

"THE BOOK THAT COVERS THE WEST" THE EATON FALL CATALOGUE

From Fort William in the East to Victoria in the West and from the international boundary in the South to the far-distant lonely camps of prospector and pioneer in the North, the mail carriers are now bearing the annual EATON Fall and Winter Catalogue in its hundreds of thousands.

To farm and homestead, village and hamlet, it is carrying a message of money to be saved, of quality attained, of service the best, backed by the guarantee that is the **EATON** standard of doing business. The goods we send, at the price, are the best values we can find, but should they not prove satisfactory to you in any way, return them and either an exchange will be made or your money, including shipping charges paid by you, will be refunded at once, as you desire.

**It is Particularly Interesting
this Fall**

This Fall particularly is our book especially worth while, for it is bigger than ever and filled from cover to cover with goods our buyers have spent the last year in searching out and putting into stock.

Heavy as was the demand last Fall, we have anticipated an even greater and more continuous call on our resources this year, and to this end have purchased and stored articles to wear, articles to use in the home and in the fields, in such quantities that other big warehouses, in addition to our own immense buildings, have been requisitioned to store them. You can see what such stock capacity means to you in the way of rapid service, in addition to the low pricings made possible through the discounts received by the cash purchase of so vast an amount of goods.

ORDER FROM OUR CATALOGUE AND YOU GET EVERY ADVANTAGE WE HAVE TO OFFER

If you haven't received your copy, drop us a postal card—all you need put on it is the request for the book together with your name and address, clearly written—the catalogue will go out to you by return mail.
