

# THIS MONTH'S EVENT IN MISSION WORK

Further Particulars of the Convention to Be Held in St. John on Nov. 20, 21 and 22

The slogan of the men's missionary forces as epitomized by a world leader and Christian statesman, John R. Mott, is the evangelization of the world in this generation. To evangelize the world means, not necessarily to Christianize the world, but at least to give every man in every nation an adequate opportunity to hear the gospel in his own tongue.

To this end the Young People's Forward Movement, the Student Volunteer Movement, women's missionary boards and the Laymen's Missionary Movement, as well as the regular church missionary societies have been called into active service. No more business-like and aggressive agency than the Laymen's Missionary Movement has arisen in recent years. It has gripped the Christian business men of Canada and the United States in a remarkable manner in the last five years, it has placed the problem of evangelizing the world on a business and possible basis.

Many churches have achieved notable records in the raising of men and money. If there has been a weakness it has been the individual churches have not organized thoroughly their own local forces. With the solution of this problem in view, conventions are to be held in eleven Canadian centres, in which the great world leaders are participating.

The New Brunswick convention will open in St. John on November 20 at four p. m., with an address by Dr. Sydney Gould, general secretary M. S. C. C.

The evening meeting will open at eight o'clock, with Lieutenant Governor Tweedie in the chair. An address of welcome will be given by His Worship Mayor Frank and will be responded to by H. K. Caskey, general secretary of the Laymen's Missionary Movement in Canada. His Lordship Bishop Richardson will give an address on "This Province, its Opportunity and Responsibility."

The principal speaker at each of the meetings will be Sir Andrew Fraser, K. C. S. I., the outstanding figure in missionary circles the world over. He will take as his subject for this first meeting, "The Unfinished Task in non-Christian Lands." Other prominent speakers will be Rev. A. C. Farrell, associate secretary of missions in the Methodist church; Rev. J. G. Brown, D. D., of Toronto, general secretary of the Canadian Baptist foreign mission board. Registrations are coming in from the different sections of the province and the chances look good for a very large gathering here on November 20, 21, and 22.

# WHY I LOST MY JOB

Reasons Why Thousands Like Me Cannot Satisfy Their Employers

I believe my fate is not unlike that of thousands of other workers who daily lose their places for reasons they do not know, and probably would not believe. When their last pay envelope comes along, it is usually, "Your services no longer required." If the truth were known, the reason for their unceremonious removal would probably be that their usefulness was destroyed because of some mental or bodily ailment or general indisposition. These things, as we all know, are the most fruitful causes of failure in all walks of life. The battle of Waterloo was lost because of a headache. In this quick age our minds must be clear, rapid, active and free from outside influence or worry, or else we go down to failure with the throng of "boasters" who go from one place of employment to another, giving no satisfaction to others or to themselves, constantly growing older and less useful, and no credit to the nation.

Every man requires from his employer the best that is in him. He will take as his place of employment, that in which he can use or get the best that is in himself until he is first satisfied that all his faculties and powers are in the best of health.

That was my case. I was full of troubles. That's why I lost my job. My stomach in the first place was all out of order, and I was worried about it, and my mind grew cloudy, and now, I made mistakes, and grew grouchy, that was the end.

There are thousands like me, going about with "quick lunch" faces, despondent, nervous, and repulsive to everyone. No employer wants such men's services.

Take my advice. A healthy stomach is half the battle for keeping your mind clear, and your face rosy. I have a healthy stomach now and hold a good position, and my employer is satisfied, and so am I.

I started to take Stuart's Dyspepsia Tablets which I was told were good for the worst cases of indigestion and dyspepsia. The first two tablets made a wonderful difference in my condition.

One ingredient of Stuart's Dyspepsia Tablets digests 3,000 grains of food. The stomach doesn't have to work at all. The Tablets do all the work, no matter how heavy your meal.

Stuart's Dyspepsia Tablets cure brain, excitation, burning sensations, bloating, irritation, loss of appetite, nausea, heartburn, lack of energy, loss of memory and dyspepsia and indigestion in their very worst forms.

No other little tablets in the world can do so much. You should carry them around with you wherever you go and take them regularly after meals. Then you will realize what it is to be freed from stomach trouble, and have a clear disposition, comfort and rest. Get Stuart's Dyspepsia Tablets at any drug store for 25c a box. Send us your name and address today and we will at once send you by mail a sample package, free. Address P. A. Stuart, Co., 159 Stuart Bldg., Marshall, Mich.

