

Canada Life Prosperity

The final test of the prosperity of an institution is its earning of surplus. In this the Canada Life has had marked success. For a number of successive years the Canada Life has earned over \$1,000,000 yearly. In 1915 the surplus earned was \$1,480,865, the year being in this respect one of the best in the Company's history.

Policyholders have a direct interest in this item, for large surplus means large policy dividends. The Canada Life paid policyholders over \$2,800,000 in cash dividends in 1915, the rate on individual policies having continuously improved since 1900.

Baby Afflicted With Eczema Dr. Chase's Ointment Cured

The Family Doctor Tried in Vain to Heal the Sores—Another Tribute to This Great Healing Ointment.

It may be interesting to note that Dr. Chase's Ointment was originally compounded to cure a case of eczema on a child. The disease had spread almost over the entire body and defied all the regular treatment for such troubles. That was a good many years ago, and since then many thousands of cases of eczema, both in children and adults, have been cured, until to-day Dr. Chase's Ointment is recognized as the standard cure for itching skin diseases. Mrs. Geo. McNair, River Charles, N. B., writes as follows: "We use Dr. Chase's Ointment in our home, and would not wish for anything better for cuts, burns and bruises. A few years ago a friend of mine, whose
