

FREE TO YOU—MY SISTER

I am a woman. I know woman's sufferings. I have found the cure. I will mail, free of charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—yes, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourself at home without the help of a doctor. Men cannot understand woman's sufferings. What a woman knows from experience, we know better than any doctor. I know that my home treatment is a safe and sure cure for Leucorrhoea or White discharge, Ulceration, Displacement or Prolapse of the Uterus, Painful or Irregular Periods, Uterine or Ovarian Tumors or Growths, also pains in the head, back and bowels, bearing-down feelings, nervousness, creeping feelings up the spine, melancholy, desire to cry, hot flashes, sweats, kidney and bladder troubles, etc. I want to send you a complete 10 days' treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. I will not interfere with your work or occupation. It will cost you only about 12 cents a week, or less than two cents a day. I will mail, free of charge, my home treatment with full instructions to any sufferer from woman's ailments. MRS. M. SUMMERS, Box H 53 WINDSOR, ONT.

LOCAL OPTION IN ONTARIO

Great gain for Temperance People—Pronounce Now Hall Prohibition.

Toronto, Ont., Jan. 4.—The latest returns compiled by the Dominion Alliance show that the result of the vote throughout the province is that 63 places decided in favor of local option and 47 it was defeated on account of the three-fifths clause. In eight places the by-laws relating to local option were sustained, and in two places it was repealed. Local option therefore makes a gain of 61 municipalities. In addition to the figures published, local option carried in Beckwith 598 to 485; Brudenell, 166 to 146; Dysart, 182 to 78; and in Renfrew, with nine of a majority.

Through an error Chapleau and Newboro were placed in the column as lost under the three-fifths clause. Oil Springs additionally was lost, owing to the three-fifths clause. Chapleau gave a majority against the by-law. So did Pembroke.

Toronto, Ont., Jan. 3.—(Special)—Temperance workers throughout Ontario are jubilant tonight. They have won what they consider a decisive victory and now almost, if not quite, half the province is theirs. For the last twelve months they have been fighting the liquor interests remorselessly and today forced the question to a vote in 161 municipalities. According to the results received tonight, 129 licenses are wiped out.

Returns from 136 of these tonight show that the local option by-law carried in 61. In 49 it was held up by the clause in the act requiring a three-fifths majority, while in only sixteen was there a decisive majority against it. Two cities which voted on the question, Brantford and Peterboro, gave a majority in favor of banning the bar, and only the three-fifths clause saved the liquor interests, votes in the balance. Galt voted for in Brantford there were only fifty local option by a majority of 500.

Only two villages went back to license, repeal bylaws being defeated in all others of the ten places where they were introduced.

As there are 506 municipalities in the province and there were 334 last year under local option, the 61 added today brings the total up to 395.

Where By-law Carried

Local option carried in the following municipalities. The figures in brackets denoting the number of licenses affected.

Auction Sale for the Benefit of the Children's Home

I WILL CONDUCT A SALE FOR THE BENEFIT OF THE ABOVE MENTIONED INSTITUTION.

Wednesday, January 12th

At My Auction Mart, 1790 Broad St., Cor. 11th Ave.

This sale is for the purpose of giving everyone an opportunity to contribute.

There is a great majority of the people in this city who no doubt are anxious to do so, and may have something that is of little or no use to them; yet not suited for a donation. This will turn that into something worthy. From my experience in the business here, I believe there should be one thousand articles, which, at the very least will average \$1.00 each. This amount in cash in the hands of the trustees (who are in a position to know what is most needed), would be a handsome donation from the citizens to the Home. For, understand, this is your sale, not mine, and simply conducting it for every man, woman and child in Regina, who cares to give anything, no matter how large or small the article may be, towards a cause that is of interest to all.

The arrangements are as follows:—Goods will be received any time after Christmas Day. Every one wishing to contribute can send or if they let me know by phone or otherwise, I will attend to the bringing of goods here.

Any further information regarding the sale can be had at my office.

GEO. ROSS, Auctioneer.

