Report of Miss Hooper on the Work of the Girls for the Year.

The Prize List of the College and Girls School for the Year.

Despite the unpleasant weather over two hundred people were present at the annual closing of the Rothesay college for boys, and "Kinghurst," the church school for girls. Among those present were John D. Chipman of St. Stephen and Dr. Muir of Truro. The closing exercises took place on the tennis court at the boys' school, which was prettily decorated with flags, etc. A tent was pitched with one side open, and in this were Mayor Robertson, Dr. Inch, chief superintendent of education for New Brunswick; Principal O. W. Howard of the boys' school and Miss Hooper of "Kingshurst, Rev. Messrs. McKim, W. O. Raymond and A. H. Hauington, S. S. Hall, R. B. Emerson, A. C. Fairwea-ther and Jack Fairweather. In the absence of the chairman, Rev. John deSoyres, Rev. W. O. Raymond took the chair, and after a short address introduced Dr. Inch. Speeches were also made by S. S. Hall, A. H. Hanington, R. B. Emerson, his worship the mayor, Rev. R. P. McKim and the Rev. John deSoyres, who arrived later in the afternoon. These were followed by some very pretty club swinging to music by the following young ladies: Miss Amy Adams, Miss Hilda Han-ington, Miss Elsie McKim, Miss Emeline Hackenly and Miss Emma Bar-

Miss Hooper then read her report of "Kingshurst," which was as follows:

Miss Hooper then read her report of "Kingshurst," which was as follows: It is with much pleasure that I submit a report of another successful school year cloeing with the present term. When my report was presented last year, the school was still in its infancy, and we watched it anxiously, strenuously endeavoring to support life. We now feel that it is a growing power and that the work done here and now must affect the women of this and the neighboring provinces in the future.

We feel that a very important side of education is the training of the body as well as of the mind. The physical drill this term has been undertaken by the instructor from College Hill with the best results. The spaciousness of (ur grounds brings almost all the outside recreations to our own door, and I think the healthful appearance of the girls themselves, who sit before you, is the strongest plea in favor of an outdoor country life for the modern school girl. So much for the physical side of school life, and the mental training has been equally vigorous. During the year just closing the school work has been of a high order. It has been steady, unremitting toil for both staff and pupils, but the results of the strict exeminations at the ends of the three terms comprising the school year go to show that the work has been most therough. The competition has been wery keen, especially in this term's examinations, and during the whole year I have never known a girl to shirk or omit her work. This steadiness has shown itself in the high percentages gained at the recent examinations. The music pupils under the control of Mr. Cellinson have made marked advancement, showing that a systematic and regular course of practice must ard should supplement the work of an efficient teacher if any real progres is to be made. The art pupils under Mrs. Raymond's tuition have il any real progriss is to be made. The art pupils under Mrs. Raymend's tuition have this year done much beautiful work, and seem to have caught some of the inspired touch of their instructress, whose thoroughly artistic work is so well known in this province. Not only have the pupils hed abundant physical exercise but mental recreation as well has been provided this year by the establishment of a literary society in the schools and by the reading aloud of healthill and elevating books to the pupils by some member of the staff. We now pass from the physical and mental life of the school to its more serious and mest important side, viz., the religious life. A daily Scripture lesson has been given by the principal of the schools, the Rev. Mr. Howard, a weekly Bible class has been held on Sunday afternoons, and to crown ali the beautiful chapel services en Sunday everings, where everything that is gool i as been shown as beautiful and worthy of imitation, and that which is evil as hateful and to be held in contempt. When fifty young voices have folned in anging Goi's praises and afterwards uniting is creed and prayer have thus offered to our great Head, worship that could not fail to be accepted. Though many opportunities are given to a school girl to exercise unselfishness to wards others, the life is mainly thought and preparation for one's self, so we feel that special training is needed to cultivate that single virtue, unselfishness or thoughtfulness for others. Mainly for this object, nearly two years ago a circle of the King's Paughters was formed, and the girls have ungrudgingly given up their Saturlay mornings to work for the sick poor, as a result of which a week ago we were solie to send to the St. John hespital quite a large donation of linen, etc., all made by the hands of the King's Daughters. A month ago Mrs. Tilley, the general secretary of the order in Cahada, paid us a visit, when she gave us a helpful and stimulating address, suggesting other chuncles of work and impressing upon cach member the r

Rev. O. W. Howard then addressed the assemblage in an admirable speech. in the course of which he expressed his regret at the absence of Rev. Geo. E. Lloyd, whose health necessitated his relinquishing the charge of the school at least for the present. He also re-ferred to the absence of the patron of the school, James F. Robertson. The number of boys in attendance was somewhat less than that of last year, as was naturally to be expected after the graduation of a class of sixteen last summer. The work of the year, however, had been carried on unnecessary.

