taken a run up for a couple
of days but I'll not get any
holidays now till September
anyway.

It is awfully good of you to
remember me & I appreciate
your invitation very much,
especially when I could an-
ticipate such spontaneity
& affection on my arrival!
By the time you receive this,
I shall be in sole charge of
a men's surgical ward with
from 30 to 40 patients every
night.

The responsibility is tremendous
but the experience A. I.

Please give my personal love to
your mother & her to return I have
a letter half written & said-fried it -
& will mail many many thanks
Believe me

Yrs very sincerely
Arthur
