In writing to advertisers please mention the Farmer's Advocate.

The importation of all live stock from Africa to Australia is to be prohibited by Order-in-Council owing to the rinderpest plague in the former.

At Portland, Me., John R. Gentry reduced the world's pacing record to 2:00, and Mr. Hanemeyer's double team, Henrietta and Miss Lida, trotted a mile together at Comac, Long Island, in 2:13.

Foxes are doing a deal of mischief among the lambing flocks of the south-east district of South Australia. The foxes eat out the tongues of the lambs. They kill and leave the rest of the carcass to rot.

The prize list of the National Horse Show of America, to be held at the Madison Square Garden, N.Y., on Nov. 9th to 14th, inclusive, is at hand. The premiums offered amount to \$33,000, being some \$3,000 over the sum offered last year. Entries close October 17th.

Mr. H. N. Crossley, Sandy Bay Farm, Rosseau, Ont., recently sold, to go to the U. S., his two-year-old Hackney stallion, Rosseau Fireball, by Fireworks, and out of Lady Cocking. This is a well-known colt, having had a very successful showing career, which need not be wondered at, having such noted ancestors. His winnings, always in strong competition, have been as follows: In 1885, 2nd at the Toronto Industrial, 1st at Montreal and Ottawa, and 4th at Philadelphia; in 1896 he won 3rd at the Canadian Spring Horse Show and 1st at the Toronto Industrial.

H. E. Williams, Knowlton, Que.: "Enclosed please find check for last year, also new advertisement, which please insert. I have been so busy I have omitted until now to write and tell you that I was very successful at our Fair, having taken first prize on Baron Hugo, my pure Victor Hugo bull, whose weight is now about 1,300 pounds and is one of the finest Jersey bulls in this Province. I also took several first and a few second prizes on others of my pure St. Lambert Jerseys. I am just sending a beautiful heifer calf to P. E. Island to-day, for a gentleman who appreciates a fine Jersey. She was first prize winner at Bromo County Fair."

"Mr. Peter Crawford, Dargavel, Dumfries, has sold a very well-bred and good Clydesdale colt to Messrs. Innes & Horton, Clinton, Ont. He is named Goldfinder II., and was bred by Mr. Wm. Kerr, Houdston, Girvan, his sire being the celebrated breeding horse, Goldfinder, and his dam the typical Clydesdale mare, Stylish Lady, which has bred some very good animals for Mr. Kerr, including the very good daughter of Lord Ailsa which we saw winning at Girvan as a two-year-old a few years ago. Her sire was Eastfield Style, and her dam a daughter of the Top Gallant horse, Skelmorlie. This is like a colt which will be of some service in any country, and we trust he may reach his destination in safety." - Scottish Farmer.

Hon. John Dryden, "Maple Shade" Farm, Brooklyn, Ont., writes: "I have sold to Mr. Nicholas Awrey, ex-M. P. P., for his farm, 12 miles east of the city of Hamilton, five beautiful Shorthorns. The purchase includes the six-year-old cow, Darling; dam, the imported Scotch-bred cow, Daisy, bred by K. Cruickshank, and sired by Prince Rufus - 57926 - Also the three-year-old cow, Butterline, by Mr. Conqueror, a bull formerly owned by Mr. Smith, of Maple Lodge; dam, Northern Beauty, by Sussex, out of Imported Northern Belle, by Baron Haverling - 34043 - Mr. Awrey also purchased a two-year-old heifer in calf, a yearling and heifer calf. All these animals are excellent individuals, and will, I have no doubt, form the nucleus of a valuable and attractive herd on Mr. Awrey's farm. I may also say that early this year Mr. Awrey purchased from me a handsome Shorthorn bull of Mr. Cruickshank's Brawith Bud family. On the occasion of his recent visit to Maple Shade, Mr. Awrey was so attracted by my little flock of Shropshire sheep that he induced me to part with all the ewe lambs I had for sale, which, added to the eleven yearling ewes bought last spring, gives him a flock of about twenty-five Shropshires. The sale has somewhat relieved our stables if it has not filled my purse, but we can easily repeat the order if any of your readers desire it."

The late Thomas Pugh, of Pennabank Farm, Whitevale, Ontario, was born in the parish of Llanbadarnfynydd, Radnorshire, Wales, in the year 1824, and came to Canada with his parents when he was seventeen years of age, the family settling in the Township of Pickering, Ontario County, upon the Pennabank farm, where deceased continued to reside until his death. At that time the country was but partially cleared, and Mr. Pugh could tell some very interesting and amusing stories respecting the logging bees and other pioneer experiences. Mr. Pugh early discerned the advantage of improving the native farm stock, and by the continuous use of thoroughbred males soon had a fine herd of Shorthorns, grade cattle, and improved sheep and swine of different breeds. On his grade animals he frequently took prizes, many being first awards, at the local and other fairs. About fifteen years since he commenced to breed thoroughbred stock, principally Shorthorn cattle and Shropshire sheep, generally having a herd of about thirty, and a flock numbering over two hundred, which were his special pride, and he spared no pains in improving them by culling, judicious purchases and importations, so that his stock got soon to be known and appreciated, and the firm of Thomas Pugh & Sons is now widely and favorably known. Mr. Pugh farmed on an extensive scale, and by his untiring industry, careful habits, business tact, and early foresight in improving his live stock, accumulated considerable wealth, being owner at the time of his decease of several good farms and other property, including his herds and flocks of Shorthorn cattle and Shropshire sheep, which latter will shortly be offered for sale by the executors of his estate. Deceased was at an early age married to Miss Anne Evans, who, with six sons and three daughters, survive him. From early manhood a prominent member of the Baptist Church, Mr. Pugh's time, talent and purse were ever available for its support and in furthering and aiding its missions and institutions. - [Contributed.]