Office and Mart, 1790 Broad St., Corner 11th Ave. Phone 496.

NOTE—Any suggestions that would be of benefit towards making this sale a success will be appreciated by the Auctioneer.

No Canadian Navy.

Montreal, Jan. 3.—(Special)—I would hesitate before I should think of advising our company to increase its milling plant until we are fully satisfied as to the future fiscal policy of our best customer for exportable products, viz.: Great Britain," said Robert Melgren, president of the Lake of the Woods.

"I am sorry I am obliged to view the situation as outlined for the reason that extending the milling business in Canada is a very important factor for the great dairy industry of the entire Dominion. I desire to impress upon you as fully as I am able the fact that the west will not develop

as it ought to unless large milling industries are carried on in its midst.

"If the fiscal policy of Great Britain be changed, have we any right to expect to enter that market free? Certainly not. Do we allow the products of England to enter our market free? Have we in the past contributed our fair share to the defence of the Empire? Outside the policy of building a Canadian navy, we should at once, by direct contribution, place at the disposal of the British admiralty, a sum of not less than \$25,000,000 for the purpose of increasing the British navy, which is the right arm of the defence of the Empire.

"I expect within five years our exports to Great Britain will exceed three hundred millions annually."

DR. R. M. MITCHELL, M.L.A.

Who is in the city today and who is having an interesting time squaring the government and himself with the people of Wayburn and district.

North Gower, Hespeler (2), Lanark, Lindsay town (9), London township, Malden, Markdale, Newboro, Oakville, Parkhill (3), Peterboro (23), Picton (7), Port Perry, Renfrew (8), Sault Ste. Marie (12), Stephen, St. Mary's (13), Tiverton, Tuckersmith, Turnberry, Vienna, E. Whitby, Wingham (5), Walsingham and Henshall carried repeal of local option.

The following places defeated the repeal law: Grimsby, South McLean, Ridout, Niagara, Onondaga, Port Carling, Portland.

GENERAL NEWS

WEYBURN OUT OF IT.

Weyburn has withdrawn from the hockey league owing to inability to make arrangements with owner of the local rink.

BALGONIE WINS.

Balgonie will represent this district in the Young-Tom competition at the Regina hospital, having defeated Regina on Tuesday by 18 to 16. The Barracks and Pense defeated.

Work has already been started in the Okanagan Valley, on the construction of the first groyseop-railway in America, to be devoted to commercial transportation purposes. The line of the railway will encircle Okanagan lake, touching all points on the shores of that large body of water. Construction has been started at Okanagan Landing and a company will push construction so that the line will be ready for business during the coming summer.

Frank B. Everett, of Cleveland, Minn., a well digger, was attacked by eight timber wolves while driving home from Elysian. The savage animals chased him for five miles. He fought them off desperately, but his horses became tired and could not keep up the pace. Taking off his fur coat, Everett, wrapped a stick of dynamite in it, lit the fuse and threw it to the wolves. They pounced upon it in a body, the dynamite exploded, killing them all. Their scalps are worth \$3.88, more than a new overcoat.

Vancouver, Jan. 2.—The latest and boldest exploit of a gang of thieves recently operating here, occurred on New Year's eve, when a horse and delivery wagon filled with \$200 worth of turkeys, chickens, etc., was stolen from the front of the store of Thos. Buke & Co., within one block of the police station. The entire outfit was worth \$400. Police hunted vainly until last night when the wagon was found in the east end on a side street with all the goods it had contained removed. The horse was found grazing near Hastings. There is no trace of the robbers up to the present.

ANOTHER EXPOSITION

Edmonton, Jan. 4.—Edmonton will hold a big interprovincial exhibition in 1912 in celebration of the completion of the G.T.P. to the coast, the completion of the C.P.R. into the city, the completion of the Alberta and Great Waterways Railway to Fort McMurray, and the completion of the Canadian Northern into Grand Prairie and the Peace River countries. The association will apply for grants from the Provincial and Dominion governments. The idea is to make the exposition cover ten days and to have exhibits from all the lines of railways represented.

