened and broke nearly ic, closing heavy. There was no large trade, and local bears were influenced by extreme weakness of provisions and decline in corn to sell wheat. There were no new crop reports. Cash demand light. Receivers and elevator concerns report that they are steadily buying new wheat every day in the country. It is estimated that over 1,000,000 bush have been bought to arrive this mouth. Receipts are beginning to increase. From present indications, it looks as if we will have dull and dragging markets during convention week.

Provisions—Opened steady and ruled dull for about an hour; then John Cudahy's brokers commenced selling pork, raiding market from \$7 down to \$6.75. Stop orders were numerous. Sept. lard was weak all day, selling down to \$5.25. Receipts of lard to-day are larger than shipments. Market closed steady at deciline.

The above Brewery, rebuilt in 1893, is pronounced by competent judges to be the most complete in Canada, and unsurpassed in America.

The refrigerating plant referred to in a former notice is now fully completed, together with the water tower, gradework, attemperators, refrigerators, etc., etc., all operated by the De La Vergue System, which is working admirably.

The public are cordially invited to call and inspect the various works, and we promise that they shall be well repaid as the above system is the most perfect in existence, and the only one, so far, erected in Canada.
