

CHOLERA INFANTUM

Cholera infantum is one of the fatal ailments of childhood. It is a trouble that comes on suddenly, especially during the summer months and unless prompt action is taken the little one may soon be beyond aid. Baby's Own Tablets are an ideal medicine in warding off this trouble. They regulate the bowels and sweeten the stomach and thus prevent the dreaded summer complaints. They are an absolute safe medicine, being guaranteed to contain neither opiates nor narcotics or other harmful drugs. They cannot possibly do harm—they always do good. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Sunshine is delicious, rain is refreshing, wind braces us, snow is exhilarating; there is really no such thing as bad weather, only different kinds of good weather—Ruskin.

A BRIDE, HER CAKE, AND ITS SUPERSTITIONS.

The custom of including the thimble, wedding ring, and other similar objects in the wedding cake is comparatively modern.

The ring signifies that the person who receives the piece of cake containing it, will be the first to wed. The thimble dooms the recipient to an old maid's fate, while a coin pretends wealth. The button foretells bachelorhood.

Bride Cuts Cake.

A bride should cut the first slice of the wedding cake as it will bring her luck. However, it is unlucky for her to bake the bridal cake. If any mishap befalls the cake, it portends sorrow in the bride's life.

To Keep Piece of Cake.

If an unmarried woman eats a piece of cake that the bride has left on her plate, she will be married soon. For an unmarried girl to carry a piece of the wedding cake in her pocket until the honeymoon is over means that she will marry before the dress is worn out.

When there is a wedding in the family for the first time a piece of the bride's cake should be left in the house until all the daughters are married, otherwise they will remain single.

CANNING NOTES.

Mrs. Buchanan and little son, of Berwick, are the guests of Mrs. Schafheitlin.

Mrs. Edward Mullins, of Arlington Heights, is the guest of her sister, Mrs. William Irving, and of Mrs. Noble Blenkhorn.

Mrs. W. H. Rogers, of Mill View, is the guest of Mrs. Rupert Meek.

Mrs. Schafheitlin was the hostess at the monthly meeting of the Women's Institute held on Thursday afternoon, a large number being present. The program was an interesting one consisting of the following:

- Reading—Miss Dora Schafheitlin.
- Violin Solo—Miss Kathleen Rand.
- Reading—Miss Ainle.
- Reading—Miss Anna Schafheitlin.

Banff, Alta.—Seaplaning is to be one of the chief sports in the Canadian Pacific Rockies this summer, and guests at the hotel can book their flights to view and snapshot the Rocky Mountains from the air. Heavy bookings from tourists on both sides of the line have already been made and many are including the seaplane flight in their reservations.

The daily operating cost of a motor truck is from \$12 to \$20 a day, including maintenance and all items entering into operating costs.

ABSOLVING THE SPIRITS

A clergyman who was not disinclined toward an occasional glass, hired an Irishman to clean out his cellar. He brought out a number of empty whiskey bottles, and as he lifted each one, looked to see if there was anything in it.

The clergyman, who was walking on the lawn, noticed him, and said: "They are all dead ones, Mike."

"They are," answered Mike; "but there is one good thing about it: they all had the minister with them when they passed away."

"LITTLE PIGEONS CARRY GREAT MESSAGES"

Before the days of the telegraph, Carrier pigeons were often used both in war and peace; hence the proverb.

Little want ads are like the pigeons and often carry money making and money saving items. Read them carefully. There may be something you want that may be obtained most advantageously. If you have something to sell, try the pulling power of a little want ad, yourself.

SETTING THE NUT

Castellated nuts have a way of tightening up between notches. If the nut is screwed up to the notch ahead it is too tight, while the notch back is too loose. This trouble can be cured by a careful filing of the face of the nut so that it can be screwed to the notch ahead.
