

the third row from the top, while in the centre of the entire lot are Rev. L. L. Langstroth and Moses Quinby, the fathers of American bee-keeping. We would scarcely have known our friend "Ernest" had no name accompanied his photo—those whiskers so change his entire appearance. Every bee-keeper should have one. Mr. Holtermann is the Canadian agent.

THE O. B. K. A. CONVENTION.

The date at which this convention is now called (January 5th and 6th) will suit the Canadian Commissioners. In a letter from Mr. Corneil, Secretary, to-day (Dec. 8th) he says:

"Mr. McKnight left for Ireland on the 25th Nov., and will sail either next Thursday (Dec. 2nd) or the Thursday following. Mr. and Mrs. Jones have just been discussing the chances of their being able to sail on the 9th, and the conclusion is that they cannot do so. I shall probably sail on the 9th inst."

He also mentions that the balance of honey on hand was about 1400 lbs. extracted and 1800 lbs. comb, for which they had been offered 4d. and 6½d. respectively, but they were holding for a better price. The City Hall has been kindly granted us for the purpose of our meeting. There should be a rousing meeting. We may probably have some of our American cousins with us.

CONVENTION NOTICES.

ONTARIO BEE-KEEPERS' ASSOCIATION will meet in annual convention in Toronto, Ontario, (at the City Hall) on Wednesday and Thursday, 5th and 6th, Jan., when the commissioners of the association will make a report of their trip to England, and other business of importance will be transacted. A full attendance is requested. W. COUSE, Sec.-Treas., Meadowvale, Oct. 25th, 1886.

GREAT UNITED CONVENTION.—The New York State, Eastern New York also the New Jersey and Eastern Bee-Keepers Association will hold their great united Convention in Albany, N. Y., January 11th, 12th, and 13th. This Convention will be one of the largest, if not the largest, ever held anywhere in this country, and it behooves every bee-keeper to attend—a grand exhibit of apiarian fixtures is promised—An unusually brilliant programme will be prepared and announced later. Joint Secretaries.—GEO. H. KNICKERBOCKER, JOHN ASPINWALL, F. E. JOHNSON.

SPECIAL NOTICES.

REDUCED PRICE OF SECTIONS.

We have a good many thousand sections cut and stacked up in boxes ready for shipment, and if there are any who feel like laying in a good lot of sections for the season of 1887, we will give them a specially low quotation, so that after counting the interest on the money for eight or ten months, there will still be a good margin of profit in their favor. Of course these quotations will only apply to regular stock, unless where orders are for over 10,000 in odd sizes. Regular

sizes are 3½x4½ and 4½x4½ and in widths of either 1½ or 1¾ inches. The prices we quote are, per 1,000, \$4.25; 10,000 or over, \$3.75. By the way, we didn't mention that these prices are for one-piece Linden (formerly Basswood) V groove sections. Dovetailed and spruce sections, we will furnish at 10% off price-list rates.

HONEY MARKETS.

BEEETON.

EXTRACTED. Quantities have arrived, nearly all of which has been disposed of, at about the same prices as were paid. For A 1 clear, clover or linden, 10 cts. is paid; Mixed flavors 9½ cts.; Amber colored 9 cts.; Fall honey 8 cts.; Buckwheat 6 cts. COMB.—Demand is thus far light, a market can at once be found for 500 to 1000 pounds of nice plump one-pound sections, 15 cts. is the best price; No. 2 13 cts. There is very little left in this country.

BOSTON.

Honey is selling very well but prices are very low, and we are often obliged to shade our prices in order to make rates. We quote 1 lb. comb, 14 to 16 cents. 2 lb. comb, 12 to 14 cents. Extracted, 6 to 8 cents.

BLAKE & RIPLEY.

DETROIT HONEY MARKET.

Best white comb honey in one pound sections 11 to 12½ cts. with a large supply in commission houses. Extracted 7 to 9 cts. in 60 lb. tin cans. Beeswax 23 cts.

M. H. HUNT.

Bell Branch.

CINCINNATI.

There is a lively demand for table honey in square glass jars and the demand for nice comb honey is very good. Demand from manufacturers is slow for dark grades of extracted honey. The range of prices for extracted honey is 3 to 7 cents a pound on arrival. Nice comb honey brings 12 to 15 cents a pound in a jobbing way. There is a good home demand for beeswax. We pay 20 to 23 cents a pound on arrival.

CHAS. F. MUTH & SON.

NEW YORK.

The market for new crop comb honey is just opening. We note an improvement in sales and prices. Most of the comb honey that has arrived is badly colored, which makes it second grade, and we suppose is due to a poor season and long finishing. We quote 1886 crop as follows:—Fancy white comb, 1 lb sections, clean and neat packages, 15 to 16c.; fancy white comb, 2 lb. sections, clean and neat packages, 12 to 13c.; fair to good, 1 and 2 lb. sections, clean and neat packages, 10 to 14c.; fancy buckwheat, 1 & 2 lb. sections, clean and neat packages, 9 to 12c.; extracted white clover, kegs or small barrels, 6½ to 7c.; extracted California honey, 60 lb. cans, 5 to 5½c.; California Comb, 10 to 11c.; beeswax, 22 to 24c.

McCAUL & HILDRETH BROS.

CHICAGO.

Since my last quotation honey has come forward very freely and from information now at hand it would appear that the Middle States will have all the Honey produced at home this
