**WANT UNION LABEL ON CITY PRINTING**

It is quite possible that the existing typographical strike will have considerable effect on the coming civic elections.

Mayor Sears during his canvass has met union printers who have urged that the city printing be done in union shops and bear the union label. It has been further urged that the various labor organizations are mutually supporting one another and will pledge their influence to the candidates who will try to have the printing of the city done by union men. The labor unions of the city are sufficiently powerful to make this agreement worth consideration on the part of candidates for the mayoralty and for aldermanic honors.

There is practically no change in the strike situation. Both sides are confident of ultimate success.

penes. They provide the best game and vegetables in the market for their guests, and at the end of the first day's meeting, they present a good pony to the head of each family visiting them. As a tribe consists of from 300 to 500 families the expenses soon mount high. The Osages being the richest reservation Indians there are today, can better afford to hold pony smokes, and combined with their feast day, they generally invite several hundred guests from the Ponca, Tonkawa and surrounding tribes. Those accepting the ponies are supposed to return equally expensive gifts later on.—Buffalo Express.

**THE PONY SMOKE.**

The Apaches and Cheyennes are in the habit of holding a pony smoke on Thanksgiving Day. Often the Osages too, indulge in this expensive festival. A pony smoke is a friendly meeting of two tribes and is especially appropriate for the occasion. The tribe giving the smoke is supposed to bear all the ex-
