## MURDER IN SYDNEY

Sydney, June 23—Infuriated because George Mapp started for the police station to obtain protection for his (Grant's) wife, Leonard Grant killed him with a revolver shot at 158 Tupper street this morning. He also fired at Mrs. Grant, but although she was only about three feet from him, he missed her, as she fell just as he fired. The revolver contained only two bullets, and the murderer was unable to complete his work.

The incident which led up to the shooting occurred in the kitchen, in which were Mr. and Mrs. Grant, Mapp and Albert Barrow. According to stories told by Mrs. Grant and Barrow, Grant had been abusing his wife for about three weeks. Mrs. Grant referred to a woman in Hankin street, whom Grant had been keeping. When the argument had reached the climax, Mapp left the kitchen stating that he was going to the police station to obtain protection for Mrs. Grant. He had reached the hall, when the murderer pulled the gun and shot him. The bullet entered Mapp's jaw and took an upward course.

### EMPLOYMENT QUESTION.

The employment question concerning the G. W. V. A. brought up by Major H. H. MacLean before the Board of Trade, a few days ago, was taken up yesterday at the board of trade meeting after the harbor commission matter had been discussed. M. E. Agar said that Premier Foster's plan was to have an advisory council consisting of nine members, three merchants, three manufacturers, and three from the labor council. It was resolved that the board of trade be authorized to select a committee to deal with this question which would work in conjunction with the G. W. V. A. and the soldiers' employment bureau.

RINEX SOLE

## A cheaper truck is Foolish Economy—a heavier truck Extravagance

ANALYSE the work your truck must do and you'll invest in the Maxwell. Because the Maxwell is the economical buy—from every angle.

Heavier trucks than the Maxwell there are. They cost more to buy—from 100 to 400 per cent more. They cost more to operate.

Yet they can do only 10 to 20 per cent more work. Obviously they do not give the same value as the Maxwell.

For the Maxwell is a ton-and-a-half job—will carry four out of every five loads conveyed by horse or motor. Ten foot loading space—big enough for a ton-and-a-half of sewer pipe, fifty bushels of wheat, or an overload of hay.

Lighter trucks than the Maxwell there are—trucks that take more time, more fuel to handle the same load as the Maxwell. And they lack the complete equipment of the Maxwell.

Even trucks that have the same capacity as the Maxwell cost several hundred dollars more. And specification data will prove to you that the Maxwell is through and through a better job.

The best scientific engineering brains on the continent have developed the Maxwell. It is not a mere assembled job. Quantity production on a sound manufacturing basis has kept its cost amazingly low.

Stingy with gas. Easy on tires. Power and stamina enough for Canadian roads. Built in Canada. Real service—anywhere in Canada.

See it and save. Use it and save.

## SAVE!

## Buy For Cash At Robertson's

When you borrow money at the bank, you pay interest for it and the bank demands security. When you buy groceries on credit, you borrow that groceryman's money in the form of groceries, and as he is not conducting, "willfully," a charitable institution, he must charge you interest.

Compare the prices you are paying with ROBERTSON'S prices and see how much interest he charges you.
