NEWS OF STEAMERS

The steamer St. George, which was
being towed across the Atlantic for the
service between St. John and Digby, ar-
rived in St. John's, Nfld., short of coal.
She had broken loose from her tug the
bay before and another towboat was
sent out to bring her in.

The steamer Diana, with Donald Mc-
Millan's Arctic expedition on board,
which went ashore in Belle Isle Straits
two weeks ago, arrived yesterday in St.
John's, Nfld. She will transfer her cargo
to her sister steamer Erik which will
proceed with the expedition.

The steamer Boettich which went
ashore at Point Rich on her way to
Hudson Bay arrived in Sydney, C. B.,
yesterday and will await orders regard-
ing repairs.

It is reported in Ottawa that a sub-
sidized line of steamers for carrying
grain will be ready for operation from
Port Nelson as soon as the Hudson Bay
railway is complete. A Collingwood ship-
ping firm is said to be buying a dozen
tramp steamers in England for this pur-
pose.

The British steamer Titan, from Ta-
coma, Seattle and Victoria, B. C., is re-
ported ashore at Jeddah.

AN IRISH LOVER

In spite of his passionate nature he
generally takes his defeat in love very
well. A young man was madly enamored
of a charming colleen who did not
favor his suit. One night the lassie had
to inform her passionate admirer that she
had plighted her troth to a more for-
tunate suitor. The rejected gossioner's
natural gallantry rose superior to all
other feelings, and he simply held her
hand and said—"Wish, then, that I wish
y'd been born twins, so that I could
have had half of yez."

"Jane seems in better spirits."

"Oh, yes. She's feeling good over the
fact that she passed her thirtieth birth-
day safely."

"B? Was she in any danger?"

"Not exactly. I mean that she passed
the day without anybody being unkind
enough to remember it."

HERS

"Every woman should have a hobby,"
asserted the Blue-stocking.

"I agree with you," said the Bride.

"What's your hobby?" questioned the
Blue-stocking.

"My hobby," answered the bride.

Steamer—Common Council Call

Conference on Mill Strike—Fair

Wage Petition This Afternoon

The outstanding differences between
the Canadian Pacific Railway and the
city of St. John concerning the com-
pany's claim for damages for the falling
in of the tracks on Union street, and
counter claims made by the city for the
damaging of berth No. 8 by the Empress
of Britain and failure to carry out cer-
tain improvements on the west side, were
finally settled yesterday by the council
when the mayor was given power to
sign an agreement with the C. P. R. that
both parties would mutually withdraw
their claims.

In accordance with a largely signed
petition the council decided to call a
meeting of representatives of the lumber-
mill owners and their employees at four
o'clock on Thursday afternoon to dis-
cuss a settlement of the strike.

Instead of erecting a monument to
the memory of a boy hero the commis-
sioners decided to receive subscriptions
for a fund to be presented to the moth-
ers of Sydney Fulton and Willie Col-
lin who were drowned at Westfield re-
cently. A box will be placed in the lo-
by at city hall and subscriptions will be
limited to sums of not more than one
dollar.

The commissioner of harbors, ferries
and public lands recommended that the
harbor master be authorized to provide
the Dominion Atlantic Railway with a
further space at the new pier wharf, suf-
ficient to moor their new steamer St.
George—about 112 feet—at an addi-
tional rental of \$500 per annum, or at
the same rate for any portion of a year,
and that he be further authorized to al-
low the use of the Anchor line wharf and
warehouse to the same company at
\$2,000 per annum, provided that their
steamers do not extend beyond the west-
ern end of the berth, and that all neces-
sary dredging be undertaken by the com-
pany, as well as all necessary repairs, and
that the company be held responsible for
any damage that may arise.

The commissioner of public works
recommended that an asphalt sidewalk
with concrete foundation and granite
curbing be placed on the north side of
Duke street in front of the premises of
Ames Holden McCready Ltd. at an es-
timated cost of \$196.40, half this to be
paid by the company as agreed by them.
Adopted.

On the recommendation of the same
commissioner, permission was granted to
the St. John Railway Company, to re-
move an electric light pole in front of
the Imperial Theatre to a point on the
line of the alley next Brown's dry goods
store and to erect a steel pole in front
of the company's barns on Wentworth
street.

The commissioner further recom-
mended that William Phinney be granted
permission to erect an electric sign extend-
ing over the sidewalk over his place of
business in Canterbury street, under the
usual conditions and upon his signing a
proper agreement.

The commissioner also recommended
that the work of paving Garden street
from Hazen to Colberg, at an estimated
cost of \$4,000, be proceeded with by the
department. Before the report was
adopted Commissioner Agar said that this
expense would have to be met out of
the appropriations for 1914.

He further recommended that the
recorder be instructed to take immediate
steps to compel William Burton to re-
move the concrete fence recently erected
by him and which encroaches on Xain
street. Adopted.

The commissioner of water and sewer-
age recommended that the tender of
Fred Nice at \$380 apiece for installing
the necessary stop cocks on the side-
walks of Gormala and Union streets be
accepted, as the lowest received. Com-
missioner Wigmore said that the placing
of the stop cocks on the sidewalks was
in pursuance of the department's policy
of having all stop cocks covered
streets with permanent pavement. The
tenders, he said, included excavating,
back filling and plumbing. The recom-
mendation was adopted.

The commissioner of finance and public
affairs recommended that the mayor
and Commissioner Agar be appointed re-
visors to revise in the present year the
voters lists for the members of the house
of assembly. Adopted.

Protest Against Laundry

A petition was received from residents
of the vicinity of Pitt and Union streets
protesting against the erection of a
steam laundry at the corner of those
streets, as contemplated by R. J. Ar-
strong. The petitioners held that the
erection of such a building in that quar-
ter, which was largely residential, would
depreciate the value of the property in
its vicinity. The matter was referred to
the commissioner of public safety.

