ODE.

INSCRIBED, WITH PROFOUND CONTEMPT, TO JUDGE KEOGH.

BY SOGGARTH.

Immortal offspring of an honest sire, I hail thee, Jove-like on stern Justice seat, While crime stands trembling in the fated dock Watching that mighty front whose dreadful nod Shakes the vast globe as far as Tuscan's shore!

The brightest gem in all the British State,— Keen lever of deep, tortuous policy— Is clear discernment of those patriot souls Who, eager sleuth-hounds! do the game pursue Of pension, ribbon, wig, emolument

When bandits ceased to bay in Erin's glens A little while? Thy voice was still for war.— To forge the thunderbolt rhetorical And hurl swift lightning on the foe was thine!

Fearful and trembling, through an honest land, Whose love of justice e'en her foes applaud, Bayonet surround her and the clamping steeds Of martial horsemen tramp before; behind A trumpety mob of bailiffs, fiercely brave With lightened ladies and wee Celtic babes!

On glory's heights Macedon's mad boy of genius wept Because another world could not be his; Behold, in Infamy's dark lowest depths, Where Keogh lies moaning in his sullen wrath, "Another country is not mine to sell!"

Who dares besmirch the land that gave thee birth And cherished thee, thou viper! at her breast Till thou didst turn and sting her to the heart For all the love she gave thee! May the tongue Which did defoul the apostle of our Isle And call "disgrace" the reverence which our hearts Pay to the memory of great Patrick's deeds, Rot in thy craven throat!

IN SEARCH OF A RELIGION.

The World, noticing the mutations of modern belief, supplies us with the following record of the wanderings of a modern member of civilized society in his search for a religion:

Nine years of age—An attentive Sunday school scholar. Ten—Has committed to memory 2,000 verses of Scripture. Eleven—Joins a church. Twelve—Model boy. Thirteen—Sent away to a boarding school. Fourteen—dot so model. Learns to smoke. Seventeen—Begins to be "liberal." Twenty—More liberal. Twenty-one—Slightly skeptical as to the Bible. Twenty-two—Doubts Noah's flood, Joshua's sun, and Jonah's whale. Twenty-three—Renews Bible belief and becomes Episcopal Low Church. Twenty-four—Becomes Episcopal and High Church and drinks lager. Twenty-six—Joins a scientific debating society and becomes a close student of geology. Twenty-seven—Orthodox belief wrecks on the "testimony of the rocks." Twenty-eight becomes a Unitarian. Twenty-nine—Becomes a Universalist. Thirty—Attends a course of parlor lectures Radical on all subjects. Starts a community of congenial spirits, who quarrel, bark, hiss and scatch each other like cats and dogs, after six week's communion. Leaves, Lawavit and scandal. Thirty-one—Throws the whole Bible overboard, and laughs it to scorn. Is enraged at the least at the least mention of Moses, Aaron, and the Apostles, Slanders Abraham, David and Solomon. Very proud of speaking of, and announcing his "principles" in public. Declares his scorn of people who dare not.

Thirty-two—Is turned head and crop out of the Universalist Church. Falls through everlasting moral space into nowhere. Begins to think it does not pay to speak out so openly in meeting. Thirty-three—Becomes a secret tapping-tapping Spiritualist. Thirty-four—Becomes a piano-lifting, flower-growing, invisible-voiced, and body-lifting Spiritualist, and hunts for K'dd's money under spirit direction. Thirty-five—Becomes an apparitional materializing Spiritualist. Communes with Captain Kidd and Shakespeare. Thirty-six—Detects a fraud Renounces Spiritualism. Thirty-seven—Joins the Liberal Club and combats everything. Thirty-eight—Leaves Liberal Club and becomes a Theosophist. Grants premiums to ancient wisdom and communes with the "elementaries." Thirty-nine—Believes in total annihilation for a year and determines to get all the fun possible out of this life. Forty—Writes a book on "Pure Nothingism." Forty-one—Renounces Pothingism and joins the Scientists, Worships mathematically, and praises it rhomboids, cubes, triangles, and chemical formulas. Reduces emotion and sentiment to vegetable and mineral constituents. Forty-two—Reads Darwin and ciphers his genealogy down to a clam. Forty-three—Shakes off Darwin, Takes to swedenborgianism for a rest, Advertises for some new faith. Forty-four—Thinks of joining the Catholic Church. Not that he can believe anything at present, but the Church, as he remarks, will "save him the trouble of thinking." Temporary faith.

