POLITICAL NEWS.

OTTAWA, Oct. 2 .- The appointment of Dr. Ben. Russell, M. P. for Hants, to a position on the bench of the supreme court of Nova Scotia, was formally approved yesterday.

It is settled that Hon. Geo. E. Fos ter will be the liberal conservative lidate in North Toronto.

It is stated that McKinnon, membe for East Queens, will be appointed lieutenant governor of Prince Edward Island. This will make the thirtysecond appointment by this government of a member of parliament to a position of emolument under the Wilson, P. Palmer. It was decided to crown.

Bickerdike endeavored to dispose of Parent by saying he has a letter from Laurier declaring Bickerdike a good enough French Canadian for him. To this Parent replied, denying Laurier had ever written such a letter. This puts the premier in a nice position. Lane has the united party behind him, and is very popular with French speaking electors.

PETERBORO, Oct. 2 .- The convention of West Peterboro conservatives today offered the nomination to the recent member, James Kendry, who on account of business reasons was compelled to decline. He suggested the standard bearer of the party at Hugh Waddell, and the convention unanimously approved the choice.

HALIFAX, N. S., Oct. 2 .- The campaign opens in Prince Edward Island by a liberal conservative meeting in Charlottetown on Monday evening The conservatives are all in the field ready for battle, while the liberals, especially in Queens, are demoralized. Today Horace Haszard, late M. P. for Quens West, announced his retirement from politics. D. A. McKinnon. M. ST. STEPHEN, Oct. 2 .- The call for an election has found Charlotte county conservatives all prepared with a candidate nominated a year ago and the party fairly well organized in all sections. In St. Stephen, headquarters have been established in the store recently vacated by F. N. Carter & Son and the first rally will be held on Wednesday evening next. On the same evening the liberals will meet at F. H. Todd & Sons' office to elect delegates to a county convention to be held here on Thursday. With them the selection of a candidate is surrounded with difficulties. R. E. Armstrong, who was their last candidate, has enjoyed to the full the patronage of the county, with a commissionership to himself, and is reluctant to see such crumbs of comfort go to another. In his paper he has strongly resented the intrusion of the "man with a barrel," who is Daniel Gillmor of Montreal, who seeks the representation of this county as a side line and is reported to be the choice of the government at Ottawa. Mr. Gillmor's candidature is also assailed by an element in St. Stephen that has hitherto been able to dominate the party and which now declares that W **P**. Todd, ex-M. P. P., would receive the party's nomination. This plan carries with it a permanent reward for Mr. Armstrong in the collectorship of customs at St. Stephen, a plan not altogether acceptable to some members of the party here who have been looking for this plum to fall into their laps. The most that the liberal leaders hope for is the patronage of the county should the government be sustained in the elections, and the strife is for the possession of this coveted prize, which has proved so valuable under the libgovernment. Mr. Ganong's elecpral tion by an increased majority is assured

These words from the lips of eminent men who lived to a wonderful old age, are of intense interest, but they are not the cold and judicial advice of the scientist.

Recently, I worked out a plan the rules of which, if followed carefully, will result in the increased longevity of one's life. My first word of advice to those who would live long is to avoid devoted years of labor to the two supdisease, especially such diseases as one is disposed to contract through inherited weakness. This is to be done by knowing one's predisposition to disease and exercising the necessary care, in tinued in old age. occupation, general habits and diet, that will indefinitely postpone the at-
