Williams' Holder Top Shaving Stick

PAT EN TED

Williams' Holder Top Shaving Stick comes pretty near perfection. It not only has the quality that has made Williams' Shaving Stick in the Hinged-cover Box so popular, but the added convenience of the Holder Top. Your fingers do not touch the soap. By the nickeled cap in which the Stick is fastened, you can hold it as firmly when used down to the last fraction of an inch, as at first.

That peculiar creaminess of lather, the softening, soothing effect upon the face, found only in Williams' Shaving Soaps, have made them always the first choice of discriminating men.

Three forms of the same good quality:

LONDON MADE SUITS TO MEASURE

There is a distinctive style and finish about a "Curzon" Suit which the "ready-to-wear" or "semi-ready" garments sold in Canada and the States lack. Indeed the "Curzon" cut and finish is hardly equalled even in garments sold by the best Custom Tailors, whose charges are always prohibitive, if not altogether prohibitive. There is just that ease and comfort about our garments which give the wearer a "well at ease" appearance.

Then there is the cloth to remember: nothing but real British materials every time.