PIONEER KILLED

Moosomin, Sask., Jan. 3.—Friday afternoon Thomas Glendinning, aged 87, living about seven miles south of town, fell down stairs and died the next day.

Munn & Co., 361 Broadway, New York

following day. It appears that he was alone in the house with a daughter at the time of the accident and as she was unable to move him, he lay at the foot of the stairs until the return of his son from town with two other neighbors. They moved him to a blanket in the middle of the room where he was left without medical aid till he died. Evidently his back had been broken by the fall. The case has been reported to the attorney general.

DYNAMITE OUTRAGE

Swift Current, Jan. 4.—An explosion in the Pelissier hotel this afternoon made a complete wreck of the interior of the building, and blew out a large part of one side, the furniture, dishes and windows being smashed to pieces. It was thought at first that the gas machine in the basement had blown up, but it was found intact. From the nature of the wreck it is now conceded that dynamite was used, and that it was placed in the lavatory. An investigation is taking place. This is the same house which was on fire last July. Bertha and Webster are the tenants, with John Ross, manager. The loss is estimated at \$2,000.

LAND ENTRIES.

Moose Jaw, Jan. 4.—There were 543 homesteads entered for at Moose Jaw land office during the month of December, 358 pre-emptions, 21 purchased homesteads, and 87 South African scrip, representing in all 1096 quarter sections taken up. Compared with the preceding month, this is a reduction of nearly 1,500 in the number of quarter sections involved, but November was the record month of the year, when a phenomenal rush was experienced and that, combined with the weather conditions prevailing during the month, the ground being covered with snow and unsuitable for land location, is sufficient to account for the falling off. On January 11th eight townships are to be thrown open and next month many more will be available.

GREATEST YET

Montreal, Jan. 4.—It was stated today at the Canadian Pacific headquarters that with the 1,700 miles added to the system during the past year, the company had taken the premier position for mileage among the railroads of the continent. The C.P.R. now has 10,048 miles of road in Canada and nearly 5,000 owned or controlled in the United States, making a total of fifteen thousand miles. This is nearly three thousand miles more than its largest competitor in the United States, the New York Central, which owns and controls 12,524 miles. With its ten thousand miles of steamship lines on the Pacific and Atlantic oceans, the C.P.R. has 25,000 miles of transportation system, enough to circle the globe and by far the biggest of any transportation system in the world.

"FATHER" CHRISTMAS.

Down in Oxford, the town of many religious factions, there promises to be a lively time over the local option question, and it is interesting to note that Mr. W. E. Christmas, of "faith healing" fame, has taken to stumping on this important question. He comes out flat in favor of the continuance of the open bar, believing it to be in the best interest of the temperance cause, and intends to hold meetings at various points in order to expound his views. There will be an interesting campaign in that town as the Social and Moral Reform committee are working in order to secure a vote favorable towards the abolition of the bar, while Mr. Christmas although a supporter of the old fashioned temperance cause, will use his influence against voting the town "dry."

"THREE WEEKS"

Winnipeg, Jan. 4.—The case brought against the Grand Opera House, for production of the alleged immoral play "Three Weeks" was dismissed by Magistrate Daly yesterday afternoon. Several witnesses were examined, but their evidence was so technical that little light was thrown upon the reality of immorality of the play. Magistrate Daly, remarked: "As I said before, this play is decidedly immoral, and while the prosecution established this fact they have not been able to prove the case as set down by the bylaw, which states there must be lewd and lascivious conduct. The charge in this case does not use the word lewd, so it would be useless for me to convict, if I were to do so, any court of appeal would reverse my decision. There was one witness who gave evidence to the effect that there was seemingly lewd conduct at the end of the first act, but this has been contradicted by other witnesses, and I am forced to believe these men on oath. Had this charge been brought under the code it would have been different altogether, but under the bylaw it leaves me no opening but to dismiss the case."

