

PASSING YEARS

Look in your mirror today. Take a fast look at your gray hair. It surely may be the last if you want it so; you needn't keep your gray hair a week longer than you wish. There's no guesswork about this; it's sure every time.

To restore color to gray hair use—

Ayer's Hair Vigor

After using it for two or three weeks notice how much younger you appear, ten years younger at least.

Ayer's Hair Vigor also cures dandruff, prevents falling of the hair, makes hair grow, and is a splendid hair dressing.

It cannot help but do these things, for it's a hair-food. When the hair is well fed, it cannot help but grow.

It makes the scalp healthy and this cures the disease that causes dandruff.

\$1.00 a bottle. All druggists. "My hair was coming out badly, but Ayer's Hair Vigor stopped the falling and has made my hair very thick and much darker than before. I think there is nothing like it for the hair." CORA M. LEE, April 25, 1898.

Write the Doctor. If you do not obtain all the benefits you desire from the use of the Vigor, write the doctor about it. Address, Dr. J. C. AYER, Lowell, Mass.

Hantsport

Repairs are being made on the government wharf here under the superintendence of Mr. Chisholm.

Sussex, N. B. will hold a five days exhibition this year, Sept 30th to Oct. 4th. A good program of horse racing is one of the features.

Edwin J. Elliott of Clarence and Harry J. Crowe of Bridgetown, have been nominated candidates by the Conservatives for Annapolis.

Arthur Drysdale, M. P. P. for Hants has been appointed commissioner of public works and mines, to fill the vacancy caused by the retirement of Hon. C. E. Church.

Capt. Oakley of the Senator Ross steam yacht Gundreda, was the guest of his father-in-law, Capt. John McDonald, over Sunday. Senator Ross is on his way to New York.

The Sunday School of the Brooklyn Baptist church, Lockhartville, intend holding a concert in the church Sunday evening, Sept 22nd, beginning at 7 o'clock. A silver collection will be taken.

Funeral services of the late President McKinley took place at Buffalo on Sunday. The body will lie in state at the city hall. The burial will probably be at Canton, Ohio. The Duke of York may possibly attend.

The quarterly meeting of the Baptist Churches of Hants Co. was held on the 9th and 10th of last week at Noel. Delegates present were from the Falmouth, Windsor, Kempt, Summerville, Newport, Rawdon, Walton and Noel churches.

The government steam drill arrived here Saturday, and will be put to work as soon as the necessary arrangements are completed. The stock list is being rapidly taken up, and the Hantsport Mining and Development Company is getting down to business.

Jas. Stoddard of Mt. Denson, employed on the D. A. R. left at our office last Friday a ripe strawberry picked between Mt. Denson and Falmouth. Capt Nason of Lockhartville also gave us several ripe strawberries picked at that place this week. We expect to hear of the latter place producing diamonds (dusky) soon.

Our soldier boys went through on the trains Saturday, after a week or so at Aldershot. There were no cases of small pox in camp. The review was held Friday, and the volunteers went through their manoeuvres in good style. The boys are all good jolly fellows, but did not show any rudeness at their stay here while passing on trains through the town.

The liberal convention for Hants county met at Kennetcook Corner on Tuesday 10th. Nearly every district was represented. The choice of the convention was Arthur Drysdale, M. P. P. now commissioner of public works and mines, and Parker McHeffey of Shubenacadie. Both gentlemen accepted the nomination and made speeches, and aroused considerable enthusiasm.

Following is the report of the coroner after an autopsy on the body of the late president to ascertain the cause of his death. "I hereby certify that he died on the 14th day of September, 1901, about 2:15 A. M., and that to the best of my knowledge and belief the cause of death was as hereunder written—cause, gangrene of both walls of the stomach and pancreas following gunshot wound."