ROTHESAY SCHOOLS. most successfully, and the utmost harmony had prevailed on all sides. He regretted the retirement of the classi-cal master, Mr. Findlay, who was about to enter the ministry, but was sing the highest testimonials as regards scholarship, and whom he per-sonally knew to be in every way fitted for the position, had been selected as bis successor. The health of the school had been excellent during the year and the high moral tone of the school fully maintained. This was indicated by the fact that seventeen pupils of the schools were confirmed

at the recent confirmation service. Mr. Howard referred to the excellent record of Harry Harrison, L. W. Barker and Oliver Peters at the University of New Brunswick, and of John Ritchie, Norman Ritchie and George Henderson at Dalhousie, all of whom obtained scholarships or class distinctions. He had just learned of the success of Royden Thomson at Peekskill College, New York, who in addition to leading his class in four subjects out of six, had carried off several medals in the athletic competition of

the college. The boys of the school in the sports lately held had more than maintained the reputation of their predecessors who were lately foremost at the university. He thanked all those present for their interest in the school. It had many kind friends, as was shown by the donation of prizes amounting in value to \$150. Many applications were being received for ission of new pupils next year, and the outlook for both the boys' and girls' school was very encouraging. At the conclusion of Mr. Howard's

servedly admired those of Miss Frederica Ellison and Miss Hamilton being especially good. A meeting of the Old Boys' society was held at 7 o'clock. The meeting was fairly attended. It was decided to offer a silver medal for the best English essay, subject to be announced

at the re-opening of school in September next. President Fairweather was re-elected for the ensuing year. Mr. Harrison vice-president, and Mr. Smith re-elected secretary-treasurer.

HE SENDS IT FREE

Physician's Prescription for Cure of Weakness in Men.

When a man has suffered for many years with a weakness that blights his life and robs him of all that really makes life worth living; when after years of doctoring with all sorts of patent medicines and alleged *pecialties, he discovers a remedy that brings back to him the power and physical energy that seemed to him lost forever, he natural ly feels generous. He wants his fellow-men to know about it. He feels that his mission on earth is to lift out of bondage men who are today battling with a shattered nervou system, just as he did; men, who by their own secret follies, are suffering a mental torture that words cannot adequately de-

The world has come to look at such sufferers in a different light from former days. It now regards them as unfortunate, not criminal. They have lacked moral courage. They may be victims of inherited passion, or they may have acquired secret habits from evil associates. But whatever may have been the incentive that causes a man to degrade his being, and isolate himself from society he needs a friend. Ha needs the right hand of fellowship and good cheer. It is wrong to denounce him for his folly, and it is equally useless to give him advice. He must have the hungry man's bread, not a stone, offered him. This is why I send the prescription which made me a man among men, free to anyone who writes for it. I know the aversion that suffering men have, to the least semblance of publicity, and I therefore, send the prescription securely scaled in a plain envelope, without marks to show where it came from. Thousands of men have written me, to say how glad they were to get this prescription, and every mail brings encouraging reports of severe cases of physical debility cured, and emaciated parts restored to natural strength.

Now, my triend, do not sit and wonder how I can afford to give away this valuable recipe, but write for it today. It is free to all, and I want every man to have it. Address, in the fullest confidence, THOMAS SLATER, Box 192, Kalamazoo, Mich. The world has come to look at such suf-

NOVA SCOTIA.

AMHERST.

Amherst, June 24.—Miss Clara, daughter of Obed Tingley of Point de Bute, was last evening united in marraige to George Freeman, East Amherst, the ceremony taking place at the residence of the bride's parents. Rev. Dr. Steele tying the nuptial knot. The bride was handsomely gowned in fawn heliotrope, trimmed with white chiffon and white carnations, and was ably supported as bridesmaid by Miss Mamie Chapman of Amherst, F. G. Tingley, the bride's brother, acting as groomsman. The couple have taken up their residence at East Amherst. On Monday last Miss Emma, daughter of Councillor Amos Trueman, Point de Bute, was married to Edgar Dixon of Sackville. The bride was attired in fawn and heliotrope. Miss George of Sackville was the bridesmaid. The couple left for Dalhousie

on their wedding trip. The remains of the late Mrs. Wilbur, relict of the late S. C. Wilbur, formerly principal of the Moncton schools, were interred here on Tuesday from the residence of her cousin, Mrs. Robert Black

Charles Smith, formerly of Port Greville, is having erected for himself a residence on Havelock street. C. J. Silliker has the contract. W. I. Bell, manager of the retail de-

partment of the Amherst Boot and Shoe Co., is seriously ill with inflammation of the lungs. The remains of the late James Mc-

Closkey, father of Robert McCloskey of Northport, were interred at Northport on Tuesday. The deceased died at Foxboro, Mass., where he had resided for some years. He was 82 years of age.

of age.

