

A Number of Customers

Say to us every day. "You have the best value in Clothing to be had in St. John." These persons who make the remark are people who are careful buyers, and who have looked around at prices elsewhere.

Reader, we want your trade, try us, and we will undertake to make a customer of you.

FRASER, FRASER & CO : : 40 and 42 King Street, CHEAPSIDE, ST. JOHN.

OTTAWA.

Ottawa, July 17.—The civil servants got their pay checks today under the recent government's warrant. All authorities concur that the warrant was not legal. The act provides that the warrant can only issue in cases of unforeseen expenditures. Owing to the opposition last session the salaries could not be voted.

Some months ago Hon. Mr. Dickey gave permission to the correspondents of the liberal papers to procure advance copies of the militia general orders simultaneous with the correspondence of the conservative papers. To-day the conservative correspondents were sent off from access to the profits of the Canada Gazette.

The exports for the past year were the largest in the history of the country save one.

H. Allan of the Allan line and John Torrance of the Dominion line interviewed Hon. Mr. Laurier today regarding the fast Atlantic service.

Mr. Davies left for P. E. Island to-day to bring up his family to the capital.

Two hundred thousand of the new magazine rifle have been received at militia stores from England. It is probable that an extra series match with the new weapon will be included in the D. R. A. programme in order that its capabilities may be thoroughly tested by the trained shots of the country.

The first minister was shown a despatch this morning stating that he proposed visiting the old country this fall and the answer that he had made to the statement was that he knew nothing of the matter and had himself been first informed of it when he saw it in print.

"To the victors belong the spoils." Tomorrow eighty-five employees of the public works department are to get their walking tickets.

Frank Forbes, M. P., has accepted the Chiltern Hundreds of Canada, a landing watership of customs, in order to free himself from the representation of Quebec in the new minister, to run in that constituency.

Montreal, July 17.—The following despatch was received today by the commodore of the St. Lawrence Yacht club.

Toronto, N. S., July 17.—Accept my congratulations. The pique captain of the Glencairn and the Royal St. Lawrence Yacht club will long live in the hearts of the Canadian people.

Hon. J. I. Tarte has at last decided to contest Itherville and St. John's, the present member, Béchard, adopting a seat in the senate for De Lorimier division.

The warships Intrepid and Tartar will leave port tomorrow.

Ottawa, July 19.—The liberal organ in this city, the Free Press, is quite in line on the "Spoils to the victors" theory. In its issue yesterday it says: "The liberal ministers are bound to clear out abuses that they criticized when in opposition. The government work shop on Wellington street was one of the first of these things that had been thought worth looking after and eighty-five of the hands who did carpentering and general work will not be required after today. The government printing bureau has been one of the institutions that never came up to their expectations. A great deal of money was sunk in it when the government decided on doing its own printing and since then it has been pointed out that it scarcely paid for itself. The new printing bureau is to be a model of economy and efficiency. The new government is bound to keep down the expenditure and it is heard in some quarters that they may see fit to get the bureau off their hands."

A suggestion that the coming session of parliament and session be adjourned after the estimates are passed instead of prorogued, does not meet with the approbation of the liberal members, as it would mean the receipt of \$1,000 instead of \$2,000.

Miss Mary Tupper, daughter of Stewart Tupper of Winnipeg, will accompany Lady Tupper to Canada next month, and will make her debut in Canadian society this winter.

Hon. Mr. Laurier and Mme. Laurier have taken Major Chapleau's house on O'Connor street for the months of July and August.

The exports for 1896 total \$118,140,504, an increase of \$7,500,000, the highest amount in the history of the country with the exception of one year. The imports total \$110,587,808, an increase of exactly \$5,000,000. The customs revenue for the year reaches a total of \$20,172,778, an increase of \$2,550,000.

The ministers are rapidly dispersing to their several constituencies and to-day only two are to be found in the city, the premier and Hon. Mr. Scott. It will be the first week in August before the cabinet re-assembles to prepare for the session. Mr. Tarte went to Montreal yesterday. He sent a chill through the public works department during the day by calling for a detailed list of employees, specifying the length of service, duties they perform, etc. This, it is believed, is preliminary to further reorganizations.

