ONTARIO FRUIT TO MOTHERLAND

Hon. Manning W. Doherty Plans Visit to Old Country—Would Establish Four Big Storage Plants.

Hon. Manning Doherty, Ontario Minister of Agriculture, is planning to market Ontario fruit in Great Britain on a large scale. He will visit England and Scotland this fall if possible for investigating the possibility of doing so, and to investigate immigration. Mr. Creelman, the Agent-General of the province in England, has already planned an itinerary for him to speak in the rural municipalities.
"I am finding out now if it will be possible to have refrigerator space built so that we can load them at Lake Ontario ports with fruit and ship it straight to England," said Mr. Doherty. "It may be necessary to have a cooling place established where all the fruit for shipment can be concentrated until we have a sufficient quantity to ship. Refrigerators Overseas."
"If the scheme works out I propose to have refrigerators at London, Bristol, Cardiff and Hull. I will find out whether it would be better to lease stores at those ports, or if it would be worth while for the Ontario Government to build refrigerators. The Agent-General is busy investigating the possibilities now."
"There is a wonderful market for our fruit in England if we can get it over there. If the English consumer could get our fruit a little cheaper, and our producer could get a little more for it, we would produce more, and they would eat more of it."
Cause of Waste.
"Has the section of your department, which is supposed to provide against waste in fruit not fallen down this year?" Mr. Doherty was asked.
"The fruit crop is much larger than was expected. The real cause for the waste is the shortage of baskets and express cars. The burning of the basket factory at Oakville this year caused a serious shortage. We will have to establish some means of collecting used baskets. The waste in them causes the price of fruit to remain high."
Mr. Doherty thinks that the price of apples will prevent a serious waste in them this year. Last year tons of them were permitted to rot in the orchard.

MARQUIS OKUMA WILL TACKLE EQUALITY PROBLEM.
Tokio, Oct. 2.—(Associated Press).—According to the Asahi, Marquis Shigenobu Okuma, former premier, has decided to devote himself to awakening the Japanese people against "the unlawful attitude of California Americans."
Marquis Okuma continued, the Asahi says, by saying that if the California question were not remedied it would lead to a similar state of affairs in Canada, Australia, New Zealand and other British dominions.

PARIS MARKET FOR AUTOS GONE?

Paris, Oct. 1.—The Paris market for automobiles has broken. The big factories are reduced to the merest fractions of their former output.
When the war finished the thousands of persons who had waxed fat off war contracts rushed to buy cars. Prices shot skyward. Cars launched on wheels in price, if not value, almost overnight. Several big makers adopted the Ford idea and turned out cars at a tremendous rate. They were snapped up almost as quickly as they appeared. Then the French Government started auctioning off used United States cars. This broke the market for French cars slightly. Now it is gone.
The Delaunay Belleville factory has practically shut down. Peugeot, Delage, Renault and Paris-Javel are manufacturing only a fraction of their former output. The Government itself is finding an increasing difficulty in getting rid of the 18,000 United States cars of various makes that it still holds.

USING CHAPELS FOR POLITICAL CONSPIRACIES

Korean Police Keeping Sharp Watch on the Christian Churches.

Seoul, Korea, Sept. 1.—(A. P. Correspondent).—The semi-official Seoul Press prints an interview with a police department official asserting that some Korean places of Christian worship were still used as resorts by Korean political conspirators. The official declared that, as the result of recent arrests, the authorities will be obliged to keep an eye on Christian churches and chapel buildings.
An official statement says the decision is the outgrowth of the arrest of Dr. Yi Wonsik, a Korean medical practitioner and eleven other Koreans on the charge of secreting seditious literature from Shanghai in the compound of the Chongkyo chapel at Doyongdong, which

is in charge of Rev. Mr. Gardine, an American missionary of the Methodist Church South. Subsequently, it is charged, Yi Wonsik took refuge in the chapel at Inadong which is in charge of Rev. Mr. Clark of the North Presbyterian Mission, and concealed in the

Lowered Prices on

China and Cut Glass

The M. R. A. Ltd. store is offering a very timely sale of odd pieces of Limoges china, cut glass, porcelain and "Glasbik" wear. Just now when so many people are replenishing their homes after the summer vacation this event will be very welcome. Folks who are in no special need of any of the things included in this selling at the present time will find this a splendid opportunity to select a few dainty pieces for use at Christmas. Read over the advertisement and see the different things that are included.

Just before closing hour yesterday afternoon in the office of the Schofield Paper Company, Chipman Hill, Elmer A. Belding was called to the executive office where Rowland Frith, secretary-treasurer of the company, on behalf of the management and the office employees, presented to him a pair of engraved gold cuff links, expressing at the same time the regret that was felt upon Mr. Belding's departure and the good wishes entertained on his behalf for the future. Mr. Belding leaves this evening for Boston, where he will in future reside.

The sixty-five employing and journey-men electricians in the city are receiving notices from Barry Wilson, the city electrical inspector, that their licenses issued last year are renewable this year at the same rate as formerly. Under the by-law passed last year no electrical works, either repairing or installation, can be done in the city by a person who has not the necessary license from the inspector.
