

WONDERFUL DEMONSTRATION ACCORDED TO PREMIER SIR JAMES WHITNEY AT TORONTO

(Continued from Page 1)

Sir James then read the letter following... "The N. W. Rowell people are talking about abolishing the bar. I think if you, Sir James Whitney people, would bring out a law to abolish the bottle in the pocket and under the pillow, up the lanes, where men are allowed to buy bottles of liquor, carry it around in their pockets to be drunk always. They buy dollar bottles of whiskey and are drunk going to sleep and the first thing when they open their eyes. I think there should be a law to prohibit men from buying liquor that way..."

this homely testimony to the fallacy of Mr. Rowell's "abolish the bar" protestations by reading from a speech made by Sir George Ross in 1903 in moving an amendment on the Marter Bill, in which the then Prime Minister declared that, while the bar was bad enough, it was not as bad as "the canteen in the private home."

Open Falsehood. "A few days ago I found this circular in the entrance of my home. It is signed Ben. H. Spence, secretary, and Canon—yes, Canon—R. W. E. Greene, president of the Dominion Alliance—two clergymen. And I say here, having regard to my reputation, and inviting denial or contradiction, that there isn't a single statement in that paper with reference to the action of the Whitney Government on this great question that doesn't contain a suggestion of falsehood. There is open falsehood and suppression of

the truth, and there is a suggestion of falsehood. A proper description to apply to every statement there in relation to the action of the Whitney Government is that there is a suggestion of falsehood—even though it is signed by two distinguished and eminent men whose occupation is the cure of the soul.

UNION FIGHT ENDS FATALLY

Dynamite Blasts and Revolver Shots Kept Up All Night.

(By Special Wire to the Courier) BUTTE, Mont., June 24.—One man was shot and killed, one was fatally wounded, another seriously hurt and property valued at \$700,000 was destroyed by dynamite, during the rioting which occurred last night at the Butte miners union hall by the factions of the union.

Dozens of shots were fired and more than twenty blasts of dynamite were set off during the night. The city early to-day was quiet, but Governor Stewart at Helena, was preparing to issue a call for state troops to prevent further disorders here between the warring miners.

Many armed deputies were at the hall last night to preserve order at a meeting called to discuss plans for bringing about a settlement of the differences between the factions in the union. Large numbers of the seceders from the Western Federation of Miners, who have planned to form a new union under the auspices of the Industrial Workers of the World were near the hall.

The insurgents stormed the hall and Sheriff Driscoll's deputies fired several shots into the air to drive back the crowd, but the shots had no effect. The crowd pushed on and when the deputies fired a volley to kill, Ernest Noye, travelling inspector for the Montana Demurrage Bureau fell dead. Two others were wounded. The shooting caused the insurgents to retreat, but soon they returned with dynamite which they exploded under the union hall.

GIRL'S PICTURE AGITATES DELHI

It Drops From Mayor Walker's Pocket as he Talks.

NEW YORK, June 24.—The Telegraph's dispatch from Delhi, Texas, this week follows: Mayor Cyrus Perkins Walker of this made an address before the Women's Betterment league last night and it brought him a world of trouble. The mayor was speaking on "Preservin the Home." The hall was rather warm and at one point he pulled out his handkerchief to mop his brow. A photograph came with it, and Mrs. Jeremiah Schultz, wife of the mayor's most active political enemy, picked it up. She glanced at it and handed it to Mrs. Elias Simpkin, who was presiding. The latter took a look at the picture and said: "I think we have heard enough of the mayor's ideas on preserving the home."

"Why?" asked Mrs. Walker, wife of the executive. "Look at that," said Mrs. Simpkin. She handed the picture to Mrs. Walker and the mayor's wife took one look and swooned. Across it was written: "Your own Mac singing 'Hitchie Koo.'" The photograph bore the imprint of a New York gallery. Mayor Walker grabbed the picture.