The liberal organ here, the Free Press, has the following: "It is understood that Sir Oliver Mowat is not disposed to see the legal profession made ridiculous by a number of persons unfit alike for personality and status at the bar sporting the distinction of Q. C. The list recently presented to the governor general is to be revised and wisely so."

Your correspondent is in a position to state that Sir Oliver's action goes beyond mere revision. He has recommended that the entire list be cancelled. Inasmuch, however, as the governor general has approved the list it is

difficult to see how his excellency will stultify himself by withdrawing his approval on mere dixit of little Oliver.

Premier Laurier left for Quebec this morning, but will return here on Tuesday. On Saturday next he will open the ball in St. John and Itherville in favor of Israel Tarte's candidature. The minister of public works returned to Ottawa tonight.

Ottawa, July 20.—Hon. Messrs. Scott and Tarte were the only two ministers in town today. The minister of public works put in another good day's work in his department. He says it will be some little time yet before he gets the run of things. He denies that any dissimulations have actually taken place from the department, but intimates that the staff requires overhauling. At present there are over one hundred clerks on the permanent list, some of whom have been in the service of the government over twenty years. Practically all the work on the canal extensions is now at a standstill owing to no appropriations being available. About the only contract on which anything is being done is the Ouderdonk section at Trent canal.

The operations at the government fish hatcheries this spring are reported to be the most successful on record.

The government has ordered an appeal to be entered against Judge Burdidge's award to Geo. Goodwin for extras on the Southlands canal.

The D. R. A. programme is out today. The cash prizes total \$7,000. Cups and prizes in kind are also offered.

Hon. Mr. Laurier will announce the government policy at the coming speeches at St. John's and Itherville at the end of the week.

A report was current in the city tonight that Hon. Mr. Laurier's hurried visit to Quebec was with the object of meeting prominent Irish Catholic liberals and endeavoring to reconcile them to the cabinet as it now exists. Seemingly Messrs. Devlin and McShane's friends are not yet pacified, although neither was in the race for a portfolio from the start.

Lieut. D. I. V. Easton of the Ottawa field battery has received an appointment in the permanent corps and has been assigned to the R. R. C. Infantry, Fredericton, N. B.

NATURE SLOWLY MAKES READY

You have probably never seen a volcano in eruption. It is a magnificent spectacle. Where is the volcano of the red-hot lava come from? Nobody can tell, except that they come from somewhere down deep in the earth. But one thing we know, namely, that eruptions of any one volcano are far apart. Between eruptions the volcano is quiet and the lava is preparing for the tremendous demonstration.

Just so it is with all her processes. In the cold of winter she is arranging the forces which are to make the heat and the harvests of the following summer.

From May, 1890, to February, 1892, is a period of twenty-one months. Two dates will long remain clear in the mind of Mrs. Martha Bowles, of 182 1/2 King's Road, West, Montreal, who has been in the business of carpentering and general work will not be required after today. The government printing bureau has been one of the institutions that never came up to their expectations. A great deal of money was sunk in it when the government decided on doing its own printing and since then it has been pointed out that it scarcely paid for itself. The new printing bureau is to be a model of economy and efficiency. The new government is bound to keep down the expenditure and it is heard in some quarters that they may see fit to get the bureau off their hands."

A suggestion that the coming session of parliament and session be adjourned after the estimates are passed instead of prorogued, does not meet with the approbation of the liberal members, as it would mean the receipt of \$1,000 instead of \$2,000.

Miss Mary Tupper, daughter of Stewart Tupper of Winnipeg, will accompany Lady Tupper to Canada next month, and will make her debut in Canadian society this winter.

Hon. Mr. Laurier and Mme. Laurier have taken Major Chapleau's house on O'Connor street for the months of July and August.

The exports for 1896 total \$118,140,504, an increase of \$7,500,000, the highest amount in the history of the country with the exception of one year. The imports total \$110,587,808, an increase of exactly \$5,000,000. The customs revenue for the year reaches a total of \$20,172,778, an increase of \$2,550,000.

