75c. Lach prioritism: the Modern Stanism, by Thomas F. Coakley. The old Revelation is made "new" by Sir A. Conan Doyle. But the fact still remains that the Jew as well as Gentile was excoriated in the Old Testament for "seeking the truth from the dead." The only novel feature of modern spiritism is its hold upon the present generation. Dr. Coakley's work is the death knell of the Doyle idea that Spiritism is a religion. The chapters that comprise his book are clear, thearned and mortally logic expositions of the evil of Spiritism's clasms, with a generous array of lucid arguments to defend Christi-anity's impregnable position.
