**Cured Two Bone Spavins of Ten Years' Standing.**

Dr. R. J. Kendall Co., Toronto—Some years ago I had your famous ointment sent me a horse that had two Bone Spavins, and it removed them entirely. The horse has since been in harness and was of the best of his kind. I now have a case of a more that was cured by your ointment. Every bone and joint in the horse is completely restored to its normal condition. I have used a small quantity of your ointment on the horse and the horse is now perfectly cured. I have used your ointment on many other horses and they are all cured. I have used your ointment on many other horses and they are all cured. I have used your ointment on many other horses and they are all cured.

Price 50¢ per tin for a trial. For family use in two tin boxes. Ask your druggist for Kendall's Spavin Cure, and "A Treatise on the Horse," the book free, containing

**A Sudden Call**  
Among those who waited upon the Ottawa government on January 8th and asked for more stringent regulations governing the bringing of inferior breeding stock into Canada was W. R. Stewart, of Fort McLeod. Within a week of that date Mr. Stewart dropped dead in the telegraph office in St. Thomas, where he went to send a message. He was a man well-known among the breeders of the Territories, being at the time of his death president of the Territorial Horse Breeders' Association. He was sent east to specially represent western interests before the government, and his sudden taking away will leave a blank that will be hard to fill. He was buried at Guelph, his former home before moving west, on January 21 last.
