

LAND AT FORT WILLIAM For Sale

100 acres of the finest garden soil in Western Canada, only five miles west of the prosperous City of Fort William, on the line of the new street railway, and under construction, which will be run through the property, also only 1/4 mile from the junction of the C. P. Ry. Railroad and P. D. and W. Ry. Ry. \$100 per acre, one-tenth cash, balance extended over nine years, payable in nine equal instalments, all able in nine equal instalments, all bearing interest at 5 per cent. 10 acres of choice garden land, only four miles west from the City of Fort William, on Arthur street, which is the main thoroughfare and only one mile from Nechling siding on the C. P. Ry. Line. The above property is also well adapted for dairy farm as it has a fine spring creek running through the property. It is high and dry and free from stones. The price is \$30 per acre, one-third cash, and the balance in four years, payable in four equal instalments, within one, two, three and four years, with interest at the rate of 5 per cent. per annum.

FORT WILLIAM - ONT.

OWN YOUR OWN 360 ACRES ON EASY TERMS

Many farmers with small capital, tenants and others, would take up land in the Canadian West, but homesteads are now hard to select, and the conditions are exacting, while land for sale are usually stringent in first cash payments, and for short terms.

Holding considerable areas of splendid land, well situated near stations, with one hundred feet upwards to five miles along the main line of the Canadian Northern Railway, between Battleford and Minnisk, it is my wish to dispose of the same to the benefit of both myself and the purchasers.

Recognizing that it takes even the best farmer with small capital some time to get a fair start, I WILL SELL ON VERY EASY TERMS, AND GIVE LONG TIME FOR PAYMENT.

But no lazy or inexperienced farmer need offer to buy, while married men with families are preferred.

Certain improvements will require to be made annually, from the outset, and there are other terms and conditions to be complied with.

For particulars, address:

THE RATE OF THE BUILDING

Think of the terrible wear and tear a roof gets in the winter—freezing, thawing, rain, sleet, snow, ice and sleet—storms and winds, the beating down-pours and burning sun of summer. No other part of the building is subjected to tests half so severe. Yet, through it all, PAROID roof covers the walls usually need repairing long before the Paroid roof is in any way worn out.

PAROID ROOFING

Among many examples, we point to the U. S. Government Buildings at Havana, Cuba. These were roofed with PAROID over 40 years ago. Neighboring roofs of other kinds have been frequently replaced, but the Paroid roofs are still in good condition, and for the reason that they are so durable. In spite of the fact that these Paroid roofs have never leaked—never cost a cent for repairs.

Other Government Buildings
Since testing PAROID in Cuba, the U. S. Government has had on hundreds of other permanent buildings in all parts of the world, for it has proved a permanent roofing. In 1907, 25 carloads of Paroid for the U. S. Government were shipped to the Philippines. The permanent Government buildings in Panama are roofed with Paroid.

The Secret of Paroid
The felt used in PAROID is a downright good, that, unprotected, it would last as long as many roofings. Then the life, strength and toughness with which it is multiplied many times by the secret preservative compound, every pore being saturated with which it is thoroughly saturated, every pore being sealed absolutely water-tight and air-tight, elastic compound coated with a almost solid, impervious film.

This protecting coating is impervious to all the destroying forces of nature, it is the air which so soon eats the life out of shingles, and other roofings—dries them out—causes cracking, decay, and decay.

This PAROID coating is heat-proof, cold-proof—neither melts, blisters, the flying sparks and brands which are common to other roofings.

OUR GUARANTEE
That we will give you every square foot of roofing material that we sell, with a guarantee that this could be made in any other way. Dealers everywhere sell PAROID.

FREE BOOKS
"For the Man Above the Build" "Frostbite Handbook" tells how to get a more one-half the than shingles, comfort and safety. Home, you know NIPSON'S WATER-PROOF PAPER will save one-third of your cost of roofing. PAROID ROOFING shows how PAROID works on factory, farm and home buildings. Write to-day and tell us the kind of right book and we will send you the book free.
