SUMMERVILLE

Caulking has been going on, on the Schr. Calabria, overseen by Mr. Nathan Zwickler. Mr. Geo. Crowell is watchman on the vessel since Capt. H. Dexter left for New York.

The Sunday schools of our place have each had a sleighing party, through the kindness of Mr. Chas. Marsters, which all fully enjoyed, and for which all were very grateful to Mr. Marsters.

Mrs. Geo. Zwickler, who had the misfortune to break a limb in Windsor, in Dec. was brought home last week. She stood the journey much better than was expected, and is improving slowly.

We regret to say that Rev. Geo. Weather's strength is failing fast.

Mrs. Alfred Sanford and son Leroy and Mrs. Barton Caldwell visited friends in Avondale last week.

Mrs. Albert Hamilton has returned from Windsor where she has been spending the winter, and is now taking care of Mrs. Geo. Zwickler.

Miss Alice Haggie, who has been teaching at Mt. Uniacke, spent Sunday at home.

Embert Zwickler arrived home from Bear River last week.

Rev. Mr. Armstrong, of Brooklyn, will preach in the Methodist church next Sabbath afternoon, weather permitting.

SCOTCHVILLE

Mr. Adams has come on from the U. S. to see the property lately purchased from Mr. Joseph Walley. Mr. Walley has moved down with his son Otto at Union Corner.

Mrs. Spear has taken up her residence with Mrs. Henry Walley.

Rev. Mr. Randall is gaining daily in the estimation of the people among whom he labors.

Measles have made their appearance, and few houses are now exempt from them. Strange to relate one or two of the family are affected at a time. The children have not all recovered from the whooping cough and the measles following so soon, is playing havoc with the school attendance.

Such a steady cold winter is a recurrence of the "long ago", during the days of our Grand parents.

Harry Brightman is very ill. He has been logging and it is supposed he lifted too heavily. His sickness following an attack of the measles will go hard with him.

Mr. William G. Campbell held an Auction on Saturday preparatory to leaving the farm, on which he has been for the last seven or eight years. He had a fine sale.

Mrs. S. C. Puttner is in West Gore. Her sister Mrs. A. Blois is very ill with Pneumonia.

Teams for the woods and for hauling deal are in great demand.

March came in, as the old adage has it, like a lamb, and it opens the door of spring even if it goes out as a lion.

Minard's Liniment Cures Garget in Cows.

Refrigerator

Hantsport Advance

Mr. Er. L. Gertridge has his new combined ice house and refrigerator finished. The whole building is 15 x 30 with 20 feet posts, the refrigerator taking about one half the space. The ice required to fill over the cold room is about 20 tons, while the ice house proper holds 55 tons. The refrigerator requires filling only twice a year, and the temperature in this plan of cold room never varies more than two or three degrees; standing the year through at from 36 to 38 above zero. The walls of the ice house are triple and in all 18 inches thick, the walls of the cold room are 12 inches thick. This structure is built close to the butchering shed, and the quarters of meats are hooked on to an overhead rail track and rolled into the cold room, where a switch system carries them to any part of the room desired. There is one window in the cold room of four double glass, some three inches apart, and while admitting light, no heat, cold or air can penetrate it.

The whole thing is the most complete refrigerator we have seen. It was built by Mr. James M. Toye of Wolfville, who also built a similar structure there for Mr. Doucanson.

Almost Consumption

Mr. J. J. Dodds, of Pleasant Ave., Dear Park Out., writes:—"I have suffered in my head and throat and all over my body since last summer from a very heavy cold, which I could not get rid of. I have tried several of what are considered good remedies, but none seemed to be of any avail. I began to think that my cold was developing into consumption as very many have to my knowledge. I am thankful now to say that Dr. Chase's Syrup of Linseed and Turpentine has worked a complete cure, as I am now entirely free of the cold."

Answers to Questions of Members at Ottawa

For the year ending June 30th 1900, \$3,281,639.48 had been collected by the inland revenue department on tobacco, and that \$971,977.60 of this was due to the additional duty of 1897. The customs on tobacco collected for the same period were \$140,946.47, of which \$20,017.58 was due to the additional duty.

The number of immigrants during the year ending 31st December, 1900, was 44,697, divided as follows: United States, 15,500; England and Wales, 8,184; Scotland, 1,407; Ireland, 765; Galician, 6,593; Germans, 705; Scandinavians, 2,380; France and Belgium, 483; miscellaneous, 8,674.