The fellow who doesn't amount to much loses no time in letting us know it.

# THE HALIFAX BANQUET TO HON. R. L. BORDEN

Premier Says He Will Carry Out Promises — Makes Announcement of Policy

Halifax, Nov. 2.—The Conservatives of Halifax and of Nova Scotia had a great jubilation tonight at the banquet in honor of Hon. R. L. Borden. The company numbered 500, and at the main table with the prime minister were seven of his cabinet colleagues, all the Nova Scotia Conservative members of parliament and the members of the provincial legislature as well. Mr. Borden spoke for about three-quarters of an hour, in response to the toast with which his name was coupled.

He began by welcoming to the Conservative party Liberals who had voted against reciprocity. He argued that the result of the recent elections should not be construed as due to any hostile or unfriendly spirit to the United States. It was rather brought about by a determination to maintain complete control of their fiscal system and to mould their own destiny along the lines of a policy which has been pursued in this country for the past thirty years. Canada is an autonomous nation within the British empire and is closely and inseparably united to that empire by ties of kinship, of sentiment and of tradition, by the character of its institutions and by the free will of its people.

By the ties of kinship, by constant social and commercial intercourse, by proximity and mutual respect and good will, this country is closely associated with the United States.

"Canada's voice and influence should always be for harmony and not for discord between the empire and the great republic, and I believe, said Mr. Borden, that she will always be a bond of abiding friendship between them. I trust that the anniversary of 100 years of peace will be commemorated in the two countries with a deep and solemn sense of national responsibility, and that each will accomplish its destiny under the splendid inspiration of enduring and increasing friendship and good will."

Mr. Borden pledged himself to carry out all the promises made by himself while in opposition. He proposed to extend that reform of the civil service which, he said, the late administration carried out in part.

"So far as trade relations are concerned, we believe that the true idea of reciprocity can be found within the vast dominions of this empire. With its wonderful variety of natural and other products which can be exchanged to the mutual advantage of all."

Following Mr. Borden came speeches by the members of the cabinet who were present.

Mr. Borden was banqueted by the members of the Halifax Canadian Club today. He spoke on the resources of Nova Scotia and said he was confident that the minister of railways and the minister of marine and fisheries would fully recognize the importance of Halifax among Canada's Atlantic seaports.

# THE TREASURY BOARD

Insurance on New Ferry Boat—C. P. R. Asks \$8,000 From City—German Street Paving

The treasury board at their monthly meeting last evening, recommended to the common council that the insurance on the ferry steamer Governor Carleton be increased from \$2,000 to \$8,000 to protect the bonds issued against the steamer. Some of the residents of German street have refused to pay their assessments for the new paving until it is repaired, and the matter was referred to the recorder and the chamberlain to ascertain the liability of the property owners and report on the best course to be taken. The same officials were asked to report on the C. P. R. bill amounting to more than \$8,000 for expenses in connection with the paving of Union street, West St. John, at the time of the construction of No. 5 berth in 1908.

Ald. Hayes presided and there were present Ald. McCord, Wignane and Codner, the chamberlain, the comptroller and the common clerk.

A bill from Vassie & Co. for \$55 for material supplied for coronation decorations, was received. It was explained that the goods were ordered by R. J. Williams for the Polymorphan Club and the communication was ordered to be acknowledged and this information conveyed to Vassie & Co.

The application of Robert E. Mercer for a refund of his income tax was ordered filed and acknowledged.

Requests for renewal of their grants from the playgrounds and Free Kindergarten committees were ordered laid over until the January meeting.

R. Max McCarty wrote saying that he had been quoted by telephone from the chamberlain's office a wharfage rate of ten cents per thousand on bricks for the new armory. He had since been informed that the rate was twenty cents and asked the board to protect the rate granted. The amount involved is about \$40.

The common clerk said that he had notified Mr. McCarty to be present but the latter did not come. It was decided that the rate could not be departed from, and the common clerk was notified to convey this information to Mr. McCarty.

The Globe Publishing Company asked for settlement of two bills for advertising space of property for the city. The chamberlain explained that under the arrangement with the late Recorder Skinner the latter paid these bills out of his charges. He knew that this recorder had received no money in the Abel case as the sale did not take place, but could make no explanation of the bill for the Miller sale. The amounts were referred to the recorder and the chamberlain to investigate the city's liability in the matter.

**SUSSEX MATTERS.**—Sussex Record: It is understood that arrangements are being made for the erection of a modern garage in Sussex, which will be occupied by Tilley Meyer.