The ministers are rapidly dispersing to their several constituencies and to-day only two are to be found in the city, the premier and Hon. Mr. Scott. It will be the first week in August before the cabinet re-assembles to prepare for the session. Mr. Tarte went to Montreal yesterday. He sent a chill through the public works department during the day by calling for a detailed list of employees, specifying the length of service, duties they perform, etc. This, it is believed, is preliminary to further reorganizations.

The liberal organ here, the Free Press, has the following: "It is understood that Sir Oliver Mowat is not disposed to see the legal profession made ridiculous by a number of persons unfit alike for personality and status at the bar sporting the distinction of Q. C. The list recently presented to the governor general is to be revised and wisely so."

Your correspondent is in a position to state that Sir Oliver's action goes beyond mere revision. He has recommended that the entire list be cancelled. Inasmuch, however, as the governor general has approved the list it is

extended across the stomach. For hours together I was in the greatest agony. What I suffered is best described. When the pain ceased a little I was cold as death and shivered until the bed shook under me. I had not iron plates applied to my feet, and held hot irons in my hands, but nothing gave me much relief. My stomach was so irritable that I could keep no food on it. I was now confined to my bed, and the doctor attending me said I was passing gall stones. He wanted me to go to Swansea hospital and be operated upon, but I was afraid I might not live through it.

"I next had two other doctors from Montreal and also three from Swansea, who all gave me medicines, and said nothing more could be done for me. For six months I lay in bed undergoing the greatest agony. Never free from pain more than two or three hours at a time. During the whole of this time I was fed on nothing but milk and water. I had scarcely any life or strength left in me. All who saw me said I never could get up again, and that I was a lost case."

"I lingered on like this until August, 1892, when my daughter brought me a book telling of Mother Seigel's Curative Syrup. In this book she cured a case like mine having been cured by the medicine. My husband said: 'Mrs. Bowles, I never thought to see you alive.' I said, 'Mother Seigel's Syrup saved my life.' You may publish my case, and I will gladly answer inquiries. (Signed), Martha Bowles."

This case—one of acute indigestion and dyspepsia, with liver and kidney complaints—is well known in the district. The lady's husband is a gardener, well known and respected.

Do we need to point out the moral of this wonderful cure? No. You can see it for yourself.

TELEGRAPHIC.

ONTARIO.

Perry Sound, Ont., July 19.—Judge Fries has sentenced Hanchett, the murderer of James Mullin, of Saguin Falls, to be hanged October 16th. The prisoner said he was not guilty, but was glad he had three months longer to live.

QUEBEC.

Quebec, July 20.—Hon. Mr. Laurier was engaged all morning with local politicians, and leaves this afternoon for Arthabaska and Itherville. He came down to Quebec to be present at the ceremony of administering the oath to Hon. Messrs. Blair and Fielding, who were sworn in office at one o'clock this afternoon before his excellency at the vice-regal quarters at the Citadel.

Montreal, July 20.—Sir Adolphe Caron has been making a tour of the various parishes of the new constituency of St. Maurice and Three Rivers, which returned him to the house, to check the electors. His two last meetings were at St. Barnabe and St. Bevere. Sir Adolphe is full of fight, and he is determined to do all he can to reverse the verdict of June 23rd.

Sir Adolphe stated that several of Mr. Laurier's ministers are to be opposed in Ontario and the maritime provinces, and probably one or two in Quebec, including Sir Henri Gault of Lotbiniere in Portneuf.

MANITOBA.

Winnipeg, Man., July 19.—A report has reached the Winnipeg grain exchange from Montreal that the Manitoba wheat crop this year would yield only from twelve to fifteen million bushels, compared with thirty million last year.

In the first place it is stated, without any doubt whatever, that the crop of last year was very close to forty millions, so that with one half of last year's crop, Manitoba would have 20,000,000 bushels this season. Anyone who is posted on the situation is satisfied that this year the province will place it at from sixty to seventy per cent. While the crop in the Red River valley is without doubt far short of last season, owing to the excessive rains, yet the balance of the province will almost make up for the shortage of this district. At many points in Western Manitoba there will not doubt be a larger yield than even last year.

