

Second Session.

The president J. Umbach in the chair.

The Committee on Missionary Report, reported as follows :

According to the report of the missionaries, they and their families were during the year with little exception blessed with health and endeavored with diligence and much denial to fulfil their holy mission. A goodly number have been converted to God, and the societies established for which we feel grateful to God. Especially have we reason for being hopeful, since the Sabbath schools are so prosperous on these missions. The borders were also extended. The new mission numbers 13 appointments, and according to the report of the missionary the prospect for success is good.

As to the support of the holy cause, we would say that a number of missions did nobly while others should have done better. In general the missionary contributions were reduced. The reverse should have been the case. If we are to do successful missionary work and to extend our borders, then we must not be limited by means. We hope our dear friends will realize this fact, and in the future assist us according to means.

The Committee to revise the constitution reported. The report was adopted.

The treasurer's report and that of the Auditing Committee was given and adopted.

(For report see page 61.)

Resolved, that the secretaries are instructed to revise the business rules.
