Marshall Bros.

Our Collection of Embroideries

permits indulgence in every whim and fancy.

Prices are 4c. to 20c. pr. yd.

THE S. A. CONGRESS.

COMMISSIONER D. M. REES.

COLONEL MAIDMENT, S.A.

The Annual Congress of the Salvation Army, which takes place in the city from the 14th to the 20th inst., will be conducted by Commissioner David M. Rees, Territorial Commander for Canada, Newfoundland and the Bermudas.

The Commissioner is one of the Army's oldest officers, having connected himself with the organization in 1882. His experience has been long and varied, including Field and Divisional Commands, and Field Secretaryship in Great Britain, Territorial Commands in South Africa and Sweden, and for some years principal of the Army's International Training Home, London. He is now for the second time in command of the Canadian Territory.

During his term of office as Commander of the Canadian forces, he has made many improvements in the organization, and have extended the Social operations considerably.

By his untiring devotion to the cause and making himself acquainted with every branch of the Army's work from the Atlantic to the Pacific, he has thus endeared himself to every officer under his command.

The Commissioner is not altogether a stranger to our shores having visited the city and conducted a series of meetings about two years ago. During his present visit to Newfoundland, in addition to the Congress meetings and Officers' Councils—he will devote much of his time in inspecting the Army's work and institutions, also finalizing plans for the further advancement and in-

creasing of the Army's facilities for grappling with the increased necessities of the Colony. The Commissioner has taken a great interest in Newfoundland and it can be said unhesitatingly that not one of his predecessors has rendered more practical help to the work of the Army in the Colony than what he has. We bespeak for him at this Congress a welcome unreserved for genuine enthusiasm and affection from the officers and soldiers as well as the citizens of St. John's.

Don't fail to hear him at the Methodist College Hall on Sunday afternoon and night.

Colonel Maidment, who is accompanying the Commissioner to the city is also a man of considerable experience. He received his first command when little more than a boy, his devotion and capacity quickly marking him out for appointment to staff work. Service in Scotland was followed by transfer to Denmark, in which country he filled the position of A.D.C. to the Territorial Commander. Then came the Chief Secretaryship of Holland and Belgium and a little later that of South Africa. A period as Territorial Commander in South America was followed by another Chief Secretaryship this time in Norway—after which he spent five years in command of the West Indies. About a year ago he was transferred to Canada as chief assistant to Commissioner Rees. This is the Colonel's first visit to Newfoundland and we can speak for him a hearty welcome.

To-Day's News.

Special to Evening Telegram.

LONDON DERRY, Ireland, To-day.
The police were again constantly employed in suppressing street fighting between Nationalists and Orangemen. Numerous charges were made by the police who used their clubs freely. An elderly man named Armstrong was shot dead during a fight which began at a Political celebration on Tuesday. Several persons were removed to hospitals suffering from wounds. The Magistrates held a meeting and decided among other precautionary measures to have all taverns in the disturbed district closed at seven in the evening. Late at night it was decided to requisition troops. Quiet had been restored at midnight.

ALBANY, N. Y., To-day.
Lieut. Governor Glynn will make formal address upon Governor Sulzer today for the possession of the Executive Chamber in the Capitol, and this brings an issue on the question as to who is Governor of the State of New York. Governor Sulzer, it is said, will refuse to relinquish possession of the Chamber on such demand, and is understood to have already prepared a letter flatly declining to accede to it. What further action will then be taken by Glynn was not indicated last night, but general expectation was that rival claimants of the Governor's chair would resort to the courts for a test case under an agreed statement of facts. Word came from Saratoga last night that Secretary May would refuse to recognize Sulzer as Governor, unless Attorney General Carmody should render an opinion contrary. Adj. General Hamilton, formerly recognized Mr. Glynn as Governor.

