QUEBEC, April 19.-Nine men were i drowning accident occurred yesterday instantly killed and three others seri- at the Grand Trunk Pacific crossing of Battle River, in which four men lost their lives by drowning. The victims were Woodford Readman, Northampously wounded by a premature explosion of dynamite at the railway construction camp of Murdoch Bros. at ton, England; T. Kirby, Homesteader Armagh, Bellechasse County, on Satur- Alberta; A. Lemmons, St. Boniface Man., and E. Levis, Camra, France, A

But few details have reached Quebec by outgoing ice, and a scow was built from the scene of the fatality heyond to ferry the workmen across. The the fact that it was the result of a boat with six men was leaving the premature explosion of a blast that practically cut off the existence of a blasting party, the under-foreman of which was A. Campbell, who came from New Brunswick.

This seemed to be too much for the scow, and about midstream it swamped and threw its occupants into the water. Three swam as nore and two regained

The other men were mainly natives the scow and they rescued the third. of that part of the country, only one, The three remaining men were caught mile Charette, being married. He None of the

QUEBEC, April 18.—Preparations for the big tercentenary celebration are going on apace, and good regular drill-will commence on the big pageantry performances. Frank Lascelles in dis-cussing today the progress made said that taking into consideration the unrivalled situation of Quebec, that there was no reason why the Quebec pageant of 1908 should not prove the very finest thing of its kind ever seen in the world's history. It transpired today that the costumes are well under way and are being especially manufactured in England. The fireworks will be unique and probably the finest in the world's history. A series of ninety inch bombs are being especially manufactured in London. These pieces will be was master of ceremonies at the colthe most spectacular ever seen and each one after exploding will hurl a shower of 3,000 colored lights. The roar of the bursting bomb will be heard "Today," he said, "there are those 30 miles distant. Special apparatus is being constructed to throw these bombs