Several members of the grain exchange were asked their opinions on the report from Montreal. The unanimous opinion was that the yield was greatly underestimated. The exhibition opens on Tuesday with a larger entry list than ever in the exhibition's history. The city is already filling up with visitors and the hotels are crowded. The settlers in the Bella Cooles country threaten to pull out of the country unless the government redeems its promise of giving them railway facilities.

Winnipeg, July 20.—Winnipeg's creek four or five rows of leaves for Lake Minnetonka tomorrow to compete in the Northwestern regatta. On the 6th and 7th of August they will pull at the Canadian regatta at Brookville, and go to Saratoga for the 12th and 13th.

Winnipeg is overflowing with visitors from all parts of the great west, attracted by the provincial exposition, which will be formally opened tomorrow by Governor Patterson.

There is a rumor that Premier Greenway, Attorney General Sifton and Provincial Secretary Cameron will shortly go east to have a conference with Mr. Laurier on the Quebec question. Cameron is already on his way east. The premier and attorney general admitted they would shortly take a trip, but declared it would simply be a summer holiday jaunt.

The Liberals of Saskatchewan are divided over Mr. Laurier's request that they allow Mr. Patterson of Montreal to become their representative. Most of them think that if Laurier will not represent them they should have a local man, and several prominent Liberals are eager to run.

Wm. Hamilton Gibson, the artist and author, died suddenly of apoplexy at Washington, Conn., on the 16th.

ACROSS THE BAY

The Digby Saltstons Decide to Close Their Offices on Saturday.

New Schooner for the West India Trade The Tourist Arrivals Yesterday.

Digby, July 18.—Capt. Joseph D. Payson of Westport has given John A. McGowan, the well known ship-builder of Shelburne, an order to build a steamer of 72 feet keel, 17 feet beam and 7 feet depth of hold. The boat is to be used for freighting, towing and other purposes on St. Mary's Bay.

A sad drowning accident occurred at Turnbull & Dunn's mill, near here, at 8 o'clock this morning. Walter Ross, a young man well known about town, was the victim. It seems that Ross was attending to some logs in a skiff and the boat accidentally capsize, throwing its occupants into the lake. Eye witnesses of the accident were too late in rendering assistance. The body has been recovered and an inquest will be held.

Fishing scho. Charles Haskell, Capt. Howard Anderson, arrived last night down the bay and hails for 80,000 lbs. of hake, haddock and cod. Captain Anderson says the troublesome dogfish have made their appearance.

Charities are retelling here today: 25 cents per box.

The tourist arrivals at the Royal today included J. Harden, Jr., Irving H. Bower, New York; C. H. Candy, W. H. Ballard, Charles R. Ruketson, W. R. Plummer, Boston; J. Oppenheimer, J. R. Truich, St. John's, Mass.; At the Myrtle, A. Bendelari, Brooklyn; Mr. and Mrs. M. Pratt, and Mrs. Mrs. Jos. Larocque, Jr., Miss Morgan, A. Gordon Norris, New York; Mr. and Mrs. C. A. Slightner, T. A. McGraw, Jr., Detroit; E. F. Oakley and wife, Harting, Chicago.

W. C. King, Chipman, N. B.; Harry A. Stone and Wm. J. Hurd of Boston are at the Burnham.

Miss F. Ackerman, Brooklyn; W. C. McFarlane and J. R. Dunlop of St. John are among today's arrivals at Short's.

Alfred Cullen and son of Mount Vernon, N. Y.; W. E. Flint of Danvers, Mass.; A. W. Dodd, Salem; and E. Dumaresque of Rutland, Vt., are at the Victoria.

Mrs. Miss Henshaw of Providence, and Mrs. and Miss Hunking of Haverhill, Mass., are at Lever Lodge.

J. A. Tucker and wife, Miss Pierce, Miss Elms of Boston; Miss Wright of Windsor; Miss Dickson of Wolfville; Mr. and Mrs. A. H. Ellis of St. John are at Chestnut Cottage.

Mrs. Paul Seely of Chicago and Mrs. Henry S. Viets of Boston are among today's arrivals at the Waverly.

Digby, July 20.—Rev. Father Sullivan informed his congregation at St. Mary's yesterday that the proceeds of the recent picnic, clear of all expenses, amounted to \$455, a very satisfactory sum. Father Sullivan contemplates making extensive repairs and improvements to the church at that place.