Amherst, N. S., June 27.—William I. Bell, for fourteen years marager of the Amherst Boot 27.—William I. Bell, for fourteen years marager of the Amherst Boot 27.—William I. Bell, for fourteen years marager of the Amherst Boot 27.

In the Study afternoon, after less than a week's illness of inflammation of the lungs. The deceased belonged to Richibucto, Kent Co., was forty years of age, and leaves a widow, Mary, daughter of Peter Etter, and three young children. Two sisters also survive him, Mrs. W. J.—Deblois of Halifax and the wife of Editor Anslow of Windsor. He was an active and earnest worker in the Methodist church, and for the past two years held the important position of high accretary of the High Court of Foresters of Nova Scotia. The funeral takes place on Tuesday afternoon, under the auspices of Court Acadia, I. O. F. In loving remembrance floral tokens have been presented by Court Acadia, Epworth League, the employes of the shoe factory, Dr. and Mrs. Steele and others.

HALIFAX.

Halifax, N. S., June 23.—The six-rear-old child of Mr. Grant of Port Merien, C. B., was burned to death this morning. The little fellow was reaching to the mantel for matches, when his clothes took fire in the grate. Principal Grant of Kingston delivered an oration on Joseph Howe today

under the auspices of the committee striving to raise funds for a monument to the great Nova Scotian. President Grant spoke over an hour. A resolu-tion was adopted pledging the meet-ing to subscribe liberally. So far only \$780 has been collected, but it is the intention now to make a vigorous Halifax, N. S., June 25.-The board

of arbitrators on the exhibition site have awarded the five owners of the The work of the pupils in painting was in one of the rooms, and was de- property \$20,700. The amount claimed Attorney General Longley leaves for a six weeks' trip to London on July

Judge Weatherbee of the supreme court for \$50,000 damages, alleging malicious use of judicial proceedings

and false arrest. The Royal Society of Canada concivded its annual meeting today. Pre-mier Marchand of Quebec, formerly vice-president, was elected president; T. C. Keeper, Ottawa, is vice-president; Dr. J. C. Bourinot, secretary, and Professor Fletcher, treasurer.

Thos. Fysche, manager of the Mer-chants' Bank of Canada, left for Montreal tonight, accompanied by Mrs. Fysche. A number of members of the Royal Society left by the same train for their homes.

Mr. Justice Archibald of Montreal,

who has been in the city attending the meetings of the Royal Society, leaves for his native place, Middle Musquodoboit, tomorrow, where he is to address a public meeting on July Halifax, N. S., June 27.-William

Lawson, one of our best known citizens, died Saturday evening in the fifty-ninth year of his age.

SOUTHAMPTON, N. S.

Southampton, June 21.-Last night's freshet is unprecedented in this part of the province at this season. The rain-pour and gale resembled an au-tumnal equinoctial storm. The river is overflowing its banks and all low lands are completely submerged. Bridges are removed and the roads are in a terrible state. This heavy rain will destroy the last hope of who have waited so long for their land to dry in order to put in the crop. Probably not more than half a crop has been planted in many districts.

INTERESTING TO MERCHANTS. A Test Case Between Local Buyer and Western Shipper.

Western Shipper.

A case of interest to provincial merchants as well as western shippers has just been decided in a Nova Scotia court. Martin Bros. of Mount Forrest, Ont., last season through their broker sold a car of oatmeal in barrels and halves to W. C. Sumner of Truro. Mr. Sumner accepted the sales note on Truro basis. The meal was sold for future delivery during a stated month, at buyer's option. Having asked without being able to receive shipping instructions the Ontario firm at the end of the month sent the carload to Truro. Mr. Sumner declined to accept delivery, claiming that he wanted the meal delivered at another poirt. Martin Bros. offered to send a car to any point desired, but Mr. Sumner refused. The price of catmeal had meantime declined, and after a long wait Martin Bros. sold the carload at a losa. They then brught suit to recover damages. The case wont into court, and the shippers have been advised that judgment has been rendered in their favor for a portion of their claim with costs. The court held that they should have sold the meal at once after Mr. Sumner declined to take it, and not hold it at all on a declining market. Mr. Sumner put in a plea that the quantities in the car, as to the number of barrels and halves, were not exactly as ordered. Except in the extent of damages asked, the decision is entirely in the shippers' favor. This is a test case.

