Junior Ball

The Argos—the top notchers of the Juvenile League ran ashore Tuesday afternoon and lost their game to the Beavers by a score of 12-3. Batteries—Argos—Livingston and Wootton; Beavers, Stewart and Monahan. Umpire, Waddington.

The West Ends are keeping up their record by gaining another victory over the Duffs. The game was witnessed by a large number of the West Brant rooters and it showed some exceedingly smart playing. The score 10-3. Batteries—West Ends, Walters and Moss; Duffs, Ruddy, Force and Hurley. Umpire, Feely.

Notes. Moss, the catcher, for the West Ends played a star game. The Argos are not living up to their name very well. After Tuesday's game the players started arguing over their manager's errors and for a few minutes it looked like "Good Night" to Manager Alway.

Cheer up, Argos. You know even our professional team loses occasionally. The Juvenile League is creating quite an interest among the smart but fans in the city, judging by the turn out at Tuesday night's game.

The officials wish it to be known that the League is purely amateur, the boys buying their own suits and supplies with their own pocket money. No collections have been taken, whatever at any of the games.

A HOME RUN

Broke the Athletics' Winning Streak PHILADELPHIA, June 12.—A home-run, driven by Catcher Sam Agnew with two men on bases in the ninth inning yesterday enabled St. Louis to break the winning streak of the Philadelphia, and also for the series by 5 to 2. Until the eighth inning Houck had St. Louis shut out and had allowed but two hits. In the eighth, however, the visitors found him for two runs, and he was displaced by Bender, who pitched out the inning and then was taken out of the game to let Eddie Murphy bat for him. Brown pitched the ninth inning and lost the game. Levern held the locals to one run and three hits in seven innings, giving way to a pinch hitter in the eighth.

TIGERS HIT BALL HARD

Detroit took Final Game from Washington by 11 to 0. WASHINGTON, June 12.—Detroit won three out of the four series by beating Washington 11 to 0 yesterday. The Tigers hit the ball to all corners of the field, collecting fourteen safe hits for 25 bases. Sam Crawford in the second inning, hit a home run with the sacks occupied. In the seventh Cobb put the ball over the right field fence, scoring behind Vitt, Daus, the Tiger pitcher, was as much of a puzzle as on Saturday, and won two games for his team.

Stole Home Twice in the Fifteenth Inning. BOSTON, June 12.—A fifteen inning contest between Boston and Cleveland ended about sunset last night, with a nine to five victory for the latter team. With the bases full in the final inning Olson stole home with what would have proved the winning run had the visitors been content with a one-run lead. With the bases full a minute later, Land drove a single to left, sending Jackson and Lajoie over the plate, Graney taking third and later stealing home. Score: R.H.E. Cleveland—10 000000000004—9 12 3 Boston 00000500000000—5 13 0 Batteries—Gregg and Land; Wood Hall, Leonard and Cady, Carrigan.

FROM GREAT LAKES TO THE ROCKIES

Women Sing the Praises of Dodd's Kidney Pills.

Saskatchewan Lady Adds Her Testimony To What Has Already Been Said of the Great Work Dodd's Kidney Pills are Doing.

CAESARVILLE, Sask., June 9.—(Special).—The scarcity of female help in a new country subjects the women of the prairies to unusual strain, and careful observation has established the fact that this strain first makes itself felt in the kidneys. For this reason Dodd's Kidney Pills are making an enviable reputation from the Great Lakes to the foothills of the Rockies.

Everywhere you will find women singing the praises of the great Canadian kidney remedy that has banished their pains and weariness, and brought them back to health. Among the many is Mrs. Edgar Cowen, an estimable lady of this place. "I have found Dodd's Kidney Pills very beneficial," Mrs. Cowen states. "If anything I can say will help any sufferer I am glad to add my testimony to what has already been said."

The kidneys strain all the refuse material out of the blood. If they are out of order this refuse remains in the blood, and becomes poison. That's why sound kidneys mean pure blood and good health. Dodd's Kidney Pills make sound kidneys.

for 18 hits yesterday, and with O'Toole pitching magnificent ball, won easily, 11 to 3. Viox for Pittsburg, started with the bat, getting two singles, a double and a home run to the flag pole. Stack was hammered for five hits and three runs in the second. Pittsburg got six more runs off Yingling in four innings, and Kent was touched up for two more in the seventh. With an eleven run lead, O'Toole took things easy, and in the last two innings the visitors scored 3 runs.

PEARL LAKE MINE

TORONTO, June 12.—Sensational disclosures, regarding the intrinsic value of the Pearl Lake Mine, almost certain to influence a big advance in market valuation, are promised in a report shortly to be made public by Col. Stevenson, Managing Director, who has just completed an exhaustive sampling and measurement of one deposit. This report will show that the shaft is now down 700 feet and will be continued to the 800 foot level, about 500 feet has been drilled, and the ore gives an average assay of about \$30.00. On the 600 foot level about 130 feet of drifting has been accomplished and exceptionally rich ore has been encountered which gives an average assay of \$35 a ton. At a depth of 800 feet, the assays from the diamond drills ran from \$8 to \$52 a ton, the vein showing up 35 feet wide. As the vein dips north, very little crosscutting will be necessary to reach the vein on this level. Write to Charles A. Stoneham & Co., 23 Melinda Street, Toronto, for full particulars.

MILK AND MUSIC

Piano Keys and Similar Objects Products of the Dairy

It is a little-known fact that the most delightful music at the present day is produced by playing on milk. The supply of ivory nowadays does not, to a great extent, meet the demand. Strange as it may sound, skim-milk forms a substitute. It is used for making the keyboards of pianos, and in appearance this hardened substance is hardly distinguishable from ivory. What is more, it is much less expensive, and its durability nearly double.

Syrholt, as the skim-milk ivory is named, is a practically new invention, but at the present time thousands of gallons of separated milk are daily transformed into one of the most useful materials of modern invention. The milk is not mixed with any other substance, but, after being purified, it is compressed, so that all the moisture is extracted, and the substance becomes hard and dry.

Practically in every part of the globe this product is now used. It is turned into umbrella handles, buttons, photograph frames, etc. The comb-making industry especially appreciates its worth, as it can be made to look like horn. Its non-inflammability is another of its assets.

Exquisite Draperies. The model of the illustration is by Doucet, who with Mme. Paquin was the first to introduce draperies of white brocade with velvet chrysanthemum in those queer colorings of burnt orange and tawney bronze that you sometimes see in the natural flower. The material is so exquisitely beautiful that there are no other garnitures than a lace tucker and sleeves over which there is a drapery of the brocade. "This tucker," which looks like a waist or chemise drawn up about the low neck with a string has leaped into popularity since it was first used by Doucet.

Notice the pleats at the high waistline. This is a feature of many of the new gowns. This dress was worn at an opening at the Vaudeville theater, Paris, by one of the most popular of French actresses.

Human Nature. "If all that hate would love us and all our loves were true, The stars that swing above us would brighten in the blue; If cruel words were kisses and every scowl a smile, A better world than this would hardly be worth while. If purses would untighten to meet a brother's need, The load we bear would lighten above the grave of greed, If those who whine would whistle and those who languish, laugh, The rose would rout the thistle, the grain outrun the chaff. If hearts were only jolly, if grieving were forgot, And tears and melancholy were things that now are not— Then Love would kneel to duty and all the world would seem. A bridal bower of beauty, a dream within a dream.