Albert J. S. Copp, Mr. P. R. G. Monro, T. C. Shreve, E. Ellershaw and Frank Jones, the gentlemen who constitute the Digby bar, have decided to close their law offices on Saturdays at one o'clock during the summer months.

Angus Gidney, M. P., is in town for a few days, registered at the Burnham.

Urban Belliveau & Son expect to launch their new schooner at Belliveau's wharf on Saturday next. She will register about 125 tons and is intended for the coasting and West India trade.

Barkin. Falmouth arrived at Weymouth on Saturday from Hantsport to load lumber for the steamer Ayres. G. D. Campbell is the skipper.

The funeral of the late Walter Ross, the victim of Saturday's drowning accident at Turnbull & Dunn's mill, took place this afternoon and was largely attended. The remains were interred in the Baptist cemetery.

Fishing scho. Mystery arrived today from down the bay with 10,000 fresh mixed fish.

The tourist arrivals today were very large. A great many St. John people spent Sunday in town. The following are registered at the Brangelline house: Miss C. M. Ferris, Miss Mary M. Ferris, Miss E. C. Ferris of Poughkeepsie, N. Y.; Mr. and Mrs. Chas. W. Allen, W. Stuart Allen, Denis J. Allen, Ben. A. Norton, Mrs. Norton, Miss Theresa Norton, Miss Rachel Norton, Leslie Norton of Arlington, Mass.; Mrs. Purves, Mrs. MacGregor, Miss Louise Purves, Harold Purves, St. John; Prof. Herbert Weil Smyth, Mrs. Smyth, three children and nurse, Bryn Maun, Pa.; Miss Adair, Baltimore.

At the Myrtle: Levi S. Thomas and wife, Melvina, Pa.; the Misses Noe, Caroline R. Smith of New York; Mrs. L. B. Lord, Brooklyn; Mr. and Mrs. L. R. Leche, Edith M. Butt, Harry H. McAvity, Mr. and Mrs. E. M. Tree, St. John; A. M. Thomas, Philadelphia; W. W. Bryant, J. S. Bryant, Miss Bryant; Buffalo, N. Y.; L. E. Duncan, Wolfville; John H. Thomson St. John.

At the Victoria: John J. Spear, D. Clinton Fritz, Passaic, N. J.; Dr. Cochran and wife, Bedford; Geo. E. Loring, Ralph B. Loring, Esq., Me.; Edgar Harris, Roy Stuart, Calais; Mr. and Mrs. Peter E. Trout, West Point, N. Y.; Mr. and Mrs. G. C. Fraser, Mr. and Mrs. W. F. Robinson, Washington; Thos. R. Ellis, Frank Hilyard, Miss Jessie Hilyard, Miss Bessie Stevenson, St. John.

At Chetnut cottage: Mlle. Tanthy, New York; Misses Bessie and Alice Sutton, Rye, N. Y.

At the Waverly: J. F. Whipple, G. M. Whipple, Danvers, Me.; Chas. S. Chesley, Joseph H. E. Chesley, Worcester, Mass.

At Short's: Henry R. P. Phillips, Miss H. Helen Phillips, Plainfield, N. J.; Mr. and Mrs. D. J. McLaughlin, Miss Anna McLaughlin, St. John.

At the Burnham: Dr. James J. O'Don and wife, New York; Wm. V. Barbour, St. John.

At the Clifford: Dr. McNeil, New York; D. N. Noyes, Chicago; Miss Emma Whitton, Waterbury, Conn.; Wm. R. Storer, Sutton, Pa.

At Clifton Terrace: Mr. and Mrs. Hill, Mr. and Mrs. Crook, New York; the Misses Johnson, Mrs. Hill, Trenton, N. J.

Edmond Louis Antoine Houé De Concourt, a noted French writer, is dead at the age of 75 years.

MANCHESTER'S TONIC
Condition Powder.
A Preparation put up by qualified Veterinary Surgeons and compounded from the purest drugs and Medicines to be obtained, is without doubt the most popular and useful horse medicine of the day, it not only
Cures Distemper, Swelled Legs, Bound, Rots and Worms.
It is put up with a full of powder.
Take No Other.
Demand the Best.
Sold by Druggists and Chemists.
Prepared by J. W. MANCHESTER & Co., Ltd., 10, N. B. St. John, N. B.

