THE EVENING TIMES-STAR. SAINT JOHN, N. B., SATURDAY, DECEMBER 5, 1925

Grain Shipments Huge From Head of Lakes to U.S. Ports

Continued from Page 1.

told the company was doing some export trade through New York. On enquiry it was learned that such shipments are due to the same cause as many others—the lack of an adequate Canadian service to reach certain markets, as in East and West Africa and some far

"Our policy," said Mr. Bergin, "is to use Canadian ports to the limit of what the service provided will make possible. We are sending a shipment by the Roosevelt line through Saint John early this month. Your ports may rely absolutely on our fidelity to them."

Mr. Gregg added that the orders to spend all their money in

Canada were so rigid that the orders to spend an their money in Canada were so rigid that the purchasing agent had to give a clear reason for departure from that policy, such as that the required article could not be got in this country. Both these gentlemen talked with a keen interest about the Winnipeg Conference and the Maritimes in the Canada were gothered to the Maritimes in the Canada were so rigid that the conference and the Maritimes in the Canada were so rigid that the conference and the Maritimes in the Canada were so rigid that the conference were so rigid that the purchasing agent had to give a clear reason for departure from that policy, such as that the required article could not be got in this country. Both these gentlement talked with a keen interest about the Winnipeg Conference and the Maritimes in the conference were such as the conference and the Maritimes in the conference were such as the conference and the Maritimes in the conference were such as the conference and the Maritimes in the conference were such as the conference were su other parts of Canada, and suggested that a meeting of the coming Dominion Board of Trade be held there.

G. M. Duck, who is President of the Border Cities Chamber of Commerce as well as manager for the Canadian Salt Co., Ltd., informed me that all the company's exports went through Canadian ports. He also referred to the matter of coal supply, and said that while the increased duty on slack coal cost the company many thousands of dollars per year they had approved of the increase, believing it to be in the national interest. Mr. Duck also referred to the tariff generally, and held that adjustments should be made to meet special cases; while in connection with tariff legislation the differing effect in different divisions of the country should be taken into consideration. He had travelled over the country, he said, and realized the grave difficulty of an equitable tariff adjustment. Regarding the Winnipeg Conference, he said the Border Cities would welcome the new Dominion Board of Trade. The development of our national ports has his full sympathy.

Another proof that in New York our ports have a formidable competitor was given by R. J. Padgett, of the Canadian Postum Cereal Co., Ltd. He said they will be making shipments through Saint John this winter, but have to do a good deal of business through New York to get a satisfactory steamship service.

"We will not forget you," said Mr. Padgett," and if there were more services through your ports to markets we must regularly reach, we would use them more."

their exports must go through Canadian ports, but added that even when this was not the case they favored our own ports. Mr. Ladore showed a keen personal interest in the Maritime situation and asked many questions, expressing warm sympathy with the policy of building up the traffic of our own railways and ports.

Speaking again of Ford City, its building program this year was upwards of \$1,800,000. I saw the working staff of the Ford Company come out from work this evening, and the number of them that went home in their own Ford cars was amazing. The plant when running full time employs about five thousand people.

The city of Windsor has increased its population 300 per cent. since 1914. It is a very busy and pleasant place. Despite its growth, however, its business houses are constantly losing clerks and stenographers to Detroit, where higher salaries rule. Some thousands of Border Cities people go over to Detroit every day to work. Just now the question of another bridge to Detroit is before the people and will be voted on Dec. 7. The estimated cost is \$16,000,000.

I am indebted to Gordon Philip, successor to F. Maclure Sclanders, who has a host of friends here, for many courtesies extended at the Chamber of Commerce, and to J. E. Young, managing editor of the Border Cities Star, who has been most kind. The owner of this great newspaper, by the way, is W. F. Herman, a native of Bridgewater, N. S.

SAY "BAYER" when you buy-INSIST! Unless you see the "Bayer Cross" on tablets, you are not getting the genuine Bayer product proved safe by millions and prescribed by physicians over 25 years for

MR. JOLICOEUR TELLS HIS EXPERIENCE

Noel's Attorney To Appeal Case

NEW YORK, Dec. 5—Counsel for Harrison W. Noel, convicted slayer of Raymond Green, a chauffeur, of Montclair, and confessed murderer of Mary Daley, six, of Montclair, says that he will appeal to Chancellor Walker in Trenton for a writ of error.

If the writ is granted, the lawyer, William A. Wachenfeld of Newark, will carry the case to the State Supreme Court. If it is denied, he will go to the Court of Errors and Appeals, the highest tribunal of the state. The Court of Pardons on Tuesday refused

THE COURT FOR THE PARK OF PARK

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with croup and you want quick help try this reliable old home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex. Pour this into a 16-oz bottle and fill the bottle with plain granulated sugar syrup, or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes 16 ounces of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

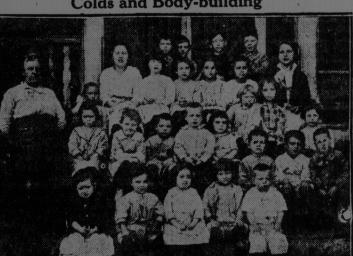

You can feel this take hold of cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing. Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds. There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

On Monday evening our meeting opened with Troop Leader Ronald Evans in charge. Scoutmaster T. A. Linton and Assistant Scoutmaster Wm. Edwards were both attending the leadlain and loved the hero, but that was ers' training course in the city. A good before movie heroes were invented.

WHERE MOTHERLESS CHILDREN ARE CARED FOR

Father John's Medicine is given for Coughs, Colds and Body-building

Matrons of Children's Homes, Mother Superiors of the Con-

Build Up Your Health

The Matron of the Children's Home in Lowell writes: "I have to be compared to be compared to be children, and the children's Home in Lowell writes: "I have to be compared to be children's Home in Lowell writes: "I have to be compared to be children's Home in Lowell writes: "I have to be compared to be compared to be children's Home, whenever they get cold or have a cough—Father John's Medicine gives prompt relief." Sister M. Fannie, of the Children's Home, Newburyport, writes: "We cheerfully endorse Father John's Medicine because in our Home it has become indispensable."

Mothers of large families can depend on Father John's Medi-cine to keep the children in good health. It is a safe medicine for children because it is absolutely free from alcohol and dangerous
