

Lump Jaw

The first remedy to cure Lump Jaw was

Fleming's Lump Jaw Cure

and it remains today the standard treatment, with years of success back of it, known to be a cure and guaranteed to cure. Don't experiment with substitutes or imitations. Use it, no matter how old or bad the case or what else you may have tried—your money back if Fleming's Lump Jaw Cure ever fails. Our fair plan of selling, together with exhaustive information on Lump Jaw and its treatment, is given in Fleming's Vest-Pocket Veterinary Adviser. Most complete veterinary book ever printed to be given away. Durable bound, indexed and illustrated. Write us for a free copy. **FLEMING BROS., Chemists, 75 Church St., Toronto, Ontario**

"Till we are married?"
"Yes, then you'll be mine."

"Mary," said a mother to her quick-
tempered little girl, "you must not get
mad and say naughty things. You
should always give a soft answer."

When her little brother provoked her
an hour afterwards, Mary clinched her
little fist and said, "Mush!"

Was Troubled With Sour Stomach and Biliousness

Miss Bessie O'Leary, Campbellford,
Ont., writes:—"I was troubled with
sour stomach and biliousness for two
years, and could get no relief until I
tried Milburn's Laxa-Liver Pills. I
had only taken them a short time
when I felt like a new person, and now
I can recommend them to all suf-
ferers."

There are very few people who have
never suffered from a sour stomach or
biliousness, but to those who are we
can highly recommend our Milburn's
Laxa-Liver Pills, as they are a spec-
ific for these not dangerous but very
unpleasant complaints.

The price of Milburn's Laxa-Liver
Pills is 25c. per vial, or 5 vials for
\$1.00, at all dealers, or mailed direct
on receipt of price by The T. Milburn

QUESTIONS AND ANSWERS. Veterinary.

LAME MARE.

Three-year-old driving mare went lame
behind early last spring. While stand-
ing, she rests the leg, and turns her head
towards it as if in pain. She does not
get any worse on exercise. There is no
sign of spavin or ringbone or stifle trou-
ble.

J. J. W.

Ans.—From the meagre symptoms
given, it is not possible to diagnose with
any degree of certainty. It will be wise
to have her examined by a veterinarian.
In cases of lameness, without visible
cause, the peculiarities of action have
great value in enabling one to diagnose.
It is quite probable the trouble is ring-
bone, which has not yet caused a visible
enlargement, and, if so, the coronet
should be fired and blistered, but it will
be wise to be reasonably sure of the seat
of lameness and its cause, before attempt-
ing treatment.

FATALITY IN COWS, ETC.

1. Two cows apparently all right in the
morning, were found dead at noon.
The carcasses were greatly bloated, and
blood issuing from nostrils.

2. Horse has contracted hives.

G. S.

Ans.—1. The symptoms indicate an-
thrax, for which there is no cure, and all
animals dying from it should be burned.
It would have required a microscopic
examination of the blood to determine
whether or not it was anthrax. The
disease is caused by a bacillus taken in
grass or hay grown on low-lying land.
If you have any more deaths, notify the
Department of Agriculture, Ottawa, and
a veterinarian will be sent to investi-
gate.

2. I presume you mean nettle rash.
Purge him with 8 drams aloes and 2
drams ginger, and feed on bran only for
two days.

PERCHERON HORSE SOCIETY.

in Canada, and where is its headquar-

A. M.

Ans.—Yes. Write the Accountant Na-
tional Live-stock Records, Department of
Agriculture, Ottawa.

In ordering a change of advertisement,
James Bowman, proprietor of Elm Park
Stock Farm, Guelph, Ont., the well-known
breeder of Aberdeen-Angus cattle, Clydes-
dale horses and Suffolk sheep, writes
that he has on hand over 100 Suffolk
sheep of all ages. Good yearling and
ram lambs are for sale at a very rea-
sonable price; also some ewes, which, if
purchaser desired, could be bred to his
good stock rams before being shipped.
This affords a good chance to obtain
foundation stock, or for Suffolk breeders
to infuse new blood into their flock.
This is a herd noted for its fecundity,
early maturity, hardiness, and mutton
qualities. Parties interested should
write, or call on Mr. Bowman.

Geo. Amos & Sons, Moffat, Ont., write:

into an exceptionally good one, as he is
sired by Waverley, and out of Imp.
Sweet Fragrance. Have also an eleven-
months-old calf, Collynie Floral, by Lan-
caster Floral, dam Imp. Collynie Frag-
rance. We feel sure these young bulls
will interest anyone requiring a good
bull. We have also one hundred White

Clydesdales ! Clydesdales ! Spring Hill Top Notchers

Gentlemen, we wish to remind you that owing to our late importations we won't be
showing at any of the fall exhibitions. Our lot comprises fillies and mares, stallions,
3 and 4 years old. They are the ripe cherries every one of them, and must be sold at
the lowest possible price to make room for this fall importation. There's no man
who ever buys a stallion or mare but who comes back again; why, because we have
the goods and back up what we say. We wish to thank every one for their kind
patronage in the past. Yours truly,
