perpetrators have escaped detection.

This is the old story. The disestablishment of the English Church, the removal of all Catholic disabilities, the pardon of most of the Fenian rebels, the popular grievances on the land question. Shooting, burning and beating are comnon, and conviction of the perpetrators next to impossible. The acts of violence are done by a few, we suppose, but the ympathies of the great mass of the peoole. It is this fact that makes reports of

Irish outrages sickening. When murder occurs elsewhere we attribute it to the greed or revenge of the perpetrators, but when agrarian murder reddens the merald turf of Ireland we know that a the fatal shot or used the death-dealing club—guilty because they applaud the deed and conceal the perpetrator. What friend of Ireland can hear of the deeds of violence done by the peasantry of that ountry without sorrow? What Irishnan can hear them without shame?

The land is owned by a compara tively small portion of the people, just as is the case in every other old country, in five hundred, years or less, and the much of grandeur and luxury and stimulate andlords make all they can out of their property, thereby differing frem other the simple citizens of St. John who will is the object of so much labor by the nimmen in no respect whatever. Give any visit here, they have left the rear of the ble fingers of the fair? What is to be the of the leaders of the war on landowners great estates and they will become no-

torious in a month for oppressing their The greatest source of trouble is not so much that Irish landowners are different from those of other countries, or that less land is owned by the tillers of Brunswick on their way to Ottawa a lerstand that the terms offered by either amalgamation of the two companies for the purpose of greater security to the
