

THE "PATRIOT" Hand Power Washer

There's nothing like a power washer, such as the "Seafoam" Combination washer and wringer—if you have power; gasoline, electric or wind engine. Even if no power is available, however, it is not necessary to do the work in the old back-breaking fashion.

The Patriot, Spiral Cut Gear Hand Washing Machine makes washing just as easy as it can be made without mechanical power. A child can work it easily, even when the washer is heavily loaded. The reason is found in the balanced fly-wheel and the ball bearings.

Send for pamphlets about either the "Patriot" Hand, or the "Seafoam" power washer.

FARMER and SALESMAN

BOYS

HAVE YOU EVER STOPPED TO THINK THAT AMONG A HUNDRED OTHER THINGS, THE SUCCESSFUL FARMER MUST ALSO BE A GOOD SALESMAN?

It would not be of much use to produce good crops and stock without being able to sell them at a fair profit, and when it comes to disposing of his produce, a farmer has to be very familiar with the markets, and in most cases the price he gets depends on his own ability as a salesman to drive a bargain fair to himself.

Now is The Time to Learn

To be a good salesman it is necessary to be able to show the buyer that what you are offering will be of benefit to him, and to do this you must only offer things that you have confidence in yourself.

You Can Learn Salesmanship and Earn Money

at the same time, and the work you will do can be done in spare time. An hour now and then will give you good experience and a pleasant one.

The Farmer's Advocate and Home Magazine

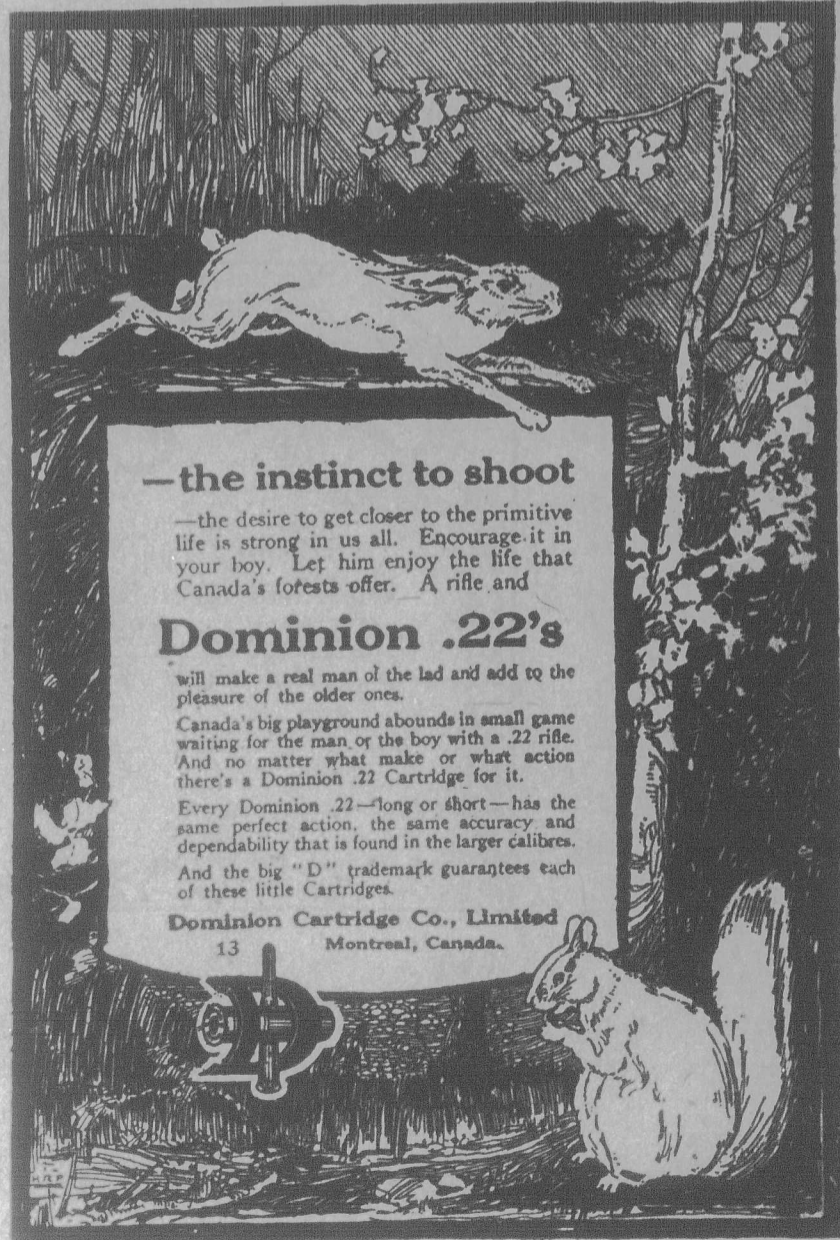

is well known all over Canada as the best Agricultural Journal. There are still farmers near you who do not subscribe to it. YOUR OPPORTUNITY is to induce as many as possible to read the paper, and we will pay you well for the names you send us.

Dominion .22's

will make a real man of the lad and add to the pleasure of the older ones.

Canada's big playground abounds in small game waiting for the man or the boy with a .22 rifle. And no matter what make or what action there's a Dominion .22 Cartridge for it.

Every Dominion .22—long or short—has the same perfect action, the same accuracy and dependability that is found in the larger calibres.

And the big "D" trademark guarantees each of these little Cartridges.