"Anemny put that in my pocket," he said angrily. "It is a plant. I shall find the guilty one." He left the hall accompanied by Constable Brown. The first man they met was Old Lige Woolley, an anti-Walker Democrat. The mayor ordered Constable Brown to arrest Woolley. A fight ensued in which Brown was knocked down four times. He succeeded in subduing Woolley however, by biting him on the feet. The mayor says he intends to prosecute Woolley to the limit.

"I am certain he is the guilty party," he said later. "If not, why are he loitering near the hall?" Woolley says he never saw the photograph before in all his life. The anti-Walker Democrats are slyly pointing at the mayor and saying, "More results of his New York visit!" Mrs. Walker declares she must have a full explanation or she will go to her father's ranch and remain there all summer. The incident has set the whole town talking.

President Michael McDonald of the New Butte Miners Union said: "I don't care to make an official statement which would in any way place the blame for last night's occurrence. It was not done with our knowledge or consent, and it was not in our power to prevent it. The first shot was fired by the Western Federationists. I do not know whether they intended to kill that poor fellow. I hope they did not, but they were responsible for what happened."

Operations were suspended at the Stuart and Original mines in consequence of the dynamite raid last night, but the properties resumed operations with the morning shifts. Both mines are near the miners hall. All the mines continued at work and the managers state there is no likelihood of a shut down.

It is a hard condition the whiskey wing of the Grit party has imposed on the sanctimonious wing—namely, that the reverend allies must pull in enough supporters to increase the strength of the Opposition materially or the axe will fall on Mr. Rowell as party leader.

A comedy was enacted at the court this morning when John Johnson charged her brother with assault. Both are colored people. Looking none the worse, alleged battering and present robust appearance, she exclaimed she and other women, such as the woman will, had decreed that a poor mortal. There were people in the world, she said without cousins. As this referred to Herbert, he taxed it one night and becoming struck her, and of this she explained.

"Herbie," as she affectionately called him, gave another version of the affair, and denied her tale in plainness, but admitted the spouse was his cousin. He said the controversy started with a white man and his wife. Here she defended herself, saying that he was 'no common' and that she had worked for him in a livery before and after his wife. She was not tashamed to own her stance with the white man.

"This is only a little family matter," she said. "I can't you two settle it," she said. "I am a magistrate. She replied she wanted to do what was right. "Right you know," she added, "I can eat three square meals a day, can't you," she was asked, and admitted that this was so. Admitting himself to Herbert, she said, "Now, remember, that you are his head in the air as you please but your jurisdiction ends where your sister's back begins. With that he allowed defendant to go. Tony Janetos and Harry Jackson were fined \$3.50 each for obstructing the streets on circus day. They were selling some novelties and refused to move when asked to do so.

John Harrington did not comply with his contract, according to evidence given this morning when he asked for judgment for payment of three dollars, for fixing a lawn. Mr. Jackson said the place was not to walk upon and that Harrington had not finished the job. The case was laid over until to-morrow.

The unloading of clerical employees for the Grit machine is about done. So also is the Grit machine. Hon. Mr. Lucas spent little time on general issues, the temperance bill being the greater part of his address. A motion taken by Mayor Snettinger, in support of the local option law, was defeated by a vote of 10 to 10. The meeting was held in the town hall, and long before 10 o'clock it was crowded to capacity. Scores heard the Minister's words standing around the doorway and open windows.

Whitney's Brings Alliance Liberal Leaflet Whitneys Falsehoods is After L

TORONTO, June 25.—Rev. R. W. E. Greene, president of Ontario branch of the Dominion Alliance, and Rev. Ben H. Spence, secretary of that organization, handed any knowledge of the leaflet which was distributed by Mr. Whitney on Tuesday night of falsehoods, and which was over their names. After a conference yesterday they gave the following statement: "Neither of us saw the leaflet question until it was printed. It was partly distributed by a matter came to our attention. The source was learned from the tribune was stopped, named. Upon enquiry, we were told to be as follows: An extract of the temperance amendment aiding the candidate for M
