Picnic was a Big Success. One of the finest picnics that was ever held by St. Matthews Sunday School was that on Saturday afternoon.

The scene was Victoria Park. The attendance was large as was seen in the parade which left the school at two o'clock headed by members of the 108th band. The route was along Church Queen and Courtland avenue. The line in the park stretched from the bridge at the rear to the bridge leading to the island. At the park a program of sports was provided.

Supper and refreshments were served. Many members of the Church and friends were also present.

Chautauqua Close Successful.

The big week of big fun came to

a close on Saturday evening. The

Chautauqua has come and gone and

left pleasant memories of the season

1919 behind among the people of

this city and Waterloo and the many

other people in the county who at-

tended. The stakes of the tent were

piled up early this morning. The

last day's program was equally de-

lightful as any previous parts.

The entertainers were the Jubilee

singers, a colored quartet of able

artists, and Signaller Tom Skyehill,

the noted Australian poet who spoke

at the closing of the Chautauqua.

The artists also rendered their services

at the memorial program yesterday

afternoon. Their numbers were much

appreciated by the big audiences that

were present. The individual members

of the quartet possess a voice that

is very pleasing and charming. Be-

sides this there is the harmony and

beautiful blend of the four into one

whole. This harmony is as beau-

tiful as the individual voices are

pleasing. Deserved applause came

after each selection. The address by

the speaker was as oratorical and

arousing as the peace day message.

Many were present at the closing

program as at the previous events.

## Spring Fever—What Is It?

THREE o'clock in the afternoon—and absolutely no "pep." You call it spring fever, but is it?

When you are constipated waste matter remains in the intestines, decays, forms poisons which are absorbed into your blood and carried by it to every cell in your body. When your cells are thus poisoned, of course you have no "pep."

Pills, salts, mineral waters, castor oil, etc., merely force the bowels to act, and make constipation and self-poisoning a habit. Nujol is entirely different from drugs as it does not force or irritate the bowels.

Nujol prevents stagnation by softening the food waste and encouraging the intestinal muscles to act naturally, thus removing the cause of constipation and self-poisoning. It is absolutely harmless and pleasant to take.

Nujol helps Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world. Get a bottle of Nujol from your druggist today and watch your "pep" come back.

Warning: Nujol is sold in sealed bottles bearing the Nujol Trade Mark. All druggists insist on Nujol. You may suffer from substitutes.
