NEW RULES NEEDED IN U. S. GAME

Boston, Nov. 23.—The football season of 1920 is almost a thing of the past and in the wake of the recently played games comes the discussion concerning the relative merits of players, discussion of officials, etc., but those who are directly interested in the sport and its future have a more pertinent subject which is occupying their attention...

DELMONT GOT THE DECISION OVER O'BRIEN

Boston, Nov. 23.—Al Delmont received the decision over Freddie O'Brien in their 12-round bout at the National A. C. at South Boston last night. It was a rattling good contest and pleased the members, for there was lots of action in it from the tap of the gong...

THE ART OF BREATHING

Of all the physical acts of life breathing is undoubtedly the most important. The more we breathe the more we live. Throughout all animal life, from the minute which breathes 180 times a minute to the elephant which breathes six times a minute, one rule holds good—the larger and stronger the animal the more slowly and deeply he breathes.

THE BREATH OF LIFE