CANADIAN CATTLE AND HORSES.—An interesting parliamentary return has just been issued, giving particulars of the growth of the cattle trade between America and this country. I take from it the following statistics:—In 1873, 62 cattle were imported into the United Kingdom from Canada, and 362 cattle and one sheep from the United States 1874, 273 cattle from Canada, and one lead of cattle and one sheep from the States; in 1875, 1,212 cattle from the Dominion, and 299 from the States; in 1876, 2,653 cattle and 1,865 sheep from Canada, and 392 cattle from the states; and in 1877, 7,649 cattle and 10,375 sheep from Canada, and 11,538 cattle and 13,120 sheep from the States. These figures speak for themselves. Canadian cattle recently landed have arrived in Liverpool in extraordinary good condition and have realized top prices. With regard to the extensive purchases of horses made, or about to be made by the Government, I am in a position to state that they have only bought some three thousand of the twenty-one thousand they require. Large numbers of very servicable animals were offered to the Governments in various parts of Great Britain, and the buyers will not have to leave the United Kingdom to obtain the class of beasts they require at reasonable prices. These animals are second-class horses, but first-rate carriage horses as dear as ever, and will always fetch high prices. Hence I would advise Canadian breeders to bear these facts in mind when breeding this spring.—London Correspondent

EPPS'S COCOA.—GRATEFUL AND COMFORTING.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame.—Civil Service Gazette. Sold only in Packets labelled—"JAMES EPPS & CO., Homoeopathic Chemists, 48 Threepenny Lane, and 170 Piccadilly, London, Eng.

The successful cultivation of fruits is not generally regarded as the prerogative of a new country; but the fact that as long ago as 1871, Nebraska exhibited at the annual session of the American Pomological Society, held at Richmond, Va., the magnificent assortment of 146 varieties of apples, 15 of peaches, 13 of pears, besides plums and grapes, and received the first premium for her display, should awaken attention to the fruit-growing capacity of this wonderfully productive State.

DIED.

KEARNEY.—In this city, on the 30th April, Patrick Sarsfield, youngest son of Patrick Kearney, aged 2 years and 14 days. The funeral will take place from his fathers residence, Corner Parthenalis and Mignons Streets, on Thursday morning, the 2nd May, at 8 a.m. Friends and acquaintances are respectfully invited to attend. 38-1

HAYES.—At New Mills, Restigouche, N.B., on the 18th inst., at her own residence, Catherine Hayes, at the advanced age of 88 years. The deceased was a native of the Parish of Killybeggin, County Kerry, Ireland, and emigrated to this country in the year 1827, and was highly respected by all who had the pleasure of her acquaintance.—May her soul rest in peace.

LIVE STOCK MARKET.

FAT CATTLE.—Twenty-one carloads of cattle arrived from the West during the past week for sale in this market. Although a good many of them were brought up for shipment to Britain, yet there remained on the lot a number more than were needed to meet the requirements of city butchers, consequently sales were dull at prices tending downward, although the quality of the cattle offered was better than common. Prices paid by butchers ranged from 4c to 5c per lb. At St. Gabriel Market, where the following sales were made to-day. Fred Richings, of Rose Hill, sold a very fine five year old steer, weighing 2,150 lbs., to Ald. McShane, at 6c per lb., less 5c. This steer is destined for the English market. Mr. Richings also sold three steers weighing 3,610 lbs., to E. Charters at 4 1/2c per lb., and to J. Monette two steers for \$100, and two others for \$80. J. Elliott of Kingston had three carloads of cattle on the market he sold twenty cattle to Wm. Head at 4 1/2c per lb., also two fine bulls to Mr. McShane to be shipped to Britain, the price paid being \$10 for the two. T. G. Conn, of Stratford, sold twelve steers to H. Benallaack at 4 1/2c per lb., less 25c on the lot, he also sold the balance of his lot to other parties at from 4c to 4 1/2c per lb. At St. Ann's Market at 5c per lb. he also sold to other parties nine cattle at 4 1/2c per lb. William Jack of Lindsay sold ten steers to Ald. McShane at 4 1/2c per lb. McConvey sold nine cattle at 4 1/2c per lb. N. Kelly of Toronto sold a very fine heifer, weighing 1,200 lbs., for \$75. Wm. Head sold thirty cattle at from \$20 to \$60 each, or from 4c to 4 1/2c per lb. R. J. Hopper sold nineteen cattle at from 4c to 4 1/2c per lb. At Viger Market there was a considerable number of beef cattle brought from places near the city. N. Taillefer sold nine cattle at \$41 each. Wm. Roberts sold a number of fat cows and steers at from \$40 to \$50 each. A few fat cows belonging to milkmen were sold at from \$30 to \$40 each. Hogs.—There appears to be a slackness in the hog trade at present. The only sale reported to-day was twenty-three Ontario Hogs, sold by P. McConvey at \$1.50 per 100 lbs.
