## REV. DR. JOHN SCRIMGER

NEW PRINCIPAL OF PRESBYTERIAN COLLEGE, MONTREAL.

Faithful Incident in Connection With His Appointment by the General Assembly—Rev. Prof. John Campbell Resigns—Sketch of the Career of the Late Acting Principal and of the New Incumbent.

Rev. Dr. John Scrimger, the new Principal of the Presbyterian College, Montreal, whose appointment on Saturday, 4th June, 1904, caused rather a painful incident in the General Assembly, when Professor Campbell, the acting Principal, rose and resigned his chair, because of the promotion over him of one who had formally been his pupil, is very well known in Ontario. He was one of Dr. Tassie's boys at Galt, his native place, and after he had been caused into passable condition by the famous disciplinarian and really great head master, he came to Toronto University, from which he graduated as a double medalist.

### REV. PRINCIPAL SCRIMGER.

That was in 1869. He was ordained in 1873, after taking a course at Knox. In 1874 he entered on the pastorate of a Montreal charge, and became a lecturer at the Presbyterian College. Since 1882, when he accepted a chair in the college, he has devoted his whole time to teaching. He holds the chair of Hebrew and Greek exegesis. Principal Scrimger is a man of fine presence.

Professor John Campbell is the son of the late James Campbell, an eminent Toronto publisher of the early days. He was born in Edinburgh, Scotland, in 1840. After a short business career he entered Toronto University, graduating in 1865, with the Prince of Wales prize and two gold medals. He studied theology at Knox and went to the front in 1866 with the student company that fought at Ridgeway. While a student he joined the late Robert Baldwin in starting the Y.M.C.A. in Toronto. After a short pastorate from 1868 to 1873 in Charles Street Church, now the Westminster, of Toronto, he was appointed to the chair he now holds, and held until Saturday, that of Church history and apologetics. Professor Campbell is one of America's great authorities on ethnology and philology. His work on the Hittites is a classic.

Morgan has this reference to the trial for heresy in which Prof. Campbell figured: "It was in reference to certain statements made in his address on 'The Perfect Book and the Perfect Father' that Professor Campbell was tried for heresy before the

### PROF. JOHN CAMPBELL.

Presbytery of Montreal in 1893, and condemned by a majority vote. His appeal to the Synod of Montreal and Ottawa, composed largely of his own graduates, was almost unanimously sustained, only three members siding with the Montreal majority. To save the Presbytery from humiliation a finding was adopted which granted the appellant a larger theological liberty than he had claimed.

### Women and Books.

Professor York-Powell is a devoted lover of books. We remember hearing him read a paper to a society in Oxford which illustrated both his devotion and his pretty touchings upon the dangers to their treasures against which book lovers should be on their guard, he denounced the irreverent treatment of books by womankind. A woman, he said, if she were interrupted in her reading and wanted not to lose the place she had reached, would put the book down, open and face downward on the table or on the lawn or anywhere. Woman, in fact, was one of the great standing menaces to books. The other, by the way, was insects.—London News.

### Race Question Settling Itself.

In the Transvaal and the Orange River Colony, if the present rate of inter-marriage between Briton and Boer is kept up, within twenty years the two races will be so welded together as to be indistinguishable. The only bitterness now existing is between two sections of the Dutch, the bitter-enders and the Scouts.—African Review.

### He Wished He Could Do It.

A merchant who had a store in a small country town fell in with a comic actor on a train and said to him: "I do not see how it is that you are able to think of such funny things to say on the stage, and all of a sudden too. I just wish I could do it. It would be invaluable to me in my business."—Success.

### BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you get. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price 75c. per bottle.

### Red Snow.

Captain Ross discovered on the shore of Baffin's bay a range of cliffs extending for eight miles, which were covered with red snow of a brilliant hue, and sometimes as much as twelve feet in depth. Careful examination with the microscope revealed that it was due to the presence among the snow of a very minute plant called Palmella nivalis.

### "NOT IF IT COST TEN DOLLARS"

A bottle would I be without Polson's Nerviline, writes J. A. Ruth, a farmer living near Trenton, Ont. Nerviline is the best household liniment I know. We use it for stomach troubles, indigestion, headache and summer complaint. I know of nothing better to take in hot water to break up a cold, or to rub on for rheumatism or neuralgia. Every farmer should keep a few bottles of Nerviline handy and have smaller doctor bills. Large bottles 25c. at druggists.

### A Diplomat.

"At what age do you consider women the most charming?" asked the inquisitive female of more or less uncertain age.

"At the age of the woman who asks the question," answered the man, who was a diplomat.

### IT IS HIGHLY INJURIOUS

To use a cheap drastic physic. Safe remedy for constipation and torpid liver is Dr. Hamilton's Pills of Mandrake and Butterbur, which loosen the bowels without griping pains. Use only Dr. Hamilton's Pills. Price 25c.

### Japan's Camphor Trees.

The camphor tree of China and Japan is a large evergreen, not unlike a linden, with a white flower and red berry. The gum is taken from chips out of the root or bark, which yield 5 per cent or more of it. The Japanese government owns large forests of camphor trees, able to keep up the average supply of the gum for twenty-five years, and the young plantations are growing up. These are under the Japanese forestry department.

At the Yarmouth Y. M. C. A. Boys' Camp held at Tusket Falls in August, I found MINARD'S LINIMENT most beneficial for sun burn, an immediate relief for colic and toothache.