CANADIAN SHARPSHOOTERS.

Much Rejoicing Over Their Splendid Victory at Fisley.

Grand Prix Winners in the Preliminary Matches.

Toronto, July 15.—The Mail and Empire's special cable from Fisley camp, dated yesterday, says: Tonight the members of the Canadian team are the heroes of the hour. Since firing ceased their tent has been the rendezvous of the immense number of marksmen gathered here and of sightseers. On every side one hears the cries, "Well done, Canada." "Glad they won." "They're the right kind." "Chips off the old block," and like comments and exclamations. "We ain't saying a word," said a Canadian visitor at the close of the match, nevertheless, he managed to emit a great volume of sound, and everybody within reach of his voice knew that the men from the lead of the maple leaf won the Kolaropore cup. Among every class the victory is a popular one, so completely have the Canadians established a good record for themselves. They are looked upon as genuine, true-hearted sportsmen, and the fact that they come from a country proud of its allegiance to the empire, together with their loyal bearing and words, give pleasure to the British and other colonial competitors. They are elated, of course, over their success, but their elation shows itself only in the quiet smile and the hearty handshake with those who are congratulating them on their victory.

The final selection of the team which was to battle for Canada's honor in this historic match was not made until this morning. The prize consists of the highest net score made by his highness the Maharajah of Vizianagram, and eighty pounds in cash for the colonial team making the highest score. The mother country team has won the cup twenty times, and the Canadian team six times, including the last occasion. The highest score made since the match was shot under existing conditions was that of 741, rolled up by the mother country in 1893.

The highest score made by a Canadian team was in 1890, it was 687, and the year was the last on which the team won the cup. Up to 1893 the Snider rifle was used. Since that year the match has been shot with the Martini-Henry. Last year the mother country took first place with 618 points, Canada coming second with 518.

The day broke fair and bright, with every indication of an ideal shooting day. Such was not to be the case, however, for before shooting commenced, a strong, right-front wind sprang up and continued throughout. Heavy clouds began to gather too, and although no rain fell, the light was uncertain, great banks of clouds every now and then obscuring the sun. These conditions rendered shooting somewhat difficult. The Canadian team was captained by its adjutant, Major Bruce. It may be mentioned that although he said very little, the major was confident of victory. On the first stage the mother country team led by six points, the Canadians followed. This did not worry the Canadians, however, and on the 500 yards range they led by nine points, a net gain of three. On the 600 yards they made a similar gain, a grand net gain of twelve. Their score at the close of the match was 656. Guernsey and Jersey teams also competed. The best range scores were Spearing's 31 at 200 and 30 at 600 yards, and Weiler's 31 at 600 yards.

The prize winners in a number of extraordinary contests were made known today. King's score of 23 in the "Golden Penny" won for him the first prize valued at five pounds. The sixteenth prize was won by Weiler, with a score of 32. Harp, Lieut. Mitchell, Crowe and Spearing, each with a score of 22 in this contest, were counted out.

In the Wilmet, Lieut. Mitchell, with 34, won third prize. With similar scores, Spearing and Huggins won fifth and sixteenth prizes, respectively. The eighth prize, of two pounds, in the Fisley, was won by Nall, with 32 points. With the same score Armstrong won the eleventh prize, of one pound. King and Campbell, with 31 points each, were nineteenth and twentieth respectively, also winning prizes of one pound each.

In the Flood-Page, Macdonald obtained fifth prize of one pound. Prizes of a similar amount were also won by Spearing and King. The score in each case was 34. The thirteenth prize, also of one pound, was won by Lieut. Mitchell, whose score was 33.

In the Railway tyro today, ranges 400 and 500 yards, Munro aggregated 38. Harp shot at the 500 yards range in this match and put on a magnificent 64.

So far the Canadians have made the best scoring in this match, in which the entries are unlimited, and nothing can now hinder them from carrying off some of the best prizes.