NANAIMO, To-day.
The militia comprising detachments from three Victoria regiments marched into town yesterday morning through the streets thronged with soldiers and sullen miners. What most impressed the five hundred or more strikers gathered along the streets through which troops marched was the presence of two Maxim guns which were drawn by Royal Canadian artillery company. The members of the gun carriage held several thousands rounds of ammunition which was also another grim indication of the serious nature of the militia's mission. The strikers crowded sidewalks and although some miners hurled taunts at soldiers, there was no attempt to oppose them.

LONDON, To-day.
After listening to vigorous speeches by Irish members in the Commons, concerning the abandonment of Queenstown as a calling port for the Cunard liner mail steamers, in which he was told that without first getting sanction of Parliament which ratified the "guard contract" he had no right to dissent of Company breaking terms. Postmaster Samuel said he had given no formal assent to the Cunard liners' proposals to omit calling at Queenstown. Samuel answered that as presently advised he did not intend to grant the steamship Company's request.

VICTORIA, To-day.
The basis of a settlement of the strike as it affects one colliery in Vancouver and the Nanaimo Coal Co., will be submitted by President Parliament. If the men accept this other collieries will probably come into line. No general settlement seems to be in sight.

AMHERST, To-day.
A fire this morning destroyed the four-story of the Hewson building and stable and twenty-three valuable horses.

NO WORD FROM EMIL.—Since leaving Belfast Harbor a fortnight ago, there has been no word received from the s.s. Balk, which left for the far north with the Mulligan party on board.

JAMES STOTT.

New Zealand's Premier

An appreciation of the Hon. W. F. Massey, Premier of New Zealand, appears in the New Zealand Herald.

"Mr. Massey makes no pretensions to the gift of genius," says the writer. "Though a fluent and convincing speaker he is no orator. He never attempts to soar to the heights of eloquence, or to captivate his audience by brilliant rhetoric. He is a plain, blunt man. He has little of the personal magnetism which enables his fortunate possessor to cast a mysterious spell on all who come within range of his subtle influence."

"The true explanation of Mr. Massey's hold on the public of New Zealand is to be found, I think, in the fact that he has come to be regarded as the incarnation of common sense and honesty of purpose. The people trust him. There is a true ring about his utterances. What he says he means, and what he means he says. His motto is a square deal for everybody, and I believe he will steadfastly adhere to it."

Boy Regains Voice At Cricket Match.

London, Aug. 9.—After being dumb for ten years, a Leeds youth found the power of speech restored to him yesterday during the excitement of a cricket match. No less remarkable was the boy's conduct in concealing the restoration of speech from all around him until he had written a letter to his mother telling the news. The youth while trying to steal a run found himself trying to shout. He even thought he heard his own voice, and much puzzled stole away to the woods after the match was over and there in solitude found that his voice was really restored. For a long time he remained talking to himself, and shouting with delight went back and without letting any one know what happened wrote his mother. He became dumb after an attack of influenza ten years ago. His doctor predicted that he would probably regain his speech even after the lapse of years.

Italian Portia is Disqualified.

Rome, August 11.—The cause of women in Italy has had a setback. Although Italianes as a whole regard the question with benevolence, almost sympathy. Some years ago Signorina Teresa Lubiano was admitted to the bar. In fact, she pleaded before the courts several times successfully. However, lately her right to exercise her profession was called into question, and the supreme court has just given a decision against her on findings that will make American women smile.

It is held that, as according to Italian law, a woman cannot do anything in public life without the consent of her husband, if she were allowed to practice law, her husband might withdraw his consent at any moment, even while she was pleading.

From Liverpool.

The Furness liner Tobasco, Captain Thomas, arrived to-day from Liverpool which port she left seven days ago. She brought 20 packages of mail matter, 500 tons of cargo but no passengers. The ship sails again this evening for Halifax.

Here and There.

R. C. FEAST DAY.—To-day being the Feast of the Assumption, Mass was celebrated in all the R. C. Churches in the city, the same as on Sundays.

