

**A WORD TO THE WISE**

The editors hope you enjoy reading The Guide. This year will see many important improvements made. We can promise our old subscribers many new, unusual and interesting features, a constant bettering of our service.

During the next few years Canada must solve the trying problems that will have resulted from the great war. The equitable solution of the reconstruction difficulties will determine the status of western agriculture—as to whether our prairies will be dotted with prosperous farms or the industry stifled by placing upon it an unequal portion of the vast burden of debt that has been created. Every farmer should keep posted—The Guide should be a weekly visitor in every farm home during this period.

Back numbers of THE GUIDE cannot be supplied. Send in your renewal promptly to avoid missing a single issue.

The follow address label on The Guide shows in what date your subscription is paid. No other receipt is issued.

Remittances should be made direct to The Guide, either by registered letter, postal note, postal, bank or express money order.

# Your Last Blow

## Make It Count

**Y**OU know Canada must supply the money to buy Canada's wheat. You know this country must finance its own exports. You know too, that *Victory Loan Bonds* are the greatest investment you can make, that it really pays to own them. But that is not why you are going to subscribe, and subscribe to the limit.

It is because your money means more than an investment, more than a certain number of bullets or of guns. It means all Canada in one great united effort striking a blow with the weight of the whole people behind it. Well struck, that blow may be the final one that crushes autocracy, but if we are half-hearted in this effort, if we seem to show a failing will, it will weaken the final effort of the Allies, it will aid the struggle of Kaiserism to find a little loophole for escape.

Our soldiers still fight on, the end for them is not in sight. But what if this were your last chance and you failed?
