NEWS BY CABLE.

Special to Evening Telegram.

MEXICO CITY, June 4.

More than eighty Constitutionalists were killed, and a large number wounded in a fierce engagement, which took place yesterday, according to an announcement by the Interior Department. The Acting Foreign Minister has made a statement to the British legation that peace negotiations are progressing satisfactorily for Mexico.

PORTSMOUTH, June 4.

Shamrock IV, went out to-day for her first sail-stretching spin in the vicinity of Spithead. She was accompanied by Shamrock III. The wind was light and fluky, quite inadequate to test her capabilities. The challenger under a huge mainsail and sloop foresail, was manoeuvred handily and picked up her way quickly after tacking. The towering mast of the new yacht quite dwarfed that of Shamrock III. Sir Thomas Lipton was on board the challenger, with Mr. Nicholson, the designer, and Mr. Burton, the amateur yachtsman, who is to command Shamrock IV, during the cup race in American waters.

OTTAWA, June 4.

After an all night sitting the Farmer's Bank Resolution, to recoup the depositors to the extent of \$1,200,000 was passed by the Commons this morning by a majority of 38.

QUEBEC, June 4.

Marching to the music of military bands, and passing along the entire route between double rows of sorrowing spectators, hundreds of mourners, representing every class of society from the Vice-regal party to the humblest toilers, this morning followed the remains of twelve of the Empress of Ireland victims to the church and cemetery.

LONDON, June 4.

It is announced that a formal notice has been tendered to the London underwriters of the abandonment of the Empress of Ireland. Some of the underwriters were ready yesterday to reinsure against the risk of total loss at 90 guineas per cent.

LONDON, June 4.

Statements in the Ministerialist newspapers indicate that the end of the militant suffragette movement is now in sight. The Government's patience is exhausted, and it feels that it will have the public sentiment behind it in the drastic measures it has now in contemplation. It is proposed to treat the whole movement as a conspiracy against public order. Wholesale arrests will be made, and forcible feeding will be resorted to in virtually all cases, with no more releases of prisoners under the Cat and Mouse Act.

How to Grow Hair.

The French are now placing on the market a preparation containing the extract from Henna leaves, which is having a phenomenal sale. This preparation is called Salvia and is being sold with a guarantee to cure dandruff and to grow hair in abundance. Being daintily perfumed, Salvia makes a most pleasant dressing. Sold by your druggist. A large, generous bottle for 50 cents.