Rev. John Hugh Jenner, pastor of the Merriek Baptist church, of West Springfield, has accepted a call to the North Baptist church of Halifax, and will enter upon his new pastorate on October 1st. Mr. Jenner was born in St. John, and received an elementary education in the schools of that town. He afterwards matriculated at Acadia college, graduating in 1891. He was ordained a clergyman in the Baptist church at North Brookfield, Queens, two years before his graduation. In 1893 Mr. Jenner entered Newton theological seminary, at Newton Centre, Mass., where he received the degree of master of arts in course from his alma mater. He has been popular in West Springfield, securing many friends through his leadership against the granting of liquor licenses. Mr. Jenner will be favorably remembered by Kings country readers.

WONDERS OF THE HEART

All the blood in the human body passes through the heart in about three minutes. The heart beats 70 times a second, 4200 times an hour, 100,800 times a day, throwing out 2 1/2 ounces of blood a second, 656 lbs. an hour, 7 1/2 tons a day. It is only when supplied with pure, rich blood that the heart, an organ 6 inches long by 4 inches wide, can accomplish this enormous amount of work and rebuild its own wasted tissues. Dr. Chase's Nerve Food is the most effective treatment available for heart affections because it is formed new, red, corpuscles in the blood and gives to it that life-sustaining quality which is necessary to the health of every organ.

AFTER MANY YEARS

Of suffering from kidney disease, Miss Minnie Ryan, of St. Louis, Mo., found a complete cure result from the use of Dr. Pierce's Golden Medical Discovery.

It is such cures as this which establish the soundness of Dr. Pierce's theory: "Diseases which originate in the stomach must be cured through the stomach." Every other organ depends on the stomach for its vitality and vigor. For by the stomach and its associated organs of digestion and nutrition the food which is eaten is converted into nutriment, which, in the form of blood, is the sustaining power of the body and each organ of it. When the stomach is diseased the food supply of the body is cut down, the organs are starved, and the weakness of starvation shows itself in lungs, heart, liver, kidneys or some other organ. Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition, and so cures disease of other organs which have originated through deficient nutrition or impure blood.

"I had been suffering with kidney trouble twenty years," writes Miss Minnie Ryan, of 1537 Louisiana Avenue, St. Louis, Mo., "and I decided with a number of the best physicians 'Golden Medical Discovery' and 'Favosol' Pills." I took several vials of Doctor Pierce's Pellets. I took eight bottles (four of each), and am now perfectly cured."

Dr. Pierce's Pellets cure biliousness.

HANTSPORT

Blacksmith E. F. Sweet and his assistant are very busy these days doing iron work for the vessel being constructed at J. B. North and Sons yard.

The recent rains have started the afterfeed wonderfully, and the dykes are beginning to look quite natural, with numberless cattle grazing thereon.

Rev. Mr. Aikens of the Methodist church here and Mr. Cass in charge of Baptist church at Lockhartville and Avoport, are conducting union revival meetings at former place with good success.

George A. Fancy, the popular clerk who has been in charge of the dry goods store on Main St., is spending his vacation and recruiting his health at his home in Halifax. Mr. Carroll of the latter place, is filling Mr. Fancy's place here for a few weeks.

Last Thursday evening the residence of Mr. and Mrs. John I. Dickie of this place was the scene of a pleasant event, a surprise party to Miss Adah Dickie, previous to her return to Massachusetts Saturday. With games and other amusements the evening passed very pleasantly. A lunch was served, and shortly afterward the guests departed for their homes.

Mr. J. W. Churchill is having some improvements made on his already beautiful grounds. Stone posts have been placed in position, preparatory for new iron gates in front of driveway. The lawn is being nicely graded under the care of Mr. Harvey and new beds are being laid out. We understand a neat stone fence with iron railing will soon replace the barbed wire fence in front, adding much to the appearance of the premises.

IT SAVES OUR WOMEN!

Paine's Celery Compound Banishes all their Physical Troubles and Sufferings

To tens of thousands of women of all ages, life is one long and dreary road of suffering, without an escape or turn. Few outside of their own sex have any idea of the agonies which some women endure. The troubles from which the majority of women suffer arise from functional irregularities, liver and kidney troubles, nervousness, impure blood and sluggish circulation.

