"information is one which especially mentions a certain Sub-Lieut. Felov as having in the District of Viasinai burned people alive. Moreover in this comparatively small district 140 murders, 235 cases of flogging, 51 of torture, 21 of rape, 187 of blackmail, and 316 arson have been proved during the Bulgarian occupation. In another district it has been proved that women had their flesh torn off with pliers, by order of a certain Major Turzov, and under the supervision of a certain Sergeant Vasil, while in another district 500 men, women and children, by order of a certain Lieut. Stojanov, were massacred with knives and bayonets. The spot where this occurred is marked by skulls and bones."

"gained, which is thought to be due partly to trouble at Petrograd, and to the recent disaster they suffered at Perm. Bolshevik torpedo boats captured by the British, have been handed over to the British, and used by them against enemy's flank on the coast. As regards theatres, other than the Western front, the following details may be given: The British have three divisions in Italy, which are being reduced by demobilization. Probably only a fraction of this force will be retained, after general demobilization, to form part of the Allied army of occupation in Austria in accordance with the wishes of Field Marshal Foch."

The Passing of John C. Bagg, J.P.

"The sudden death of Mr. John C. Bagg, J.P., of the firm of Bagg Brothers, held Thursday evening, at the age of 58 years, came as a shock to this community, for although deceased suffered much of recent years, yet the past had been improved considerably in health and it was hoped that he was on the road to complete recovery. In fact only Thursday he remarked that he had not felt better for years. Mr. Bagg was in the store attending to business when about 4 p.m. Thursday he was stricken with paralysis and had to be conveyed to his home where he expired about 7 p.m. and a half hour later. Mr. Bagg was a man of amiable disposition and sound and impartial judgment; his sterling integrity in matters of business were known far and wide; and when permitted by health he manifested a keen interest in all matters tending to the improvement of the community and the betterment of its people. For years he was warden for St. Mary's Church, and also a member of the Board of Education. He also held a commission as Justice of the Peace for the Colony. As a hunter until recent years he had few equals, and no peers in this country, while with the rod he seemed to be quite at home. A few years ago his eldest son, William was drowned in Sandy River, while returning from a hunting trip, and from the shock of that tragedy it might be said Mr. Bagg never fully recovered. Injunctive took place Saturday afternoon, and the remains were followed to their last resting place by a large concourse of people, all the business places closing out of respect to the deceased member of the trade.—Western Star."

Successful Sale.

"Editor Evening Telegram. Dear Sir,—On Thursday night, January 16th inst., a very pleasant entertainment and sale of work held under the auspices of the Church of England Girls' Organ Club, in the Parish Hall, and one of the class school, which by the way is an up to date building, with two large class rooms and Parish Hall under one roof. The place was nicely arranged and decorated for the occasion. A splendid tea was provided, which with the sale of work and other suitable enjoyments, netted them the grand amount of \$163.00. The young ladies of this Club most certainly feel flattered for the patriotism shown them on this occasion, and had weather conditions been good, no doubt greater success would have resulted. However, it was beyond their expectations, and turned out a great success, and much credit is due them for the entertainment and the way the same was conducted. All enjoyed them selves and had a good time, and hope to hear from the Club again in the near future. ONE THERE. Bonnie Bay, Jan. 18th, 1919."

Painful Accident.

"Mr. A. McCoubrey, Superintendent of the Can Department of the Standard Manufacturing Co., met with a very painful accident yesterday. While looking over the machinery in his department, one of the machines struck his thumb and first two fingers of one of his hands, cutting them severely. The doctor states that it will be some time ere he can go to work, but doesn't think that amputation of the fingers will be necessary. It is rather singular that about a year ago Mr. McCoubrey lost the outer joint of his thumb in a machine accident, at the factory, and the same thumb has now been badly lacerated again."

Another Testimonial.

"Dear Sir:—Through the medium of your paper we would like to express our regret at the resignation of our Manager, Mr. White of the Newfoundland Clothing Co. We consider it as something in the nature of a disaster. Through his keen business ability, and foresight, the trade of the Firm has increased every year, and by his just and straight forward methods in his treatment of the Employees he has always got the very best work from us, and we know it will be a great loss when we lose him. Thanking you for the insertion of this in your popular paper. We are, THE EMPLOYEES OF THE NEWFOUNDLAND CLOTHING CO., LTD. (Cost Department). Jan. 24, 1919."