BOWINGS' BOATS.
The Portia left Rose Blanche yesterday afternoon, coming east.
The Prospero left Fortune Harbor at 9.30 a.m. to-day.

POLICE COURT.—A man for using threatening language to his brother was remanded. A vagrant, named Tibbs, whose hip is badly injured, will be examined by a doctor and likely sent to the hospital.

VISITING SUBURBS.—At present there is a large influx of tourists here and to-day all the city cabmen are engaged taking the American and Canadian tourists to the most interesting resorts in the suburbs.

DELEGATES RETURN.—Mr. C. O'N. and Mrs. Conroy and Mr. J. Barron, who were delegates attending the Knights of Columbus Convention, held in Boston, on August 5th, 6th and 7th, returned home to-day by the Morwen.

DRY-FISH MARKET.—Yesterday afternoon and this morning several cart loads of dry fish, this year's cure, were brought to town from Torbay and other nearby settlements. The fish was quickly disposed of in the local market and fetched good prices.

SMALLPOX.—Smallpox has been reported to Dr. Brehm from Renouf's Bay, three residents of the place are down with the disease. Dr. Fitzgerald, who is looking after the sufferers, is enforcing the quarantine rules strictly to prevent infection.

McMurdo's Store News.

FRIDAY, August 15th, 1913.
Pyshan Points Tea is justifying its reputation as the tea for Dyspepsia and those threatened with failure of the digestive organs, consisting as it does of nothing but the outside of the leaves and the young shoots of the tea plant without any of the coarser leaves or midrib. It thus contains a minimum of tannin, which is the main thing that makes the use of tea to be such a prolific source of dyspepsia. It is also more economical than ordinary teas. Price 60 cents a pound; smaller packages at 35, 25 and 10 cents.
Rat Corn will enable you to get rid of rats and mice. It dries up the vermin, leaving no odor whatever behind, and it is not poisonous to cats and dogs, etc. It is thus a safe remedy to use, as well as an effective one. Price 15 and 25 cents, and \$1 a tin.

Died at Hospital.

There passed away at the General Hospital this morning, after a brief though severe illness, Mary, eldest daughter of Philip and the late Sarah Crotty. Deceased was 24 years of age and a fine promising young woman. About a month ago she went on a visit to a relative at Bell Island, where she contracted a heavy cold, followed by pleuro-pneumonia. On the advice of her medical attendants she entered the Hospital, but she never rallied and the end came. To the sorrowing father and large circle of relatives and friends deep sympathy is expressed.

PRESCRIPTION "A."

Very Highly Recommended by An Outport Man.

Please send me by mail 1 large bottle of Sherrill's Prescription "A." Enclosed you will find 50 cents, also 10 cents for postage. You sent me a trial size a few days ago and it almost cured my wife. Another 50 cent bottle will make a cure. I have tried doctors and all kinds of medicine, but I don't believe that there is any medicine that can cure a bad stomach like SHERRILL'S PRESCRIPTION "A." I am more than thankful that ever you advertised that medicine. Please forward as soon as possible, as I am waiting anxiously for it.

We do not publish the names of any person or persons that we receive letters from, but they can be seen by you at any time by calling at our Drug Store, Theatre Hill. August 15th.

Cape Report.

CAPE RACE, To-day.
Wind S.W. light, weather fine, the steamers Colon, Barcelona and Finchley passed west. Bridge-Water and Morwenia inward yesterday and Carislaw west at 7 a.m. to-day. Bar. 29.76; Ther. 55.

London, August 12.—An operation to cure tuberculosis of the spine was performed for the first time in England this afternoon at the Orthopedic Hospital by Dr. F. M. Albee, of New York, in the presence of fifty surgeons of many nationalities who are here for the International Medical Congress.

The patient was a four year old boy. Part of his shin-bone was used to repair the spine. The operation lasted twenty-two minutes. It is the 145th performed by Dr. Albee.

THEY HAVE ARRIVED TO-DAY.
