

Cuts Cleaner--Turns Soil Over Better

In the design, the style and the get up of this Disc, the parts are all in the right proportion. As a result it has wonderful capacity.

The "Bissell" Harrow goes down deep and stays there without the need of pressure Springs. It cuts even, clean, turns the soil over, and pulverizes it better than any other Harrow made.

The frame is evenly balanced, lessening the weight on the horses' necks. This gives the "Bissell" lighter draught and makes it easy running and easy to handle.

In hard, tough soil the "Bissell" does its work clean and satisfactory. It is simple, easy to control, nothing

to get out of order.

We want to prove that the "Bissell"

Harrow

are the best, not only for Canadian

Farmers who know it, but for all others

farming in the West. Our free booklet tells why.

Plow and Harrow at Same Time

This plow attachment pulverizes and levels the soil as it is fresh turned and moist, thereby making a perfect seed bed before the ground gets lumpy and dries out. It is light running and requires no more horses than for ordinary plowing. Made for sulky and gang plows.

The cutting blades are made of the best plow steel, with plenty of curve to the blade so that it produces a draw cut. These blades are self-cleaning and cornstalks or trash cannot lodge.

THE NATIONAL ROTARY HARROW ATTACHMENT is destined to become the greatest farm labor-saver of the age! It does the work far better and easier than the old drag, because of the draw cut blades, and also because the ground is easiest pulverized and leveled when it is fresh turned. When your plowing is done, your harrowing is done! By all means SEE this great machine attachment. It will save you dollars, time and trouble. Ask your dealer to show it to you today. If he hasn't it, write us today and we will see that you are supplied. (1)

The Tireless Accurate Iron Hand

You can operate the Aspinwall No. 3 Potato Planter without the assistance of another man. The Aspinwall No. 3 not only saves you the extra man's pay, but also plants one-third faster than machines requiring two men. The hand that handles the seed on the Aspinwall No. 3 is the iron hand. Unlike the human hand, it never gets tired. It drops 99 per cent. good. You can use different sizes of seed and vary the distance of planting without requiring change of pickers. No other planter can compare with it in accuracy or handle as large a range of seed.

Send for our catalog L1. We are largest manufacturers of potato machinery in the world, and we can give you valuable facts on profitable potato culture.

hair. A man would not care to stand about on a cold day or try to rest at night with a heavy suit of wet clothes on. He would be much better off if he had on a light, dry suit.

The horse of to-day is healthier and a better worker than the horse of a century ago, but more is expected of him and he accomplishes more. If he is clipped in the early spring and a blanket is provided for protection whenever he is left to stand in the open on a day that is cold or at night when put into the stable, it would seem he is better off than the unclipped animal.

It is further argued that the clipped horse makes a great deal better appearance than the unclipped animal in the spring and there would seem to be no question but what that is true. It is also stated that the clipped horse is more easily cleaned and kept in good condition, which appears to be reasonable too, for with a short coat of hair he accumulates much less dust and the excretions of the body thrown off through the pores of the skin have a much better chance to escape.

A long winter coat is an admirable protection for a horse when he is not at work but when man takes him in charge and subjects him to heavy spring work after the winter months of rest he surely ought to do everything to make life as healthful and comfortable for him as possible. It would seem to be the course of reason to give him a good clipping and authorities in general at the present time are about united in favor of this course. The practise is getting to be a very general one throughout the country.

We would like to hear from those of our readers who are interested in this subject and who have had experience with clipping.

SALE OF LAKEVIEW HEREFORDS

Breeders of pure-bred stock would do well to note the advertisement as it appears in this issue, announcing the sale of fifty-six head of pure-bred Hereford cattle, the property of Jas. Tough, whose farm lies close to the city of Edmonton, Alta. No other breeder in Western Canada of this famous breed deserves more special credit than does Mr. Tough, for found on the slopes of Lakeview farm are a bunch of white-faces, a credit to any breeder, animals that would stand to win in the best of company. In the lot are 12 bulls, a number of serviceable age, the remainder being females, the majority in calf or with calves at foot. Most of the young animals in the herd are sired by Goldstone, a winner wherever shown. The sires now used in the herd are Albert Jr. and Rob Roy. Mr. Tough is disposing of implements and stock of all kinds, and intending purchasers would do well to write for further information.

DOMINION SWINE-BREEDERS' ANNUAL MEETING

At the annual meeting of the Dominion Swine-breeders' Association, in Toronto, recently, registrations for the different breeds in volume 20 were reported by the directors as follows: Berkshires, 1,214; Yorkshires, 1,775; Chester Whites, 607.

Lump Jaw
The first remedy to cure Lump Jaw was
Fleming's Lump Jaw Cure
and it remains today the standard treatment, with years of success back of it. Known to be a cure and guaranteed to cure. Don't experiment with substitutes or imitations. Use it, no matter how old or bad the case or what else you may have tried--your money back if Fleming's Lump Jaw Cure ever fails. Our fair plan of selling together with exhaustive information on Lump Jaw and its treatment, is given in Fleming's Vest-Pocket Veterinary Adviser. Most complete veterinary book ever printed to be given away. Durable bound, indexed and illustrated. Write us for a free copy.

Had Weak Back.

Would Often Lie in Bed For Days, Scarcely Able To Turn Herself.

Mrs. Arch. Schnare, Black Point, N.B., writes:—"For years I was troubled with weak back. Oftentimes I have lain in bed for days, being scarcely able to turn myself, and I have also been a great sufferer while trying to perform my household duties. I had doctors attending me without avail and tried liniments and plasters, but nothing seemed to do me any good. I was about to give up in despair when my husband induced me to try Doan's Kidney Pills, and after using two boxes I am now well and able to do my work. I am positive Doan's Kidney Pills are all that you claim for them, and I would advise all kidney sufferers to give them a fair trial."

DOAN'S KIDNEY PILLS are a purely vegetable medicine, realizing quick, permanent relief, without any after ill effects. A medicine that will absolutely cure Backache and all forms of Kidney and Bladder Disease.

Price, 50 cents per box, or 3 for \$1.25, at all dealers or The T. Milburn Co., Limited, Toronto, Ont.