The stationing committee is the most important committee of the conference, as by it the appointments to circuits are made for the ensuing year. It is composed of the chairmen of the several synods, with another minister elected at the recently held sessions

of these bodies, and are as follows: Rev. John Read, St. John; Rev. J. J. Teasdale, Rev. W. W. Lodge, Fredericton; Rev. D. Chapman, D. D., Rev. W. H. Spargo, Woodstock; Rev. J. A. Clarke, A. M., Rev. W. B. Thomas, Miramichi; Rev. Charles Comben, Rev. Thos. Ailen, Sackville; Rev. H. Sprague, D. D., St. Stephen; Rev. G. M. Campbell, Rev. W. J. Kirby, Charlottetown; Rev. E. Slackford, Rev. G. C. Palmer, Summerside

lison and Rev. Mr. Wass leading in

rrayer. A letter from the Dominion Temperance Alliance asking conference to send four delegates to the general meeting of the alliance was referred to the temperance committee, with power to nominate the delegates.

Rev. James Crisp presented the re-port of the nominating committee constituting the several standing committees of the conference.

Rev. Job Shenton, conference treasurer, submitted the report of the general conference fund, showing \$224.14 collected. Mr. Shenton was re-elected treasurer.

The committee on bequest of the late Mr. Fairley recommended that the money be held by the trustees of Derby church on their joint and sev-The conference discussed the report

of the evangelistic committee, and by a vote of 64 to 5 decided to employ an evangelist for the next year. The firancial matters connected therewith were referred to a committee. Rev. Messrs. A. Lucas and A. C. Bell and Messrs. Buchanan, W. E.

Smith and W. Bryenton were granted leave of absence for one year.

The memorial service for deceased ninisters, Messrs. Daniel and Williams, was participated in by a number of ministers and laymen. It was

most impressive service. The general conference report show-ed that the receipts amounted to \$224. Special collections are to be taken on the first Sunday in August.

The Sabbath school returns show 213 schools, 16,719 scholars, and the amounts raised for all purposes \$6,957.
The educational meeting in the evening was largely attended. The reeport was received by Prof. Paisley. The first resolution was moved by Mr. Read in a brief but forceful address which was a processed. dress, which was well supported by Rev. Geo. Steele. Dr. Carman spoke clearly and forcibly of the need of high class education, both by laymen and ministers. Colleges were needed to develop the mental and moral strength under Christian influence, for our colleges are more Christian than Methodist

Dr. Stewart spoke particularly of the moral aspects of the work being done at Mount Allison, and paid a glowing tribute to the ability and fidelity of his fellow-workers. Profs. Paisley and Palmer each addressed the meeting, after which President Allison referred to the unusually interesting character of the recent closing exercises, and making special mention of the excellent services of Rev. Dr. Brecken, Rev. Messrs. Dobson and Sellar, and appealed to all to help them in the work in which they were ergaged. The meeting was highly in-

Fredericton, June 27.- President Weddall is moving easily in the har-ness, and is acquiring himself creditably. He has a good voice, puts his motions clearly, and does not unnevessarily multiply words. With Mr. Steel the public are already officially familiar, as well as with Mr. Fisher and the work of the secretariat will

be efficiently attended to. Rules of order were adopted, committees were called, and a large amount of work was put through. Several probationers were voted to go to college. Requests for grants to the Carmar-

then street. Springfield. Newcastle, St. Andrews, and Hampton parsonages were referred to the parsonage aid committee, and others to the contingent and children's fund. Leave of absence for a year was

granted to Rev. N. C. Bell, and to W. H. Bryenton and W. E. Smith, and credentials were ordered to be given to R. A. Colpitts, who retires from work. Permission was given to sell the

Nashwaak parsonage, a lot of land at Salisbury, and a church at Cherry Valley, P. E. Island, the proceeds to go towards the erection or improvement of new buildings. In the ministerial session, A

Parkins was admitted as a candidate for the ministry as a probationer of one year's standing when certain studies have been brought up. Other young men were advanced a stage, and the pastoral address was read. The committee on conference relations met, but not yet reported.