For the complete establishment of physical strength, nerve force, and vigorous, happy life, there is no medicine known to the medical profession equal to Paine's Celery Compound. This marvellous medical discovery of Dr. Phelps goes directly to the root and seat of the disease. It does its grand work without lessening the strength of the sufferer. From the first dose, Paine's Celery Compound infuses new life and strength. Mrs. B. Vincent, Adelaide Street, St. John, N. B., says:

I am happy to let you know what Paine's Celery Compound has done for me. I suffered for many years from nervousness, female troubles, and my constitution was all run down. I tried many medicines, but received no benefit from anything until I used Paine's Celery Compound. It is a medicine that has given me grand results. I can recommend it to all who are sick and suffering.

Beware of no man more than of yourself; we carry our worst enemies within us.—Spurgeon.

GROWING GIRLS

OCCASIONALLY REQUIRE A TONIC MEDICINE

It Will Keep the Blood Rich, Red and Pure, Strengthen the Nerves and Prevent Decline.

Mrs. Hiram Rinkler, the wife of a respected farmer in South Pelham township, Welland county, Ontario, says:—It is with great pleasure that I give this tribute to the health restoring virtues of Dr. Williams' Pink Pills. When my daughter Lena, now thirteen years of age, began the use of your medicine, a little over a year ago, she was in a most wretched condition. In fact we were seriously alarmed least she might not recover. The first symptoms were a feeling of languor and weakness, gradually growing worse. She became pale, lost flesh, had little or no appetite and was apparently going into a decline. Finally the trouble became complicated with a persistent sore throat, which gave her great difficulty in swallowing. I gave her several advertised medicines, but they did not benefit her. Then she was placed under the care of a doctor, who said her blood was poor and watery, and her whole system badly run down. The doctor's treatment did not hold her any, and then acting on the advice of a neighbor, I began to give her Dr. Williams' Pink Pills. The confidence with which this medicine was urged upon us was not misplaced, as I soon noticed a distinct improvement in my daughter's condition. The use of the pills for a few weeks longer seemed to completely restore her, and from that time she has been a cheerful, light hearted girl, the very picture of health. I will always recommend Dr. Williams' Pink Pills to other sufferers, feeling sure they will prove quite as efficacious as they did in my daughter's case.

Mothers with growing daughters will make no mistake if they insist upon the occasional use of Dr. Williams' Pink Pills; they will help to develop properly; will make their blood rich and pure, and thus ward off disease and decline. The genuine pills are sold only in boxes bearing the full name, Dr. Williams' Pink Pills for Pale People on the wrapper around each box. None other is genuine, no matter what some self-interested dealer may say. If in doubt send direct to the Dr. Williams' Medicine Co., Brockville, Ont., and the pills will be mailed post paid at 50 cents a box, or six boxes for \$2.50.

POINTS ON ADVERTISING

Advertising quality.—Many advertisements fail because of the character of the announcement. Some business men fail to make these advertisements carry the satisfactory honesty so much desired. They make people afraid to deal with them. They handle their publicity in a bombastic style, which savors very much of cheap trumpery. Dignity in advertising begets confidence. It is better to have a reputation for furnishing the best and having a concise, convincing way of presenting it to the public than having a reputation for saying loud things about trumpery goods which don't hold up the desired standard and cannot help the reputation of the establishment.—Adv. World.

The Hantsport correspondent of the Tribune says that on account of stones protruding above the sidewalks, a lady recently injured her foot so as to be obliged to call a carriage to convey her to her home. We are informed that such is not the case. There is much truth in the statement as regards the sidewalks, but the lady was just recovering from a severe sprain of the ankle, and in walking it gave out, and therefore she was obliged to take a carriage.

Some cattle in the pasture at Lale George, belonging to Burpee Woodworth were reported missing. While searching, Mr. Woodworth found the hide of one of the animals where it had evidently been hidden. He removed it and set a watch in the vicinity, soon being rewarded by the appearance of a well known resident of the locality who was evidently in search of something. Further investigations showed that another of the missing animals had been sold at a distance. Warrants were secured and, under authority of these Constable A. M. Thomas arrested and committed to jail on Saturday last three residents of the vicinity.—Register.