Things are commencing to stir in civic politics. Already there are a number of prospective candidates spoken of. It is understood that Ald. Perry will offer for mayor, and that W. D. Turner will be a candidate for ward 1. It is understood that Ald. Elliott will retire from the council.

**TEMPLE FAIR.**—At the Temple Fair this afternoon Children's Day will be observed. Interest in the fair is keen, and it has been a distinct success thus far. Robert Armstrong yesterday won the door prize with ticket 722. Other prize winners were C. Slanks, W. J. Devonne, Wm. Lingley, R. Coleman and Fred McAlary.

# AXE FALLS IN OTTAWA

Ottawa, Nov. 2.—The long expected fall of the official axe in the government workshops here is beginning to be felt. What is known as an "O. P." list is being drafted, it is rumored, and among the hundreds of employees in this branch of the outside service apprehension is felt as to who will be slaughtered for "offensive partisanship."

One of the changes already made is the removal of Foreman Painter Jacob Crandall to the rank of an ordinary painter. His place being taken by the promotion of a known, named Crozier, who has been in the service since before 1886.

J. G. Sheer, superintendent of buildings, mental transferred to a new position, in charge of buildings at Rideau Hall. His old post has not yet been filled.

A long list of dismissals is expected within a few days.

What some lack in backbone they make up in check.

# OBLIGED TO QUIT BUSINESS

So Dreadful Was the Suffering from Itching Piles.

After Twenty Years of Pile Torture Relief and Cure Came With DR. CHASE'S OINTMENT

You take no risk and you make no experiment when you use Dr. Chase's Ointment for piles. Many doctors still cling to the idea that nothing but an operation will effect a cure. But operations are expensive and dangerous, and often fail in their results. Some have been cured by Dr. Chase's Ointment after operations had failed.

Dr. Chase's Ointment has a wonderful record as a cure for piles and all itching skin diseases. There is also a ointment which was reported recently as being a cure for piles. Mr. John P. Marshall, 14 B. River road, St. John, N.B., writes: "I was troubled for twenty years I was troubled severely with itching piles; at times so bad that I was obliged to lay up, unable to attend to business."

"I tried many treatments without benefit, until accidentally I read of Dr. Chase's Ointment, and found at last a cure by using this ointment. I only used one box and pain of several years when I was completely cured, and have had no return of the piles. That was invaluable ointment."

Many sufferers from piles have tried so many courses of treatment, that they do not believe that cure is possible. In order to convince the skeptical we are always willing to send a sample box free to anyone who encloses a two-cent stamp to pay postage.

# SINGLE TAX FOR OTTAWA

Board of Trade President Favors it—Business Men to Take up Discussion of it.

Ottawa, Nov. 3.—Single taxation, or in other words taxation of land without any additional tax for improvements to buildings, was the question which the board of trade will consider at its next meeting in the course of a week or two days.

Authorities on the question are being secured to address the meeting on the subject.

George S. May, president of the board of trade, in speaking of the question said that he considered no sane business man would oppose the scheme. He explained that it would encourage men to improve their stores, and residences, as when the land vacant land would be too expensive to hold. It would do away with a lot of vacant property, he said.

"Sir James Whitney is opposed to this scheme," said Mr. May, "and he will now have to put it in his platform or get busy."

"However, the board of trade is not taking the question up for political purposes, but only on a business basis."

# "REASONABLE PROTECTION" IS CONSERVATIVE POLICY

New Finance Minister Makes Pro-nouncement at Ontario Meeting

Lansdowne, Ont., Nov. 2.—Hon. W. T. White, minister of finance, made here tonight his initial speech since becoming a member of the Borden ministry. It was on the occasion of the opening of his campaign for election to the commons for the County of Leeds, where George Taylor resigned to make way for him.

At the outset he expressed appreciation of Mr. Taylor's act. Continuing, he said in part:

"I have always believed in a policy of reasonable protection for Canada, including protection for the farmer, especially in such protection desirable for him during the constructive stage of a nation's development. Now we are in the midst of these prosperous conditions and I need not point out how careful we should be in taking any step or doing any act that might tend to change these conditions."

"Trade questions are exceedingly intricate and complex. They require the most careful study. Changes in the tariff at times such as these should not be lightly considered. Assurance of stability is required to give confidence to our manufacturers, our commercial men and our farmers."

"In other words, my conception is the stability of the tariff should be carefully considered in times of such prosperity as we now enjoy, we must make it the subject of constant study in order that as necessity arises it may be modified to meet the changing conditions of a constantly changing country."