The Canadians are all well. Quebec, July 18.—Captain Spearing of Sherbrooke, who made the highest individual score of the Canadian team in the shooting for the Kolaropore cup, is an old Quebecer, and his many friends here are jubilant over his victory. His family are here staying

with his brother-in-law, R. Sampson, awaiting his return from England.

THE BRIDGE AT THE CROSSING.

Where the arched bridge widely spans the bay, And the flag man stationed day by day, And at the crossing where the train goes by, Closing the long, long swinging gate, The twinkling bell at the end of the bay, When the train that swings the train's last car.

Yest' evening out of sight in a trice, Then it trilled, and trilled, and trilled, and trilled, And the flag man now awaits the train, Never a twinkling bell is heard again, Over the bridge the train goes by, Under the bridge the shadowy train, Nor does a river murmuring glide Under the bridge to the city's side, But under the bridge the train goes by, And hither and thither to the town below, There is life and traffic everywhere, A varied scene and a varied life, While under the bridge a thousand feet Travel the way of the city's traffic, And passenger borne on the coming train Look strangely out for the city again, There's another bridge by a city's side, We shall all pass through on some later day.

Another city lying on the hill, And its people remain all quiet and still, The rum of the train that dashes goes, Disturb no sleep or their long repose, But its streets are soft with a grassy edge, And the hawthorn blossoms along the hedge, Along the hedge no flashing light Shines on for them by day or night, While the other city with hurrying life Moves onward and onward with eager stride.

Brookton, Mass. MAY 18. BRYANT.

SUSSEX NEWS.

Sussex, July 18.—The Methodist people here are arranging for a picnic to be held at Point du Chene on the 13th of August next. The fare will be very low. Boating and other sports of a very pleasing kind will be amply provided and the chances for a day's enjoyment will, it is said, be above the ordinary picnic.

The F. C. Baptists have concluded to have no services in their church during the next ensuing three Sabbath.

The remains of the late Mrs. Baskin, who died at her home in Piccadilly on Friday last in the 84th year of her age, were buried in Kirk Hill cemetery yesterday in the presence of a large number of people. Rev. Mr. Gray officiated at the house and at the grave.

While Mr. Sherwood, who is spending his vacation with his parents at the Sussex station, was out driving with his sister yesterday afternoon the horse took fright at the sudden appearance of a bicycle when about two miles distant from home, hurling the carriage in which they were seated with great force to one side of the road, doing them but little damage however, but the carriage was badly smashed. The horse, owned by J. E. Smith, lively stable keeper, which broke loose from the carriage, ran home to its stable little the worse for its trip.

In this morning's Sussex News I read that Mr. Moore, manager of the Bank of Nova Scotia here, had gone north to spend his vacation, and was accompanied by Geo. J. Vaughan, the well known Point Wolf lumber merchant.

A telegram received here this morning from an authentic source states that Mr. Vaughan had bought the well known extensive steam saw mills and other lumber privileges connected with it at Black River, about four miles below Chatham, so that business as well as pleasure were in view. It is said that Mr. Vaughan has made a good bargain.

The rattle of the mower is heard in every direction today, and hay is fairly begun.

Rev. Mr. Lucas, travelling secretary of the Provincial S. S. Convention, who has been on a prolonged official visit to the northern counties of the province, has returned home for a short time.

Mr. Hubby, son of Rev. A. M. Hubby, rector of the Reform Episcopal church, who is studying for the ministry, occupied the pulpit of the Presbyterian church yesterday, creating quite a favorable impression.

PATENT REPORT.

Below will be found the only complete weekly up to date record of patents granted to Canadian inventors in the following countries, which is prepared specially for the Sun by Marlon & Laberge, solicitors of patents and experts, head office, Temple building, Montreal. Branch offices, Ottawa, Washington and London, from whom all information may be readily obtained.

Canadian patents—32830, J. S. Hughes, wood pulp squeezer; 32831, G. Robitoux, imitation Persian lamb; 32832, F. Gury, murr-y-go-round; 32700, Mde Dr. Guertin, medical compound; 32701, W. Bohrer, cap; 32704, M. Dalton, liquid fuel burner; 32715, L. Gaucher, esp. bucket cover and spout comb; 32722, W. G. Lane, coal dumping car.