A communication was received from
the Canada Cement Company to the ef-
fect that their tecture could be in this
city on August 6. It was decided to
write the company that this date would
be suitable. The lecture will deal with
the use of concrete and cement in road
construction and paving.

A report prepared by D. C. Clark on
the condition of the city wharf adjoin-
ing the south side of the eastern ferry
boats to the effect that the wharf is
gradually being undermined by the ferry
boat, was submitted by the commis-
sioner of harbors, ferries and public lands.

The council adjourned till this after-
noon when the request of the Trades
and Labor Council to have the fair wage
clause inserted in city contracts and other
matters will be considered.

Dandruff often rises from a low and
sluggish state of the constitution, so
that whilst you are curing the dandruff
you must try to build up your health
and keep it good. You must also bear
in mind that dandruff is catching and is
easily communicated from one child to
another by wearing one another's caps
and hats.

A few days of fog will do more dam-
age than a fortnight's frost to delicate
plants.

TRAINMEN SEND ULTIMATUM TO I. C. R. MANAGER

Halifax, July 28—Today President A. R.
Mosher, of the Canadian Brotherhood
of Railway Employees, addressed to Mr.
Gutelius, general manager of the Inter-
colonial railway, a letter in the nature
of an ultimatum from the men as re-
gards requests originally made months
ago, for an increase of pay and a re-
vision of rules.

In the event of a reply being unfavor-
able, a strike, involving some 2,500 men
and affecting the system from Cape
Breton to Montreal, will be ordered.

The ultimatum follows:
"F. P. Gaudet, General Manager Govern-
ment Railways, Moncton, July
28, 1911.

"Dear Sir:

"Owing to the very uncompromising
manner in which our committee was met
in their efforts to conclude schedule ne-
gotiations, and your final decision that
unless we agree to your wishes in re-
spect to the elimination of a large num-
ber of employees from the schedule now
governing certain classes of employees, all
the past work of the committee is can-
celled.

"I now beg to advise that an applica-
tion for a board of conciliation has been
forwarded to the Department of Labor
at Ottawa, and unless prompt action is
taken by that department or by your-
self to bring about a settlement at once,
the affected employees will leave their
employment in a body.

"Full authority to deal with all mat-
ters in dispute in whatever way we may
see fit, is now confined to the secretary
of the committee, Mr. McLean and my-
self. If you desire to arrange a settle-
ment we shall be pleased to make an
appointment with you.

Sincerely,
"A. R. MOSHER,
"Grand President."

MANITOBA WHEAT CUTTING TO BEGIN IN ABOUT A FORTNIGHT

Brandon, July 28—Cutting commenced
on the Brandon experimental farm this
morning. The field on which harvest-
ing operations was started, was a small
one of barley, it being an early variety
known as "Success."

The effect of splendid weather of the
past few days is now evident in wheat
fields of the Brandon district, and it is
calculated that under same conditions
prevailing, wheat cutting will be general
inside of two weeks. More rain, how-
ever, is needed to assist grain in forming
in the head.

H. L. Drayton, K. C., of Ottawa,
chairman of the Railway Commission,
will leave on Saturday for England to
take up the question of the control of
ocean rates with the imperial govern-
ment.

COL. GWATKIN CHOSEN RECENT WEDDINGS

Ottawa, July 28—Colonel W. G.
Gwatkin has been appointed chief staff
officer for Canada in succession to
Major General C. J. MacKenzie, who
recently retired from the post.

Colonel Gwatkin is an officer of the
British army, but he has been in the
service of Canada for the past six or
seven years. He has trained to the
Canadian work under General Sir Percy
Lake, and is thoroughly in sympathy
with the Canadian viewpoint. He is
known as a capable soldier, and it is
expected he will be able to fill the im-
portant Canadian post to which he has
just been named, without the friction
which has marked the administration of
some of his predecessors, notably Gen-
eral Hutton, Lord Dunsford and Gen-
eral MacKenzie.

"The August Regatta" Meaning "August Sales"

By J. R. HAMILTON
Former Advertising Manager, Wanamaker's, Philadelphia
(Copyrighted)

THERE is a good wind blowing your way, and every sale in
this city is under full canvas today

The Great August Sales Have Begun

There are dainty white sales with lace edgings and insertions
which make one hesitate whether to think of a yacht or a clothes-line.

There are furniture sales whirling along with the tide and fly-
ing price signals of distress.

There are piano sales, singing their swan song as they float along.
There are sales of suits and dresses and waists all flying the
colors of this great Clearance Event.

There are great hosiery and shoe sales that ought to be water-
proof, because they are no longer price-proof.

Can't you see what it means to you?
Can't you see what it means to your pocket-book?

Here are hundreds of thousands worth of merchandise being
thrown into the tide of this great summer event.

You can buy almost anything you can think of right now at
great big price reductions.

THAT IS—YOU CAN BUY AT PRICE REDUCTIONS, IF YOU
GO AT IT RIGHT.

The stores that are up-to-date—the stores that you can rely upon
to have all new merchandise in new season—such stores are adver-
tising their old stocks now and placing big reductions upon them to
make them move.

The other stores—the ones that do not advertise—are holding
their stocks for the highest price they will bring. They are under
no obligation to you to do otherwise. You may get some bargains
here and there, but the chances are, you will not.

So the way to do is to follow the advertising in this paper day-
by-day—to keep in touch with those stores that go on record with
their sales; the stores that put down in black and white the offers
they make and the things they intend to do.

Any shrewd family right now can double the buying power of
every dollar you spend, if you will simply watch this advertising
every day.
