**FARMING WORLD**

Dairy and Cold Storage  
Commissioner Fe 09  
(Agricultural Dept.)

PETERBORO, ONT. AUGUST 26, 1908

**A GOOD EXAMPLE OF THE VALUE OF GROWING GRAIN IN MIXTURES**

The field in the illustration is owned by Mr. Geo. D. Curry, of Huron Co., Ont. He says: "My mixtures always yield the heaviest." Where grain is to be fed on the farm, and not grown for sale, it is always an advantage to grow it as a mixture. Besides yielding heavier, the mixed grain is of greater feeding value than grains fed separately.
