Dear Sir:

Re No. 369316.

On September 13th you wrote me regarding fencing of the Indians' plot at Rocky Point, this province, and on November 3rd you wrote that the matter was at that time being given consideration. The matter is of importance to our interests and we would like to know if the Department has come to any decision as yet at to what action is to be taken, and how soon.

Yours faithfully,

Robert L. Cotton
