In Picardy all the important advances are being made in files opening out fanwise with continual streams of reinforcements. Wheat the first rank has reached and entered an opposing position it is not there alone to repel counter-attacks and reverse the face of the earthworks while waiting for supports. A few minutes behind is the savold file, which passes over the congrered works and either abig "bis the counter-attacks or proceeds to the next opposing position. This method of attack is said by officers from the front to have gained the maximum of ground with the m's num of loss.

The struggle in Picardy is an illustration of the part chance can play in the war. The casual follower of events over on the continent will find it hard to accept the fact that nothing but chance dictated the actual digging in of the opposing armies for nearly two years, not only in Picardy, but along most of the front in France, and that military design had very little voice in the matter. The trenches were originally constructed on the spot where the battle line found itself after the retreat of the Germans from the Marne, on

. Their Forces W Once Guillemont mies Will Move T By Courier. Leased Wire

New York, Aug. 26.—The Paris correspondent of The Tribune, cab ling last night, says: The British drove forward eas ward and northward to-day, in the first movement closing on Ginch; and Guillemont, and in the second on Flers. The advance joins up thei line with the French, who seized the important strategic base of Maurepa

yesterday. Combles the Objective. In the brilliant dash which forced the French line well beyond the out skirts of Maurepas, General Fayoll did his part toward the capture of Combles. When Haig succeeds in similar movement at Guillemon they will drive forward together to the apex of the triangle formed by Maurepas, Guillemont and Combles The British gains to-day prepared the way for this movement. They advanced their line in the eastern and northern edges of the Delville

wood, northwest of Guillemont, and then repelled a heavy counter-attack Further north they moved forward several yards on each side of the road running out of Longueval to Advance Now Down Hill. Haig's troops now have the advange of advancing down hill towar Flers. This village presents stro defences, though they are hardly the character of Guillemont. It likely that progress will be faster this direction and that the Frenc

victory at Maurenas soon will equalled by Haig. Maurepas Was Very Strong At the opening of the Somme fensive, Maurepas was a magic nan representing the chief fortifical of the German line between the French troops and the promise land. Since then it has lost some its glamour, its ultimate fall befo the French artillery preparation has ing become certain during the la fortnight, when it was the object relentless assaults by Foch's troop
