**Two Weeks on River.**  
A canoe party including eight juniors and members of the Y. M. C. A. in charge of Fred Myles and William Hives arrived home Friday evening after a successful two weeks' trip down the river from Fredericton. The fact that the party saw eight moose while coming through the Portobello stream seems to indicate that game will be extremely plentiful this year.

**Father McCormick Away.**  
Rev. Charles McCormick, C. S. S. R., leaves tonight for Toronto where he will be connected with the Redemptorist Church. Father McCormick has been at St. Peter's as rector for the past three years. He had become a great favorite in St. John and during his pastorate here has shown great enterprise. His parishioners and friends regret his departure and wish him success in his new field of effort.

**Seriously Injured.**  
Robert I. McLaren, an employee of the Maritime Nail Works, was seriously injured Saturday. His finger was caught in a piece of wire and he was drawn against one of the machines. His head was badly cut and he was also hurt about the shoulders and back. Had the wire not broken he would undoubtedly have been killed. Dr. C. M. Pratt was immediately summoned and rendered first aid. The man was removed to his home in Camden street. Several stitches had to be taken in a cut over his eye. It is not known whether he sustained internal injuries or not. Last night he was resting as comfortably as could be expected but his injuries were still considered serious.

**PATRIOTIC FAIR AT ONONETTE SUCCESSFUL**

**More than sixteen hundred dollars realized for the funds.**

The patriotic fair on the grounds of Mrs. O. H. Warwick, Ononette, Saturday afternoon and evening proved an unqualified success and \$1,600 was realized. This amount will be divided between the Patriotic Red Cross and Soldiers' Comfort funds. The attendance was particularly gratifying, it being estimated that more than 3,000 people were in attendance.

St. John people were present in large numbers. Besides the regular and special trains many went to the fair grounds in automobiles and motor-boats.

The grounds had been elaborately decorated and the committee had even gone to the trouble of securing an electric generator from the city and had it erected so that electric lights could be used in the grounds.

About eight hundred people were served with tea and all the attractions were well patronized.

The pike, which was operated by the business men, residents of Ononette, was a huge success and was the centre of attraction to the majority of those in attendance. There were freak exhibitions of all sorts from a two-headed calf to Kaiser Bill as a target for balls, fortune telling booths, wheels of chance, bottle racks, and raffles, ice cream, candy, soft drinks and refreshments were served.

The auction of pies by Steve Matthews was a big money producer. Some of the pies sold as high as ten dollars and the young men seemed quite pleased to secure them even at high prices.

A tug of war between Hillendale and Ononette teams held the large crowd in suspense while the stalwart champions on each side wrestled and tugged for the mastery. From the time the whistle blew, not much ground was gained by either team for several minutes, until the Ononettes displaying some strategy worthy of Joffre with a mighty tug pulled their opponents off their feet.

St. Mary's Band, thirty pieces strong, was in attendance during the day having generously donated their services. They rendered a pleasing programme of patriotic music and the latest masterpieces and greatly added to the success of the fair. Their renderings were greatly appreciated.

The big fair was concluded with an unrivalled and elaborate display of fireworks, all of a high class. The grounds were clear at 10.30 and it was an hour later before the last of the pleasure-seekers arrived in St. John, tired and weary but all satisfied with the outcome of the day. Too great praise cannot be given those who labored towards the success of the fair.

**FOOTWEAR SHORTAGE IN UNITED KINGDOM**

**Opportunity for export of Canadian made Boots and Shoes for civilian wear.**

The weekly bulletin of the Department of Trade and Commerce, Ottawa, states as follows with regard to the present opportunity for the export of footwear from Canada to the United Kingdom:

Attention has been frequently drawn in former issues of the Weekly Bulletin to the opportunity, which now exists for the export of Canadian-made footwear to the United Kingdom. That there is a distinct shortage of civilian footwear is apparent from the opinions expressed on all sides and also from the advancing retail prices now asked for the public. The shortage is occasioned by the fact that English manufacturers are fully engaged (and are likely to continue so) on orders for military boots for all of the allied forces.

"Merchant warehouses, which usually are so well stocked with boots and shoes are, in many cases, considerably depleted of supplies. The effect upon prices to the public has been most marked and is likely to become even more serious as time goes on.

"It is understood that in addition to the present output for the British Army, the Italian, Russian and Serbian governments are about to place orders with an English syndicate for 4,500,000 pairs of army boots to be divided among different manufacturers. It will thus be seen, that whilst the output of English manufacturers is diverted to military boots, little attention can be given to civilian requirements.

"The retail price of footwear to the public is already high and the present tendency of the market is that in view of the great output for war purposes, values will continue their upward movement."

**Pantry Sale at Westfield.**  
The residents of Westfield are eager to contribute to the Patriotic Fund, and hopefully look to their friends in all the suburbs as well as in the city to help them with a pantry sale and tea to be held in the meadow at the home of Mr. and Mrs. Howard Wilcox on Wednesday, August 18th, from 2 until 7 p. m.

**GERMAN KAISER LIKENED TO GREAT CAESAR**

**His Kingdom shall fall as did that of the Roman, says preacher.**

Rev. C. W. Dockrill of Brookline, N. H., preached in the Congregational church last evening. The subject was Peters confession of Christ, and Christ's answer. Mr. Dockrill pointed out that while Peter was with Christ for two and a half years, yet it was not until the divinity of Christ was shown to all that he was convinced. The church was not to be founded on Peter, but on Christ, who is the real Rock. "Never," Mr. Dockrill said, "was the Bible so extensively read as at the present time. Every soldier has a copy of the New Testament given to him before going to the front, and almost without an exception, they are being read. Even in the trenches many brigades and regiments kneel in prayer every Sunday morning, while the chaplain leads the service. There was a Caesar, long ago, who started out to subdue the whole earth. About that time a child was born, who in later years, dismembered the whole kingdom of Rome. In the same way, a spirit is being born today in the hearts of all Britons, which will prevail against the Caesar of the present day—the German Kaiser—whose sole object in life seems to have always been to rule the whole world."

Mr. Dockrill has travelled extensively in the New England states, and he says that since the war began he has not found one person, even among those of German descent, whose sympathies were not with the Allies. He says never before has the people of the American Republic held so high an opinion of Canada as they have acquired since the Canadian soldiers have shown themselves so efficient. In conclusion, he said that we should be optimistic about the war, as the cause of right will always prevail in the end, though the issue may seem doubtful at the start.