FIRE AT DAVIDSON

Davidson, Jan. 3.—The American house, Davidson's second oldest hotel was destroyed by fire early on Sunday morning. The house, owing to being in the hands of the fire department since October 1. The only occupant at the time of the fire was a young man named August Catson, a clerk in the hardware house of S. H. DeWolfe. He retired after midnight. The nearest building is the billiard rooms of Bennett and Heffer. The upper

rooms of this building are occupied as sleeping quarters by several parties. A dog left in the billiard room created an unusual disturbance so that Mr. Bennett awoke and came down to put the dog out. He quickly smelt smoke, learned the hotel was on fire, and after arousing the other occupants of his own building he ran to the hotel, where with great difficulty he awoke Catson, who was forced to leap through a window in his night robe. After considerable time the fire engine reached the building, but was soon broken, proving useless. A bucket brigade was very quickly formed, which prevented the fire spreading. The building was insured for \$5,000. The billiard room sustained about five hundred dollars damage covered by insurance.

CONSERVATIVE CONVENTION.

Ottawa, Jan. 4.—The majority of the committee on preliminary arrangements for the Conservative National convention, which is to take place next September, have been appointed, though some nominations remain to be made. The committee will be convened at Ottawa on Jan. 24th at 10 a.m. The members of the committee so far are: Alberta, R. B. Bennett, J. D. Hyndman, Senator J. A. Loughheed, C. A. McGrath; British Columbia, R. T. Green, J. T. Robinson, Martin Burrell, M.P.; J. D. Taylor, M.P.; Manitoba, A. P. Carroll, George Lawrence, M.L.A.; Hon. Hugh John Macdonald, Hon. Robert Rogers, Dr. Schaffner, M.P.; W. D. Staples, M.P.; New Brunswick, J. W. Ganong, W. H. Thorne, Senator Wood, O. S. Crockett, M.P.; Ontario, Hon. Frank Cochrane, H. Corby, Hon. W. J. Hanna, Dr. Kelson, A. E. Kempt, Hon. G. O. Reame, P. D. Rose, T. W. Crothers, M.P., Col. Hughes, M.P., A. C. Macdonnell, M.P., Dr. J. D. Reid, M.P.; Nova Scotia, J. S. McLennan, W. B. Ritchie, C. E. Tanner, C. Jameson, M.P., J. Stanfield, M.P.; Prince Edward Island, J. A. Mathieson, A. L. Fraser, M.P.; Quebec, Chas. Beaubien, J. U. Emard, Farquhar Robinson, P. E. Blondin, M.P., Geo. H. Perley, M.P., F. Monk, M.P., W. B. Mantell, M.P., and three more from the province; Saskatchewan, W. S. Lake, M.P., and three others from the province.

Investigation Closed.

The seventeenth and concluding day of the investigation held by Judge Hannon concerning the question of certain transfers of city property in which an important spur track reservation clause was omitted, was occupied entirely by the speeches of counsel. In the morning, C. E. D. Wood, representing Alderman Peveert, summarized that evidence taken as it affected his client. He contended that while an error had certainly been made in issuing a transfer without a reservation clause, nothing existed to show that the error was intended. He thought that on the evidence it had been shown that neither of the intentionally guilty of wrong-doing and two aldermen or the ex-city clerk were that no finding should be made against them.

J. A. Allan, for ex-Alderman Wilkinson, followed and more briefly took the same ground as covered by the previous speaker.

Jas. Balfour, representing ex-City Clerk J. Kelso Hunter, pointed out one point was clear, namely, that he had knowingly omitted the reservation clause acting upon the suggestion of Messrs. Peveert and Wilkinson. Upon the evidence he thought that it had been practically uncontradicted. His client had expressed himself as being willing to accept the responsibility for what he had done, but, as had been pointed out, it was for the commission to decide upon what parties the responsibility rested.

City Solicitor Hamilton in winding up the day's proceedings said that his duty had been completed with the laying of all the evidence before the commission. He had to bring forth the facts relating to the case, and to the best of his ability he had done so. It is not expected that Judge Hannon will deliver his findings on several weeks.
