

Building? Yes.
Then it's a question of material.
Wood shingles you have found to be short-lived and disappointing. Prices have gone up, and you do not like to pay a big price unless you are sure of what you are getting.

We know what you want, and we have it.

This is an age of steel, and metal-covered buildings will be the buildings of the future. By their superior merits they have overcome prejudice, until to-day they are springing up all over the country, to the admiration and satisfaction of all.

Lightning proof, fire proof, weather proof, beautiful and durable. "A thing of beauty and a joy forever," or at least for twice as long as wood-covered buildings, and at much less cost.

Read What Others Say:

If I had another barn to roof, and could get wood shingles for nothing, would prefer to use your Corrugated Sheets. Signed, FRANK NAGLE, Delaware, Ont.

I am very much pleased with the Metal Ceiling. It looks fine, and I thank you for the kind way you tried to please me. Signed, ROBERT WOOD, Onondaga, Ont.

I am much pleased with the Safe-Lock Shingles on my house. I consider that I have an A1 job, and have not the least hesitation in advising anyone wanting roofing to go to Preston, as you gave us a first-class article and used us well. Signed, THOS. HAGGARD, Scotch Block, Ont.

Quality holds our trade, and our prices are as low as they will go. Write us for our catalogue, and let us quote you prices. What years have taught us is at your service.