The sustentation committee met at The sustentiation committee met at the close of the conference and organiton, Rev. J. Crisp. J. E. Irvine; Fredericton, Rev. Jos. Sellar, A. M.; Woodstock, Rev. W. R. Pepper, Jas. Watson; Miramichi, Rev. W. Harriscn; Sackville, Rev. W. W. Brever, J. S. Atkinson; St. Stephen, Rev. H. Sprague, G. M. Young; Charlottetown, Rev. Henry Penna, H. H. Acorn; Summerside, Bev. Hanry Pierce, W. Colwill.

Fredericton, June 25.—The conference re-opened with the usual devotional exercises this morning, Dr. Alville; Rev. M. Balderston, A. B.Christie, St. Stephen; Rev. A. D. McLeod, Henry Smith, Charlottetown; Rev. John Goldsmith, A. F. Stewart, Sum-

merside. A meting in the interests of the missionary society was held in the evening, and was largely attended. The report indicated a small increase when the returns are all in. The first address was by Rev. Dr. Carman, which made a good impression. He said that Christianity was the only religion, and endorsed the action of those who refused to participate in the proceedings of the parliament of religions at the Chicago exhibition. The Bible was a revelation from God and not correctly described as containing such a revelation. We were not dealing with uncertainties, but with well established facts. What men needed was not music, parades, or perform-ance, but power to change the nature, and the gospel did all that, for where it was preached rightly and by the right kind of men, grand results fel-

Rev. G. M. Young excused himself for not speaking, as there was no need of him on this occasion and his speech

would keep. Miss Perley, from the W. M. society, gave a very pleasing and interesting address on the work the women are doing. She spoke clearly and was lis-

tened to with much interest.

Rev. Mr. Read's address was an admirable one. The Source of Power was his subject, and by reference to gra-vitation, steam and electricity, illustrated his idea that man was not the creator, but only its revealer. God was the Source of Power, and in the moral realm, only the gospel could reveal, disclose or apply it. The speech was well delivered in strong, clear voice, abounded in beautiful and striking sentences, and gave much pleasure to the hearers. Again the choir rendered excellent service and the rendering of the anthem was grand. Your musical readers will per-haps recognize it by the words, "This is the day the Lord has blessed. We

will be glad and rejoice in it." Friday morning after the usual de votional exercises and the reading of the minutes communications were re-ceived from the Dominion Alliance which was referred to the committee on temperance, and from the union church relief committee, which was ordered to be inserted in the minutes of conference. The nomination and sustentation committees made a first report, and the report of the general conference fund showed the receipts to be \$224.14. The evangelistic com nattee's report gave rise to a lengthy discussion, the result of which was that the recommendation of that com mittee for the appointment or setting epart of a minister for that special work was adopted by a vote of 60 to 5. The finance questions involved in appointment were referred to the evangelistic committee, whose conclusions were to be reported to this con-

ference before its close. Rev. W. B. Thomas gave notice of his intention to move a resolution the purpose of which is to prevent the followed, will give satisfactory and aslocal missionary board to devote the tonishing results.

grants made to this conference by the general missionary board than those for any purpose than those specified at the time of their being granted. He claims that this has been done in

the past. The conference opened at 9 a. m. Saturday, Rev. Dr. Carman in the chair. After the adoption of the minutes the evangelistic committee recommended the setting apart of Rev. Mr. Pickles for special work during the year, the salary, including house rent, to be \$850. The recommendation was adopted.

The sustentation reports shows an increase of \$2,384.

JUNE WEATHER.

"I see the Sumpters have moved out to their summer home on the lake shore."
"Well, I hope for the sake of their inno-cent children that, there's a furnace in the house."—Cleveland Lealer. HANGING ON TO A JOB.

It has just been discovered in France that, although the palace of the Tulleries was destroyed twenty-six years ago, four officials charged with the preservation and care of the palace still hold office and draw their salaries.—Boston Globe.

How to Avoid Wasting Time and Money.

columns will A word at this time to the ladies of Canada may be the means of putting them on their guard, so that time and money may not be wasted. There are certain dealers and store-beepers whose life object is the making

of large profits on every article they These dealers are now endeavoring to sell adulterated and imitation package dyes for the same price as the honest dealer asks for the reliable and never-falling Diamond Dyes,

Few ladies have the inclination to

spend time or money to experiment with worthless and poisonous ingredients put up to outwardly imitate the marvellous Diamond Dyes. If you want good work you must use the best dyes. Years of thorough testing proclaim the fact that Diamond Dyes are the strongest, brightest and most economical; they are the only dyes in the world that are specially warrant-
