THE ASEPIC PLAN OF DOING BUSINESS IS THE ONLY PLAN OF ITS KIND IN CANADA.

It works itself out in this way: If you spend five cents you get a check worth one cent. If you spend twenty-five cents you get one worth five cents. If you spend \$1.00 you get one worth twenty-five cents. If your purchase amounts to \$5.00 you get one worth \$1.00 and so on. These goods we sell to you at the same price that our store would pay for them at any other store in the city. Instead of giving you a small profit we give you a check worth 20 cents for every \$1.00 you spend. We make no profit on the goods you purchase and pay for, while the goods you purchase afterwards with our checks are given you at the wholesale price. To get you to make the first purchase costs us something, while the second purchase, with our checks, you are bound to make from us. There is no selling expense attached to the latter.