Abductor Caught

James Callahan, one of the abductors of Edward Culahy Jr., has been arrested in Omana, and is fully identified by the boy, beyond doubt. The police are on the track of others and will probably get them all, that were connected with the plot. But the \$25,000 gold paid as a ransom for the boy's return, by his father, will not likely be recovered, or any portion of it.

ST. JOHN LETTER

Archibald Park a seaman, was knocked from the schooner Maud, en route to St. Martins, in the storm of last Friday and was drowned. He leaves a wife and one child.

A stranger fell on the icy sidewalk in front of the Post office last Wednesday and broke a leg. The city will have to pay heavy damages as the walks are in a scandalous condition.

Alfred Day, working on steam-r Manchester City, had a leg broken last Wednesday by a sling of deal.

Solomon Reid, of the North End, was instantly killed last Wednesday by a bale of pulp falling from a sling by which it was being hoisted from a scow into steamer Manchester City. He was a youngman and unmarried.

John Holmihan, a city laborer, went over Lovett's wharf last Wednesday with a load of snow and was drowned. He was 70 years of age and leaves a family.

A. W. Read of the money order department in the post office, died last Wednesday aged 47 years.

The famous Hotel Lorne at Indian-town, has been sold to Henry Coy of Hampton.

About 30 men employed in a lumber camp at Fairfield, this county, were accidentally poisoned last week. All recovered.

Twenty-seven births, two marriages and twelve deaths were reported in the city last week.

Edward Edwards.

St. John March 4.

The roof of the Exhibition Grand Stand at Halifax was carried away during the heavy gale of last Sunday. Sky lights, chimneys and fences were also damaged. In some instances pieces of timber were carried six hundred yards.

But, protested the wise one, have you enough to marry on?

For a moment the lover was thoughtful.

How much is the license? he asked.

Two dollars.

And the wedding fee?

Oh, you must give anything you want, from \$2 up.

Then said the lover jubilantly, there is nothing to make me hesitate. I have a \$5 bill and 28 cents in change.—Chicago Evening Post.

Minard's Liniment Cures Diphtheria.

St. John, N. B. has organized a club called the Pastime Athletic Club.

Nerviline Cures

Rheumatism The remarkable strength and marvelous soothing property of Nerviline—nerve pain cure—renders it almost infallible in Rheumatism. Five times stronger than any other its penetrating power enables it to reach the source of pain and drive out the disease. Nerviline is more penetrating, stronger, and more highly penetrating in its action than any medicine heretofore devised for the relief of man's infirmities. Druggists sell it everywhere.

The indications are that the present sitting of the Canadian parliament will be short and that when the Easter adjournment comes it will find the business of the House concluded.

King Edward VII will probably visit Ireland next spring. If he does he will meet with a reception equal to that extended to his mother on her last visit.

This picture is the trade mark of SCOTT'S EMULSION, and is on every bottle of SCOTT'S EMULSION in the World, which now amounts to many millions yearly. This great business has grown to such vast proportions,

First—Because the proprietors have always been most careful in selecting the various ingredients used in its composition, namely; the finest Cod Liver Oil, and the purest Hypophosphites.

Second—Because they have so skillfully combined the various ingredients that the best possible results are obtained by its use.

Third—Because it has made so many sickly, delicate children strong and healthy, given health and rosy cheeks to so many pale, anaemic girls, and healed the lungs and restored to full health, so many thousands in the first stages of Consumption.

If you have not tried it, send for free sample, its agreeable taste will surprise you. SCOTT & BOWNE, Chemists, Toronto, and all druggists.

From Journal of Education, Nova Scotia.

SHORTHAND

"The Education Department does not at present propose to issue certificates for proficiency in this subject. The Certificate issued by the Business Educators' Association of Canada"

on the Sir Isaac Pitman System will be accepted."

The only College in the Province having authority to issue this certificate is the

Mother and Doctor Too

Until the doctor comes, and for minor ills and accidents, the mother must doctor her family. Tens of thousands of mothers have relied upon JOHNSON'S ANODYNE LINIMENT, and have found it always reliable. It is used both externally and internally and it is the remedy for inflammation from any cause. Used continually for 30 years as a household remedy, its sustained popularity and increasing use every year are the best possible testimonials to its curative powers.

Johnson's ANODYNE LINIMENT

is of greatest value in treating colic, cramps, diarrhoea, cholera morbus, bites, bruises, burns, stings, chafing, colds, coughs, croup, catarrh, bronchitis, la grippe, lameness, muscle soreness and pain and inflammation in any part of the body. Sold in two sized bottles, 50c. and 10c. The larger size is more economical. If your dealer hasn't it send to us. Ask first.

I. S. JOHNSON & CO., 22 Custom House St., Boston, Mass.
